‘ A stunner. I am heartbroken to have finished it ’ Ali Smith In Jackie Kay ’ s first collection of stories, ordinary lives are transformed by secrets. Her world might seem familiar – sex, death and family cast long shadows – but the roles of mothers, daughters and lovers are imagined and revealed in the most surprising of ways. Sometimes it is the things that we choose to hide within ourselves which can transform us – and that has never been more true than in Jackie Kay ’ s warm, exuberant storytelling. She sees the extraordinary in everyday life, and lights it up with humour and generosity in a way that is uniquely her own. ‘ If stories like these can still be written, the short story form must still be alive, not to say kicking ’ Irish Times

Jackie Kay’s first collection as Scottish Makar is a book about the fighting spirit – one, the poet argues, that we need now more than ever. Bantam brings three generations into sharp focus – Kay’s own, her father’s, and his own father’s – to show us how the body holds

---

its own story. Kay shows how old injuries can emerge years later; how we bear and absorb the loss of friends; how we celebrate and welcome new life; and how we how we embody our times, whether we want to or not. Bantam crosses borders, from Rannoch Moor to the Somme, from Brexit to Bronte country. Who are we? Who might we want to be? These are poems that sing of what connects us, and lament what divides us; poems that send daylight into the dark that threatens to overwhelm us - and could not be more

necessary to the times in which we live.

In *Queer Tidalectics*, Emilio Amideo investigates how Anglophone writers James Baldwin, Jackie Kay, Thomas Glave, and Shani Mootoo employ the trope of fluidity to articulate a Black queer diasporic aesthetics. Water recurs as a figurative and material site to express the Black queer experience within the diaspora, a means to explore malleability and overflowing sexual, gender, and racial boundaries. Amideo triangulates language, the aquatic, and affect to delineate a Black queer aesthetics, one that uses an idiom of fluidity, slipperiness, and opacity to undermine and circumvent gender normativity and the racialized heteropatriarchy embedded in

English. The result is an outline of an ever-expanding affective archive of experiential knowledge. Amideo engages and extends the work of Black queer studies, Oceanic studies, ecocriticism, phenomenology, and new materialism through the theorizations of Sara Ahmed, Omise'eke Natasha Tinsley, M. Jacqui Alexander, Édouard Glissant, José Esteban Muñoz, and Edward Kamau Brathwaite, among others. Ambitious in scope and captivating to read, *Queer Tidalectics* brings Caribbean writers like Glissant and Brathwaite into queer literary analysis—a major scholarly contribution.

Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over

This pioneering study of migrant journeys to Britain begins with Huguenot refugees in the 1680s and continues to asylum seekers and east European workers today. Analyzing the history and memory of migrant journeys, covering not only the response of politicians and the public but also literary and artistic representations, then and now, Kushner's volume sheds new light on the nature and construction of Britishness from the early modern era onwards. It is an essential tool for those wanting to understand why people come to Britain (or are denied entry)

---

and how migrants have been viewed by state and society alike. The journeys covered vary from the famous (including the Empire Windrush in 1948) to the obscure, such as the Volga German transmigrants passing through Britain in the 1870s. While employing a broadly historical approach, Kushner incorporates insights from many other disciplines and employs a comparative methodology to highlight the importance of the symbolic as well as the physical nature of such journeys.

A beautiful genre-bending tribute to the larger-than-life blues singer Bessie Smith. Scotland's National Poet blends poetry, prose, fiction, and nonfiction to create an

entirely unique biography of the Empress of the Blues. There has never been anyone else like Bessie Smith. Born in Chattanooga, Tennessee, in 1894 and orphaned by the age of nine, Bessie Smith sang on street corners before becoming a big name in traveling shows. In 1923, she made her first recording for the newly founded Columbia Records. It sold 780,000 copies and catapulted her to fame. Known for her unmatched vocal talent, her timeless and personal blues narratives, her tough persona, and her ability to enrapture audiences with her raw voice, the Empress of the Blues remains a force and an enigma. In this remarkable book, Kay combines history and personal narrative, poetry and prose to create an enthralling account of an extraordinary life, and to

capture the soul of the woman she first identified with as a young Black girl growing up in Glasgow. Powerful and moving, Bessie Smith is at once a vivid biography of a central figure in American music history and a personal story about one woman's search for recognition. A VINTAGE ORIGINAL.

Published three times per year by Indiana University Press for the Hutchins Center at Harvard University, Transition is a unique forum for the freshest, most compelling ideas from and about the black world. Since its founding in Uganda in 1961, the magazine has kept apace of the rapid transformation of the African Diaspora and has remained a leading forum of intellectual debate. In issue 113, Transition

updates Countee Cullen's iconic question by asking, "What is Africa to me now?" A soul-searchingly private query, its ramifications nevertheless play out in profoundly public ways, around issues of immigration, racial and ethnic tension, and the search for belonging. Guest edited by Benedicte Ledent and Daria Tunca, in this cluster Madhu Krishnan takes Achebe's Things Fall Apart as a starting point for defining contemporary African literature, while Louis Chude-Sokei explores through their novels the experiences of Africans living in America. Julie Kleinman reveals the perspective of Malian immigrants in France, and photographer Johny Pitts searches Europe with his camera for what he calls "Afropeans." Meanwhile, celebrated author and editor Hilton Als has

his own questions about diaspora, which he explores in recollections of a childhood summer in Barbados. Caribbean Canadian novelist David Chariandy also treats Transition readers to a sneak preview of his forthcoming novel, *Brother*. The issue concludes with a suite of essays that examine the social impacts of collective fear, and ask—given obvious parallels between the Rodney King beating and the murder of Trayvon Martin—why does this keep happening to young black men? “When Matisse dies,” Pablo Picasso

remarked in the 1950s, “Chagall will be the only painter left who understands what color really is.” As a pioneer of modernism and one of the greatest figurative artists of the twentieth century, Marc Chagall achieved fame and fortune, and over the course of a long career created some of the best-known and most-loved paintings of our time. Yet behind this triumph lay struggle, heartbreak, bitterness, frustration, lost love, exile—and above all the miracle of survival. Born into near poverty in Russia in 1887, the son of a Jewish herring merchant, Chagall fled the repressive “potato-colored” tsarist empire in 1911 for Paris. There he worked alongside Modigliani and Léger

---

in the tumbledown tenement called La Ruche, where “one either died or came out famous.” But turmoil lay ahead—war and revolution; a period as an improbable artistic commissar in the young Soviet Union; a difficult existence in Weimar Germany, occupied France, and eventually the United States. Throughout, as Jackie Wullschlager makes plain in this groundbreaking biography, he never ceased giving form on canvas to his dreams, longings, and memories. His subject, more often than not, was the shtetl life of his childhood, the wooden huts and synagogues, the goatherds, rabbis, and violinists—the whole lost world of Eastern European Jewry. Wullschlager brilliantly describes

this world and evokes the characters who peopled it: Chagall’s passionate, energetic mother, Feiga-Ita; his eccentric fellow painter and teacher Bakst; his clever, intense first wife, Bella; their glamorous daughter, Ida; his tough-minded final companion and wife, Vava; and the colorful, tragic array of artist, actor, and writer friends who perished under the Stalinist regime. Wullschlager explores in detail Chagall’s complex relationship with Russia and makes clear the Russian dimension he brought to Western modernism. She shows how, as André Breton put it, “under his sole impulse, metaphor made its triumphal entry into modern painting,” and helped shape the

---

new surrealist movement. As art critic of the Financial Times, she provides a breadth of knowledge on Chagall's work, and at the same time as an experienced biographer she brings Chagall the man fully to life—ambitious, charming, suspicious, funny, contradictory, dependent, but above all obsessively determined to produce art of singular beauty and emotional depth. Drawing upon hitherto unseen archival material, including numerous letters from the family collection in Paris, and illustrated with nearly two hundred paintings, drawings, and photographs, Chagall is a landmark biography to rank with Hilary Spurling's Matisse and John Richardson's Picasso.
