And he's a human supernova sleeping in the room next door. The man is tall, gorgeous, tattooed, and a shameless exhibitionist. As the Brazilian bad boy of the international football world, he's as famous for his sextape as for his talent on the field. Oh, did I mention he walks around naked ALL the time? A girl only has so much willpower. Maybe we can have a little fun... as long as his tabloid past doesn't mess with my quiet life. Eve Holt is the sexiest woman I've ever seen, in those short-shorts and tank tops that make me wonder what she's hiding underneath. Most women love my wild side, but Eve thinks I'm trouble with a capital T. Okay, she might have a point there. But I always get what I want, and I want her. This open access book is a 2022 Nautilus Gold Medal winner in the category "World Cultures' Transformational Growth & Development". It states that the societal fault lines of our times are deeply intertwined and that they confront us with challenges affecting the security, fairness and sustainability of our societies. The author, Prof. Dr. Patrick Huntjens, argues that overcoming these existential challenges will require a fundamental shift from our current anthropocentric and economic growth-oriented approach to a more ecocentric and regenerative approach. He advocates for a Natural Social Contract that emphasizes long-term sustainability and the general welfare of both humankind and planet Earth. Achieving this crucial balance calls for an end to unlimited economic growth, overconsumption and over-individualisation for the benefit of ourselves, our planet, and future generations. To this end, sustainability, health, and justice in all social-ecological systems will require systemic innovation and prioritizing a collective effort. The Transformative Social-Ecological Innovation (TSEI) framework presented in this book serves that cause. It helps to diagnose and advance innovation and spur change across sectors, disciplines, and at different levels of governance. Altogether, TSEI identifies intervention points and formulates jointly developed and shared solutions to inform policymakers, administrators, concerned citizens, and professionals dedicated towards a more sustainable, healthy and just society. A wide readership of students, researchers, practitioners and policy makers interested in social innovation, transition studies, development studies, social policy, social justice, climate change, environmental studies, political science and economics will find this cutting-edge book particularly useful. "As a sustainability transition researcher, I am truly excited about this book. Two unique aspects of the book are that it considers bigger transformation issues (such as societies' relationship with nature, purpose and justice) than those studied in transition studies and offers analytical frameworks and methods for taking up the challenge of achieving change on the ground." - Prof. Dr. René Kemp, United Nations University and Maastricht Sustainability Institute

My life has turned out to be such a cliché. And not in a good way. It's not exactly

Sixteen and Pregnant, but at eighteen my only advantage is a high school diploma. And if that's not enough, the father—and I use that term loosely—couldn't have hightailed it out of my life fast enough. I thought I really knew him. Unfortunately, my boyfriend of three years transformed from Dr. Jekyll to Mr. Hyde once he realized his carefree, childless days would be coming to an end. I'm over him now though. The real love of my life is chubby, has more gum than teeth, and stands a little over two feet tall. She may not have been planned, but I've never regretted having her. She is the center of my world. A world that's turned upside down when my ex returns ready to earn the love and trust of the child he abandoned before birth. Letting him into my daughter's life is one thing but letting him back into mine isn't going to happen. Because the biggest mistake of my life has a name, and that name is Mitchell Aaron Kingsley. And he's one mistake I don't ever intend to make again. ** TRAPPED includes the prequel THE TRAP Other books in the series: PLAYED (Erin & Josh) BURNED (Chelsea & Trent) -TBA Connecting series: Unforgettable You Only For You (Book 1) - Olivia & Zach All Over You (Book 2) - Rebecca & Scott Always Been You (Book 3) - April & Troy Forever With You (Book 4) - Emily & Graham Connected Books by Heidi McLaughlin

Canada is regularly presented as a country where liberalism has ensured freedom and equality for all. Yet as Canada expanded westward and colonized First Nations territories, liberalism did not operate to advance freedom or equality for Indigenous people or protect their property. In reality it had a markedly debilitating effect on virtually every aspect of their lives. This book explores the operation of exclusionary liberalism between 1877 and 1927 in southern Alberta and the southern interior of British Columbia. In order to facilitate and justify liberal colonial expansion, Canada relied extensively on surveillance, which operated to exclude and reform Indigenous people. By persisting in Anglo-Canadian liberal capitalist values, structures, and interests as normal, natural, and beyond reproach, it worked to exclude or restructure the economic, political, social, and spiritual tenets of Indigenous cultures. Further surveillance identified which previously reserved lands, established on fragments of First Nations territory, could be further reduced by a variety of dubious means. While none of this preceded unchallenged, surveillance served as well to mitigate against, even if it could never completely neutralize, opposition.

When viewers think of film noir, they often picture actors like Humphrey Bogart playing characters like Sam Spade in *The Maltese Falcon*, the film based on the book by Dashiell Hammett. Yet film noir is a genre much richer. The authors first examine the debate surrounding the parameters of the genre and the many different ways it is defined. They discuss the Noir City, its setting and backdrop, and also the cultural (WWII) and institutional (the House UnAmerican Activities Committee, and the Production Code Administration) influences on the subgenres. An analysis of the low budget and series film noirs provides information on those cult classics. With over 200 entries on films, directors, and actors, the *Encyclopedia of Film Noir* is the most complete resource for film fans, students, and scholars.

BBC Radio 4 Book of the Week Benjamin Zephaniah, who has travelled the world for his art and his humanitarianism, now tells the one story that encompasses it all: the story of his life. In the early 1980s when punks and Rastas were on the streets protesting about unemployment, homelessness and the National Front, Benjamin's poetry could be heard at demonstrations, outside police stations and on the dance floor. His mission was to take poetry everywhere, and to popularise it by reaching people who didn't read books. His poetry was political, musical, radical and relevant. By the early 1990s, Benjamin had performed on every continent in the world (a feat which he achieved in only one year) and he hasn't stopped performing and touring since. Nelson Mandela, after hearing Benjamin's tribute to him while he was in prison, requested an introduction to the poet that grew into a lifelong relationship, inspiring Benjamin's work with children in South Africa. Benjamin would also go on to be the first artist to record with The Wailers after the death of Bob Marley in a musical tribute to Nelson Mandela. *The Life and Rhymes of Benjamin Zephaniah* is a truly extraordinary life story which celebrates the power of poetry and the importance of pushing boundaries with the arts.

Every girl has dreams of meeting Prince Charming, or at least I know I did. A fairy tale-like meeting of love at first sight. Real life and fairy tales are very different. I'm just a small town Indiana girl that had a chance encounter with one of Hollywood's golden boys. You may think you know where this story goes--not even close. Life is different. Marriage is hard. It's even worse when you're strangers.

The Qur'ān, emphasizing ritual purity and the role of Jesus as giver of God's positive law, preserves aspects of an earlier Jesus movement that most Christian groups diluted or rejected. The Didascalia Apostolorum, a late ancient church order, records a significant number of the laws promulgated in the Qur'ān, but does not fully endorse them when it comes to purity. Likewise, the Didascalia' legal narratives about the Israelites and about Jesus, as well as the legal and theological vocabulary of the Syriac (Eastern Christian Aramaic) version of the Didascalia, recurrently show kinship with the Arabic Qur'ān, amplifying the apparent affinities between the two texts. The Qur'ān, however, is not "based" on the Didascalia in any direct way; detailed comparison of the two documents illustrates the absence of textual influence in either direction. Both texts should rather be read against the background of the practices and the oral discourse shared by their respective audiences: a common legal culture.
