women's stories. And we're bringing these inspirational and amazing stories to young readers in a book! Did you know that Kathrine Switzer, the first woman to complete the Boston marathon in 1967, was almost pulled off the course before she could finish the race? And that Mae Jemison, an astronaut, was inspired by a Star Trek character to pursue her passion in science? Behind every successful woman is the fascinating story of how she got to the top. And throughout history, trailblazing women have opened doors for those who followed. Based on the rich collection of	interviews and documentaries from MAKERS, this book introduces pioneering women from all walks of life. Readers will get to know these women's hopes, dreams, challenges, and accomplishments in chapters filled with personal stories, historical information, inspiring quotes, and much more. They will learn about the women's movement and its impact today, and about common experiences women have. Most importantly, they'll be inspired to follow their dreams and become MAKERS themselves!	<i>A Town Called Solace</i> Golden Books The #1 New York Times bestselling (mostly true) memoir from the hilarious author of <i>Furiously Happy</i> . “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame- spiral that is her life, and we are all the better for it. In the irreverent Let's

<p>Pretend This Never Happened, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. historical novel inspired by true events, Kelli Estes's brilliant and atmospheric debut is a poignant tale of two women determined to do the right thing, highlighting the power of our own stories. The smallest items can hold centuries of secrets... While exploring her aunt's	island estate, Inara Erickson is captivated by an elaborately stitched piece of fabric hidden in the house. The truth behind the silk sleeve dated back to 1886, when Mei Lien, the lone survivor of a cruel purge of the Chinese in Seattle found refuge on Orcas Island and	shared her tragic experience by embroidering it. As Inara peels back layer upon layer of the centuries of secrets the sleeve holds, her life becomes interwoven with that of Mei Lein. Through the stories Mei Lein tells in silk, Inara uncovers a tragic truth that will shake her family to its core—and

force her to make an impossible choice. Should she bring shame to her family and risk everything by telling the truth, or tell no one and dishonor Mei Lien's memory? A touching and tender book for fans of Marie Benedict, Susanna Kearsley, and Duncan Jepson, The Girl Who Wrote in	Silk is a dual-time period novel that explores how a delicate piece of silk interweaves the past and the present, reminding us that today's actions have far reaching implications . Praise for The Girl Who Wrote in Silk: "A beautiful, elegiac novel, as finely and delicately woven as the title suggests.	Kelli Estes spins a spellbinding tale that illuminates the past in all its brutality and beauty, and the humanity that binds us all together." —Susan Wiggs, New York Times bestselling author of The Beekeeper's Ball "A touching and tender story about discovering the past to bring peace

to the present."
—Duncan Jepson, author of All the Flowers in Shanghai "Vibrant and tragic, The Girl Who Wrote in Silk explores a horrific, little-known era in our nation's history. Estes sensitively alternates between Mei Lien, a young Chinese-American girl who lived in the

late 1800s, and Inara, a modern recent college grad who sets Mei Lien's story free."

As Bright as Heaven comes a gripping novel about the bonds of friendship and mother love, and the power of female solidarity. <u>Sugar Was My Best Food</u> Harper Collins Today we associate the Renaissance with painting, sculpture, and architecture—the “ major ” arts. Yet contemporaries often held the “ minor ” arts— m-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and	ephemeral multi- media spectacles—in much higher esteem. Isabella d ’ Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in- waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for	their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of
