Sometimes realist, sometimes not, the book revolves around Kol B'Seder, a fictional Reform synagogue in the Toronto suburb of Thornhill. In these stories, the locked

basement room in the home of the synagogue's de facto patriarch opens onto a life-altering windfall; visions of an omnipotent third temple terrify; rhythms of the Jewish and scholastic year collide in bong rips and hash hits; alternate versions of Israel/Palestine play out against domestic drama. In the title story, a group of Jewish girls obsessed with the Holocaust discover that they are far from the only people who live in the rubble of history. Engaging, funny,

dark, surprising, Rubble Children is a scream of Jewish rage, a smoky exhalation of Jewish joy, a vivid dream of better worlds.

Many books teach the mechanics of cooking and even inspire us to cook; not many dwell on the kitchen's ability to be a place of awakening and joy. In *Finding Yourself in the Kitchen*, Dana Velden asks you to seek deeper meaning in this space and explores what cooking can teach about intimacy, failure, curiosity, and beauty. *Finding Yourself in the Kitchen* is a book of essays, each focused on a cooking theme that explores how to practice

mindfulness in the kitchen--and beyond--to discover a more deeply experienced life. It also offers meditation techniques and practical kitchen tips, including 15 of Velden's own favorite recipes. What happens when we find ourselves in the kitchen? What vitalizes, challenges, and delights us there? An extension of her popular "Weekend Meditation" column on TheKitchn.com, this book offers you the chance to step back and examine your life in a more inspired way. The result is a reading experience that satisfies, nourishes and inspires.

This vintage book contains a complete guide to blacksmithing and steel working, with information on all aspects ranging from the correct use of tools and shop equipment to repairing cogs and making a gun. Highly accessible and profusely illustrated, this timeless handbook will be of utility to novice metalworkers and would make for a

worthy addition to collections of allied literature. Contents include: "The Smith", "There are Smiths and Smiths", "Intemperance", "Incompetency", "Religion", "A Modern Guild", "Taxation Will Never Raise the Standard of a Mechanic", "Literature", "The Shop", "The Anvil", "Coal Box", "Tool Tables", "The Hammer", "The Sledge", "How to Make a Hammer", et cetera. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern edition complete with a specially commissioned new introduction on metal work.
