**NEW YORK TIMES BESTSELLER • One million copies sold!** Inspired by the life of a real World War II heroine, this remarkable debut novel reveals the power of unsung women to change history in their quest for love, freedom, and second chances. “Extremely moving and memorable . . . This impressive debut should appeal strongly to historical fiction readers and to book clubs that adored Kristin Hannah’s *The Nightingale* and Anthony Doerr’s *All the Light We Cannot See*.”—Library Journal (starred review) New York socialite Caroline Ferriday has her hands full with her post at the French consulate and a new love on the horizon. But Caroline’s world is forever changed when Hitler’s army invades Poland in September 1939—and then sets its sights on France. An ocean away from Caroline, Kasia Kuzmerick, a Polish teenager, senses her carefree youth disappearing as she is drawn deeper into her role as courier for the underground resistance movement. In a tense atmosphere of watchful eyes and suspecting neighbors, one false move can have dire consequences. For the ambitious young German doctor, Herta Oberheuser, an ad for a government medical position seems her ticket out of a desolate life. Once hired, though, she finds herself trapped in a male-dominated realm of Nazi secrets and power. The lives of these three women are set on a collision course when the unthinkable happens and Kasia is sent to Ravensbrück, the notorious Nazi concentration camp for women. Their stories cross continents—from New York to Paris, Germany, and Poland—as Caroline and Kasia strive to bring justice to those whom history has forgotten. The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By

turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. The New York Times bestseller with more than 1 million copies sold worldwide Inspired by the incredible true story of one Jewish family separated at the start of World War II, determined to survive—and to reunite—*We Were the Lucky Ones* is a tribute to the triumph of hope and love against all odds. “Love in the face of global adversity? It couldn't be more timely.” —Glamour It is the spring of 1939 and three generations of the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling

is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An extraordinary, propulsive novel, *We Were the Lucky Ones* demonstrates how in the face of the twentieth century's darkest moment, the human spirit can endure and even thrive.

A sound understanding of public international law is indispensable for any lawyer, whether working in an international or domestic context. It is therefore important that students have a thorough theoretical understanding of international law issues, and are able to apply the relevant international legal rules to a given set of facts, so as to arrive at a legally coherent conclusion. This practical aspect of learning international law is often neglected in favour of more theoretical aspects - which is where this book comes in. The book offers a series of hypothetical practical cases in public international law, including some of its specialised branches, such as international human rights law and international criminal law. It challenges students to practise and familiarise themselves with the methodology and to write solutions to practical international legal questions. The book is in two parts: part one contains practical (exam-like) questions, while part two contains the solutions. The practical questions in part one are organised by subject, such as treaty law or state responsibility. One chapter is dedicated to more complex 'interconnected' cases, where students are asked to tackle problems which span multiple potential cases and topics. ENDORSEMENT 'An extremely interesting and innovative text that students studying Public International Law should find invaluable.' The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

It's not easy being Claire. (Really.) Claire's life is a joke . . . but she's not laughing. While her friends seem to be leaping forward, she's dancing in the same place. The mean girls at school are living up to their mean name, and there's a boy, Ryder, who's just as bad, if not worse. And at home, nobody's really listening to her -- if anything, they seem to be more in on the joke than she is. Then into all of this (not-very-funny-to-Claire) comedy comes something intense and tragic -- while her dad is talking to her at the kitchen table, he falls over with a medical emergency. Suddenly the joke has become very serious -- and the only way Claire, her family, and her friends are going to get through it is if they can find a way to make it funny again.
