If you thought fiction couldn't get darker than David Peace's extraordinary debut, *Nineteen Seventy Four*, then think again. *Nineteen Seventy Seven*, the second instalment of the Red Riding Quartet, is one long nightmare. Its heroes - the half decent copper Bob Fraser and the burnt-out hack Jack Whitehead - would be considered villains in most people's books. Fraser and

Whitehead have one thing in common though, they're both desperate men dangerously in love with Chapelton prostitutes. And as the summer moves remorselessly towards the bonfires of Jubilee Night, the killings accelerate and it seems as if Fraser and Whitehead are the only men who suspect or care that there may be more than one killer at large. Out of the horror of true crime, David Peace has fashioned a work of terrible beauty. Like James Ellroy before him, David Peace tells us the true and fearsome secret history of our times.

The Sisters Mortland Melville House

Continuing the narrative begun with *Nineteen Seventy-Four* and *Nineteen Seventy-Seven*, this electrifying third

installment of David Peace's Red Riding Quartet demonstrates a skill that goes above and beyond the limits of the genre. While Yorkshire is terrorized by the Ripper, the corrupt police continue to prosper. To give the case some new life, Peter Hunter, a "clean" cop from nearby Manchester, is brought in to offer a fresh perspective. As he goes about setting up a new case under the radar, he suffers the same fate as those who previously attempted to get in the way of the Ripper: his house is burned down, his wife threatened. But he soldiers on. And as he comes face to face with unthinkable evil, Hunter struggles to maintain his reputation, his sanity, and his life.

“Probably the best novel ever written about sport.” —The Times (UK) He was a real-life, working-class hero known as the “British Muhammad Ali”—because he had a big mouth and wasn’t afraid to use it. But Brian Clough wasn’t a boxer, he was a soccer coach, known for taking backwater teams and making them into champions. In towns where people had little else, the hard-drinking and scrappy Clough was a hero. He was especially beloved for telling it like it was on behalf of small-town teams everywhere—calling out the stars who played dirty, rival coaches he suspected of bribing referees, and the league that let them get away with it. And then one day Clough was offered a job coaching the big-city team he’d called the dirtiest—the perennial powerhouse Leeds United. The Damned Utd tells the story of the legendary Clough’s tumultuous forty-four days trying to turn around a corrupt institution without being corrupted himself—the players who wouldn’t play, the management that looked the other way, the wife and friends who stood by him as he fought to do the right thing. The inspiring story behind the movie of the same name, *The Damned Utd* has been called by The Times of London, “The best novel ever written about

sport.”

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today’s most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show’s behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon

Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell—plus some of *The Daily Show*’s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show’s highlights, from its origins as Comedy Central’s underdog late-night program to Trevor Noah’s succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O’Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show’s seminal moments come

together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows. Dead Man Upright Melville House Award-winning author and powerhouse talent Roxane Gay burst onto the scene with An Untamed State and the New York Times bestselling essay collection Bad Feminist (Harper Perennial). Gay returns with Difficult Women, a collection of stories of rare force and beauty, of hardscrabble lives, passionate loves, and quirky and vexed human connection. The women in these stories live lives of privilege and of poverty, are in marriages both loving and haunted by past crimes or emotional blackmail. A pair of sisters, grown now, have been inseparable ever since they were abducted together as children, and must negotiate the elder sister's marriage. A woman married to a twin pretends not to realize when her

husband and his brother impersonate each other. A stripper putting herself through college fends off the advances of an overzealous customer. A black engineer moves to Upper Michigan for a job and faces the malign curiosity of her colleagues and the difficulty of leaving her past behind. From a girls' fight club to a wealthy subdivision in Florida where neighbors conform, compete, and spy on each other, Gay delivers a wry, beautiful, haunting vision of modern America reminiscent of Merritt Tierce, Jamie Quatro, and Miranda July. Red or Dead Vintage Crime/Black Lizard The epic adventures Evelyn creates over the course of a lifetime will leave every reader mesmerized. This wildly addictive journey of a reclusive Hollywood starlet and her tumultuous Tinseltown journey comes with unexpected twists and the most satisfying of drama. Wasteland Macmillan A history of capitalism in nineteenth- and twentieth-century China and India exploring the competition between their tea industries Tea remains the world's most popular commercial drink today, and at the turn of the

twentieth century, it represented the largest export industry of both China and colonial India. In analyzing the global competition between Chinese and Indian tea, Andrew B. Liu challenges past economic histories premised on the technical "divergence" between the West and the Rest, arguing instead that seemingly traditional technologies and practices were central to modern capital accumulation across Asia. He shows how competitive pressures compelled Chinese merchants to adopt abstract, industrial conceptions of time, while colonial planters in India pushed for labor indenture laws to support factory-style tea plantations. Further, characterizations of China and India as premodern backwaters, he explains, were themselves the historical result of new notions of political economy adopted by Chinese and Indian nationalists, who discovered that these abstract ideas corresponded to concrete social changes in their local surroundings. Together, these stories

point toward a more flexible and globally oriented conceptualization of the history of capitalism in China and India.

World War III is over... or is it? Superpowers race to fill the postwar power vacuum in this page-turning thriller, the next in the Dan Lenson series. In the next installment of David Poyer's critically-acclaimed series about war with China, mutual exhaustion after a massive nuclear exchange is giving way to a Violent Peace. While Admiral Dan Lenson motorcycles across a post-Armageddon US in search of his missing daughter, his wife Blair Titus lands in a spookily deserted, riot-torn Beijing to negotiate the reunification of Taiwan with the rest of China, and try to create a democratic government. But a CIA-sponsored Islamic insurgency in Xianjiang province is hurtling out of control. Andres Korzenowski, a young case officer, must decide whether ex-SEAL Master Chief Teddy Oberg—now the leader of a ruthless jihad—should be extracted, left in place, or terminated. Meanwhile, Captain Cheryl Staurulakis and USS Savo Island are recalled to sea, to forestall a Russian fleet intent on grabbing a

resource-rich Manchuria. The violent and equivocal termination of the war between China and the Allies has brought not peace, but dangerous realignments in the endless game of great power chess. Will the end of one world war simply be the signal for the beginning of another?

Steven Gerrard is the former captain of Liverpool football team and of the England national football team, and is the only player ever to have scored in a FA cup final, a league cup final, a UEFA cup final and a champion's league final. His entire career, since 1998, has been spent at Anfield with Liverpool. In this book he charts his full playing career, shedding light on the defining games, his life off the pitch as well as the players and managers he's encountered. Explosive, controversial and searingly honest, this will be the last word from an era-defining player.

The Jaguar Smile Vintage Crime/Black Lizard

The first installment of David Peace's electrifying Red Riding Quartet vividly brings to life a gritty, dangerous working class

city tormented by a series of brutal murders. **Nineteen Seventy-Four** follows Eddie Dunford, the newly minted crime correspondent for the **Yorkshire Post**. His first story is about Clare Kemplay, a young girl recently found brutally murdered. While the police department and other crime reporters at the newspaper believe it's an isolated incident, Eddie finds a pattern between Clare's disappearance and those of other girls from a few years earlier. Despite his better judgment, and against the advice of others, he starts to dig deep. What he finds is a nightmare of corruption, violence, blackmail, and obsession that ultimately leads to a shocking, explosive conclusion.

Occupied City Grand Central Publishing

What do we know about ordinary people in our towns and cities, about what really matters to them and how they organize their lives today? This book visits an ordinary street and looks into thirty households. It reveals the aspirations and frustrations, the tragedies and accomplishments that are played out behind the doors. It focuses on the

things that matter to these people, which quite often turn out to be material things – their house, the dog, their music, the Christmas decorations. These are the means by which they express who they have become, and relationships to objects turn out to be central to their relationships with other people – children, lovers, brothers and friends. If this is a typical street in a modern city like London, then what kind of society is this? It's not a community, nor a neighbourhood, nor is it a collection of isolated individuals. It isn't dominated by the family. We assume that social life is corrupted by materialism, made superficial and individualistic by a surfeit of consumer goods, but this is misleading. If the street isn't any of these things, then what is it? This brilliant and revealing portrayal of a street in modern London, written by one the most prominent anthropologists, shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming. It reveals the forms by which ordinary people make sense of their lives, and the ways in which objects become our companions in the daily struggle to make life

meaningful.

Nineteen Seventy-four

Are morals always relative? Are private actions--among consenting adults--always beyond the law? Or are there some behaviors which so weaken a society that common beliefs about right and wrong must be enforced to protect the common good? In opposing the decriminalization of private acts of homosexuality in Britain, Patrick Devlin maintained that not only is it reasonable to allow popular morality to influence lawmaking, it is imperative: ". . . For a society is not something that is kept together physically; it is held by the invisible bonds of common thought." Some sidestep this controversial issue by asserting that the law should not be used to enforce any morality. Others invoke John Stuart Mill's doctrine that the only purpose for laws governing any member of society is to prevent harm to others, chiefly physical harm. But, Devlin argued, while breaches of shared morality do not cause

harm to other individuals in the way that murder and assault do, they do harm society by undermining its moral structure. Patrick Devlin (1905-1992) studied history and law at Cambridge University and became a successful lawyer.

Tokyo Redux Faber & Faber

A powerful and haunting story of three sisters and the tragedy at the center of their lives from the acclaimed New York Times bestselling author of *Destiny* and *Rebecca's Tale*. Summer 1967: In the heart of rural Suffolk, 13-year-old Maisie is at her decaying family home, a former medieval abbey. As an artist paints a portrait of Maisie and her older sisters, arrogant, beautiful Julia and brilliant, bookish Finn, Maisie embarks upon a portrait of her own: an account of her troubled family and her village friend Daniel. Before the summer is over, an accident will have befallen the family—one which changes their lives irrevocably for the worse. Winter 1991: As the now-famous portrait of the Mortland sisters is being

featured in a huge exhibition, Daniel seeks to free himself of his obsession with these women by unraveling the secrets of that fateful summer. Readers will be transported, fascinated, and have their hearts broken by this page-turning novel of a most extraordinary family.

Red or Dead Profile Books Unblinking in its vision of a nation in a chaotic, hellish period in its history, *Tokyo Year Zero* is a "brilliant, perplexing, claustrophobic ... exhilarating" crime novel (The New York Times Book Review). It's August 1946—one year after the Japanese surrender—and women are turning up dead all over Tokyo. Detective Minami of the Tokyo Metropolitan

Police—irreverent, angry, despairing—goes on the hunt for a killer known as the Japanese Bluebeard—a decorated former Imperial soldier who raped and murdered at least ten women amidst the turmoil of post-war Tokyo. As he undertakes the case, Minami is haunted by his own memories of atrocities that he can no longer explain or forgive.

Violent Peace New York : Vintage Books

In these twelve interconnected tales, David Peace—acclaimed author of *the Red Riding Quartet*, *Occupied City*, and *Tokyo*

Year Zero—weaves fact and fiction as he takes up the brief but fiercely lived life of the early-twentieth-century Japanese writer Ryunosuke Akutagawa. Unique and offbeat, *Patient X* delves into Akutagawa's rich and complicated private life: his fears and battles with mental illness; his complex reaction to the Westernization of Japan; his exacting creative process; and his suicide, weaving these facets into a hauntingly evocative portrait. But *Patient X* is more than a paean to one remarkable writer: it is also an incandescent exploration of the act and obsession of writing itself, and of the role of the artist in times that darkly mirror our own.

St. Martin's Press

David Peace's acclaimed *Red Riding Quartet* continues with this exhilarating follow-up to *Nineteen Seventy-Four*. It's summer in Leeds and the city is anxiously awaiting the Jubilee of Queen Elizabeth's reign. Detective Bob Fraser and Jack Whitehead, a reporter at the Post, however, have other things on their minds—mainly the fact that someone is murdering prostitutes. The killer is quickly dubbed the "Yorkshire Ripper" and each man, on their own, works tirelessly to catch him. But their investigations turn grisly as they each engage in affairs with the prostitutes they are supposedly protecting. As the

summer progresses, the killings accelerate and it seems as if Fraser and Whitehead are the only men who suspect or care that there may be more than one killer at large.
