Build 17 keeps crashing with me as well. Build 16 and 15 never crashed. How easy is it to roll back Nick please contact us at redcinex at red dot com we'd like to hear more details about your crashes to see if there are any similarities with other reports.

Cubelets Getting Started | Modular Robotics

The dark green Blocker Think block passes power but does not allow numbers to flow through it. Use it to build a robot with two parts that don't talk to each other. Here's an example. One half of the robot is a Lighthousebot with a spinning light; the other half is a robot that chirps when it sees the light from the Lighthousebot.
