Its fittingly categorically simple and hence fats, isnt it? You have to favor to in this publicize

[The Challenge of Jesus](#) InterVarsity Press
While the church today looks quite different than it did two thousand years ago, Christians share the same faith with the church fathers. Although separated by time and culture, we have much to learn from their lives and teaching. This book is an organized and convenient introduction to how to read the church fathers from AD 100 to 500. Michael Haykin surveys the lives and teachings of seven of the Fathers, looking at their role in such issues as baptism, martyrdom, and the relationship between church and state. Ignatius, Cyprian, Basil of Caesarea, and Ambrose and others were foundational in the growth and purity of early Christianity, and their impact continues to shape the church today. Evangelical readers interested in the historical roots of Christianity will find this to be a helpful introductory volume.

[Rediscovering Eve](#) InterVarsity Press
Many Christians who know and love the Bible think they know the apostle Paul. He's a theological master, a pastoral mentor, a spiritual adviser and a missionary hero. Yet just when we think we have him in our grasp, he slips through our fingers. At the point where we suppose we have finally understood him, Paul again confounds us. But he also beckons us to explore God's ways more deeply. Michael Bird suggests that if the Paul we claim to know looks and sounds a lot like us, it's probably a warning light that we don't know him as well as we think we do. But if we let Paul be Paul, allowing him to speak for himself in his language, on his terms and for his purposes, then we stand a chance of meeting him anew. Introducing Paul is an animated and penetrating survey of Paul's life and teaching. It covers all the basics students need, while offering new insights with a light touch. Blending life and study, Bird aims to get us excited about reading Paul's letters, sharing his gospel and living the Christian life the way he thought it should be lived. For beginning students and laypeople, Introducing Paul is a valuable entrance into the contemporary study of Paul.

[Dictionary of Paul and his letters](#) Inter-Varsity Press
Ranks the Apostle Paul as "one of the most powerful and seminal minds of the first or any century," and argues that we can now sketch with confidence a new and more nuanced picture of Paul and the radical way in which his encounter with Jesus redefined his life, his mission and his expectations for a world made new in Christ. Reprint.
[Rediscovering the Church Fathers](#) InterVarsity Press
ECPA Top Shelf Book Cover Award In the field of Pauline studies, much has changed over the last twenty years. Since Ben Witherington III first published his influential book The Paul Quest, monumental works have appeared from scholars such as James D. G. Dunn, N. T. Wright, E. P. Sanders, and John Barclay. The New Perspective is no longer new, and the flurry of publications continues across a range of specialized studies. Those interested in exploring trends and issues related to Paul may find themselves in need of a map. With Voices and Views on Paul, Ben Witherington and Jason Myers have teamed up to provide a reliable guide to the major terrain of Pauline scholarship. Through a distinctive combination of survey and evaluation, they explain and analyze the thought of recent major Pauline interpreters and track developments over the past two decades. They conclude with an assessment of how these studies have advanced our understanding of Paul and where further work is needed. Voices and Views on Paul offers a helpful service to students, pastors, and anyone seeking to keep up with this dynamic field as scholars continue to wrestle with Paul and his work.

[An Introduction to the New Testament](#) Wm. B. Eerdmans Publishing
Informed by the historical evidence and with a sharp eye for telltale clues in the Apostle Paul's letters, E. Randolph Richards takes us into his world and places us on the scene with Paul the letter writer offering a glimpse that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be.
Undiluted Rowman & Littlefield
The apostle Paul has long had his admirers and revilers. And contemporary Christians often harbor private misgivings about this prominent apostle. Paul sounds harsh, intolerant, misogynistic, and his gospel surely misconstrues the message of Jesus. "How is it," they want to ask, "that some Christians

can speak so fondly of Paul?" Anthony Thiselton is an unabashed admirer of Paul, a student of his letters and a devotee of his gospel. Over a range of issues, Thiselton cleans the lens and sharpens the focus to give us snapshots of Paul's life, mission and thought. Whatever your level of knowledge and experience of Paul, you will find The Living Paul informative and interesting, nuanced and inspiring. A portrait of Paul rendered in the deft strokes of a master.
Rediscovering an Evangelical Heritage University of Chicago Press
IVP Readers' Choice Award Does God call women to serve as equal partners in marriage and as leaders in the church? The answer to this straightforward question is deeply contested. Into the fray, Lucy Peppiatt offers her work on interpretation of the Bible and Christian practice. With careful exegetical work, Peppiatt considers relevant passages in Ephesians, Colossians, 1 Peter, 1 Timothy, and 1 Corinthians. There she finds a story of God releasing women alongside men into all forms of ministry, leadership, work, and service on the basis of character and gifting, rather than biological sex. Those who see the overturning of male-dominated hierarchy in the Scriptures, she argues, are truly rediscovering an ancient message—a message distorted by those who assumed that a patriarchal world, which they sometimes saw reflected in the Bible, was the one God had ordained.

The Trinity InterVarsity Press
Professor deSilva's outstanding textbook sets a new standard for the genre. The usual topics of New Testament introduction are integrated with instruction in interpretative strategies and application to ministry formation. The attractive layout includes numerous maps, photographs and text-boxes.
The Good News We Almost Forgot University of Calgary Press
Divorce. Broken families. Sexual abuse. Addiction. Pornography. Same-sex "marriage." Gender issues. Everywhere we look, we find more and more confusion about the most fundamental truths of human life. As we lose our basic understanding of the meanings of man, woman, marriage, and sex, the question becomes ever more urgent: What does it mean to be a human being? Against this backdrop, St. John Paul II's Theology of the Body appears as a bright light in the darkness. His writings go straight to the heart of what it means to be hilly human-but they are often difficult for most of us to grasp easily. That's where Christopher West comes in. He covers the main points of this revolutionary teaching in a way that you can understand. You'll see desire-physical, emotional, and spiritual-in a whole new light! The first edition of this book was released in 2004 and instantly became an international best seller. In this updated, revised, and expanded edition, you'll have access to new insights gleaned from West's ongoing study on the subject, as well as wisdom from Pope Benedict XVI and Pope Francis. You'll also discover brand-new insights on how to respond with clarity and compassion to the gender chaos so prevalent in our world today. Book jacket.

Unveiling Paul's Women InterVarsity Press
The mystery of the Trinity is the central Christian belief that defines God's essence, God's ongoing love for humanity, and saving grace. Yet, over the past few centuries, especially in the West, Christians have either ceased believing in the Trinity or simply no longer recognize its relevance in their ecclesial or individual lives. Written in an ecumenical spirit that engages contemporary questions and theological viewpoints, The Trinity: Rediscovering the Central Christian Mystery articulates the mystery of the Trinity for people formed by modern historical consciousness, science, awareness of the equal dignity of men and women, and respect for world religions. By first identifying contemporary problems with the

Christian proclamation of the Trinity in our culture and major differences among modern theologians, John Farrelly, OSB, explores Scripture, the life and message of Jesus Christ, the various stages of the development of Trinitarian doctrine in Christian History, the relation of the Trinity to creation and salvation, the generation of the Son from the Father within the Trinity and the procession of the Holy Spirit from Father and Son, and the meaning of three persons in one God. He concludes by reflecting on the implications this renewed theology of the Trinity has for ecclesiology and Christian spirituality in our twenty-first century world, especially in relation to other world religions.
[Rediscovering Political Friendship](#) Fortress Press

Who is your Jesus? This textbook introduction gives an enjoyable and challenging look at how we encounter Jesus in Scripture and our culture—from the New Testament to the gnostic gospels, historical Jesus studies, Islam, Mormonism, Hollywood and Americana. Follow the path to seeing Jesus truly and notice the difference it makes for faith and life.
[Making Sense of the Bible \[Leader Guide\]](#) Wipf and Stock Publishers
The biblical story of King David and his conflict with King Saul (1 and 2 Samuel) is one of the most colourful and perennially popular in the Hebrew Bible. Paul Borgman focuses on one of the key features of ancient Hebrew narrative poetics - repeated patterns - taking special note of even the small variations each time a pattern recurs.

Rediscovering Jacob Riis Wellspring
Follows and completes Aelred's earlier treatise on love, "The Mirror of Charity". In it he reflects on the theories of friendship propounded by the great stoic philosophic Cicero. A humanist and a Christian monk, Aelred advocated friendship on both the natural and the supernatural plane. Frankness and not flattery, generosity and not gain, patience in correction and constancy in affection he saw as the marks of a genuine friendship.

In this six week video study, Adam Hamilton explores the key points in his new book, Making Sense of the Bible. With the help of this Leader Guide, groups learn from Hamilton as his video presentations lead groups through the book, focusing on the most important questions we ask about the Bible, its origins and meaning.
The Living Paul InterVarsity Press
The debate between proponents of the Old and New perspectives on Paul has been followed closely over the years, consolidating allegiances on either side. But the debate has now reached a stalemate, with defectors turning to apocalyptic and other solutions. Garwood Anderson recounts the issues and concludes that "both 'camps' are right, but not all the time." And with that teaser, he rolls up his exegetical sleeves and proceeds to unfold a new proposal for overcoming the deadlock. But in a field crowded with opinions, could anything new emerge? Anderson's interaction with Paul and his interpreters is at the highest level, and his penetrating and energetic analysis captures attention. What if Paul's own theological perspective was contextually formed and coherently developed over time? Have we asked justification to carry a burden it was never meant to bear? Would fresh eyes and a proper sequencing of Paul's letters reveal Paul's own new perspective? Might we turn a corner and find a bold and invigorating panorama of Pauline soteriology? This is a Pauline study worthy of its great theme, and one that will infuse new energy into the quest for understanding Paul's mind and letters.

Perspectives Old and New on Paul Abingdon Press
Jacob Riis (1849-1914) was the author of How the Other Half Lives (1890). This study of his life and work includes excerpts from

Riis’s diary, chronicling romance, poverty, temptation, and, after many false starts, employment as a writer and reformer. In the second half, Yochelson describes how Riis used photography to shock and influence his readers. The authors describe Riis’s intellectual education and discuss the influence of *How the Other Half Lives* on urban history. It shows that Riis argued for charity rather than social justice; but the fact that he understood what it was to be homeless did humanize Riis’s work, and that work has continued to inspire reformers. Yochelson focuses on how Riis came to obtain his now famous images, how they were manipulated for publication, and their influence on the young field of photography.

Many young Bible scholars are passionate for the Scriptures. But is passion enough? In *A Little Book for New Bible Scholars*, Randolph Richards and Joseph Dodson encourage young students of the Bible to add substance to their zeal—the kind of substance that comes from the sweat and toil of hard study. "Just as we should avoid knowledge without love," they write, "we should also avoid love without knowledge." Aimed at beginners, this concise overview offers a wealth of good advice, warns of potential pitfalls, and includes wisdom from a variety of other biblical scholars as well as stories from the authors' own long experience in the guild. Full of warmth, humor, and an infectious love for Scripture, this book invites a new generation of young scholars to roll up their sleeves and dig into the complex, captivating world of the Bible.

What was clear to the original readers of Scripture is not always clear to us. Because of the cultural distance between the biblical world and our contemporary setting, we often bring modern Western biases to the text. For example: When Western readers hear Paul exhorting women to "dress modestly," we automatically think in terms of sexual modesty. But most women in that culture would never wear racy clothing. The context suggests that Paul is likely more concerned about economic modesty—that Christian women not flaunt their wealth through expensive clothes, braided hair and gold jewelry. Some readers might assume that Moses married "below himself" because his wife was a dark-skinned Cushite. Actually, Hebrews were the slave race, not the Cushites, who were highly respected. Aaron and Miriam probably thought Moses was being presumptuous by marrying "above himself." Western individualism leads us to assume that Mary and Joseph traveled alone to Bethlehem. What went without saying was that they were likely accompanied by a large entourage of extended family. Biblical scholars Brandon O'Brien and Randy Richards shed light on the ways that Western readers often misunderstand the cultural dynamics of the Bible. They identify nine key areas where modern Westerners have significantly different assumptions about what might be going on in a text. Drawing on their own crosscultural experience in global mission, O'Brien and Richards show how better self-awareness and understanding of cultural differences in language, time and social mores allow us to see the Bible in fresh and unexpected ways. Getting beyond our own cultural assumptions is increasingly important for being Christians in our interconnected and globalized world. Learn to read Scripture as a member of the global body of Christ.

Twelve papers consider what insights the Catholic social tradition can offer to our understanding of the creation and distribution of wealth.

An Introduction to the Old Testament Template InterVarsity Press

Whether people realize it or not, the ideas in 1 Corinthians 11:2-16 have had a huge impact on the role of Christian women in the church through the centuries. These fifteen verses have shaped worship practices, church structures, church leadership, marriages, and even relationships between men and women in general. They have contributed to practices

that have consistently placed women in a subordinate role to men, and have been used to justify the idea that a woman should not occupy a leadership or teaching position without being under the authority or "covering" of a man. It is strange, therefore, that academics and pastors alike continue to note how confusing and difficult it continues to be to make sense of these very verses. In this little book, Lucy Peppiatt not only highlights the problems associated with using this text to justify the subordination of women, but offers a clear and plausible re-reading of the text that paints the apostle Paul as a radical, visionary, church planter who championed women in all forms of leadership.
