Plan B Millbrook Press

Based on a true story, a gripping historical novel about a German immigrant who becomes embroiled in a Nazi spy ring operating in New York City in the early days of World War II. At the end of the 1930s, Europe is engulfed in war. Though America is far from the fighting, the streets of New York have become a battlefield. Anti-Semitic and racist groups spread hate, while German nationalists celebrate Hitler's strength and

power. Josef Klein, a German immigrant, remains immune to the troubles roiling his adopted city. The multicultural neighborhood of Harlem is his world, a lively place full of sidewalk tables where families enjoy their dinner and friends indulge in games of chess. Josef's great passion is the radio. His skill and technical abilities attract the attention of influential men who offer him a job as a shortwave operator. But when Josef begins to understand what they're doing, it's too late; he's already a little cog in the big wheel—part of a Nazi espionage network working in Manhattan. Discovered by American authorities, Josef is detained at Ellis Island, and eventually deported to Germany. Back in his homeland, fate leads him to his brother Carl's family, soap merchants in Neuss—where he witnesses the seductive power of the Nazis and the war's terrible consequences—and finally to South America, where Josef hopes to start over again as José. Eventually, Josef realizes that no matter how far he runs or how hard he tries, there is one

indelible truth he cannot escape: How long can you hide from your own past, before it catches up with you? Copyright 2020 by Klett-Cotta-J.G. Cotta'sche Buchhandlung Nachfolger GmbH Stuttgart, Germany; Translated by Marshall Yarbrough

In this study of Amsterdam's Golden Age cultural elite, John Michael Montias analyzes records of auctions from the Orphan Chamber of Amsterdam through the first half of the seventeenth century, revealing a wealth of information on some 2,000 art buyers' regional origins, social and religious affiliations, wealth, and aesthetic preferences. Chapters focus not only on the art dealers who bought at these auctions, but also on buyers who had special connections with individual artists.

Everything's bigger in Texas—including romance, magic, and danger! Katie Chandler has fled fast-paced Manhattan and returned home to a simpler life, working at her family's feed-and-seed store in Cobb, Texas. In a painfully selfless gesture, Katie had left the sexy wizard Owen Palmer to battle his demons in the magical realm—after all, Katie just

seemed to attract evil, which only made Owen's job a lot harder. But now it seems that trouble has followed her home: Despite the fact that Merlin, Katie's old boss at Magic, Spells, and Illusions, Inc., has assured her that Cobb is free of enchantmen, (magically speaking), Katie begins to notice curious phenomena. Cobb is being plagued by a series of inexplicable petty crimes and other devilish mischief, and after her experiences in Manhattan, Katie knows “unauthorized magic” when she sees it. As this new darkness strikes deep in the heart of Texas, Owen appears (literally) to investigate. Now Katie's friends and family must show the bad guys why it's bad luck to hex with Texas, while Katie and Owen combine their strengths like never before to uncover a sinister plot before evil takes root in the Lone Star State.

My name is Lucie Blaise.I am sixteen years old.I have many aliases, but I am none of the girls you see.What I am is the newest recruit of

Covert Ops. And we are here to take down Hitler. After the Nazis killed my brother on the North African front, I volunteered at the Office of Strategic Services in Washington to do my part for the war effort. Only instead of a desk job at the OSS, I was tapped to join the Clandestine Operations--a secret espionage and sabotage organization of girls. Six months ago, I was deployed to German-occupied France to gather intelligence and eliminate Nazi targets. My current mission: Track down and interrogate a Nazi traitor about a weapon that threatens to wipe out all of Western Europe. Then find and dismantle the weapon before Hitler detonates it. But the deeper I investigate, the more danger I'm in. Because the fate of the free world hangs in the balance, and trusting the wrong person could cause millions of lives to be lost. Including my own.

The New York Times bestselling author of the Bernie Gunther novels reimagines the end of World War 2 in this gripping standalone spy thriller. Autumn 1943. Since Stalingrad, Hitler has known that Germany cannot win the war. The upcoming Allied conference in Teheran will set the ground rules for their second front--and for the peace to come. Realizing that the unconditional surrender FDR has demanded will leave Germany in ruins, Hitler has put out peace feelers. (Unbeknownst to him, so has Himmler, who is ready to stage a coup in order to reach an accord.) FDR and Stalin are willing to negotiate. Only Churchill refuses to listen. At the center of this high-stakes game of deals and doubledealing is Willard Mayer, an OSS operative who has been chosen by FDR to serve as his envoy. A cool, self-absorbed,

emotionally distant womanizer with a questionable past, Mayer has embraced the stylish philosophy of the day, in which no values are fixed. He is the perfect foil for the steamy world of deception, betrayals, and assassinations that make up the moral universe of realpolitik. With his sure hand for pacing, his firm grasp of historical detail, and his explosively creative imagination about what might have been, Philip Kerr has fashioned a totally convincing thinking man's thriller in the great tradition of Eric Ambler and Graham Greene.

From the author of *The Bar Code Tattoo* comes an exciting look at the not too distant future. Mira has always almost had it all... until it all crashes and burns. She's hurt in a horrible car accident, and the only way the doctors can help is to try experimental prosthetics and chips that are implanted directly

into her brain. It's a huge risk, but after months of testing and therapy, Mira is back, and better than ever. But soon her friends turn against her as their parents call her on unfair advantages and get her cut from lacrosse and the scholarships she was depending on for college. And with her enhanced hearing, she knows how many people in her school and her town are calling her a robot, a cyborg. Is that true? Is Mira human, or is she somehow something other? How can she overcome the ways people see her and just be herself... especially if she's not really sure who that is anymore? Suzanne Weyn is always at the cutting edge when it comes to new tech and the questions it raises about the world we live in.
