Captain John "Black Jack" Geary races to save a group of Alliance POWs from certain death in this gripping novel in New York Times bestselling author Jack Campbell's Lost Fleet series. Alliance prisoners of war are being held at a labor camp in the Heradao star system, which also happens to be the location of the majority of the surviving Syndic warships. Determined not to leave any of his people behind, "Black Jack" Geary orders the fleet to strike hard and fast to rescue the POWs with minimal

Alliance losses. The raid is successful, but victory is short-lived. Geary discovers that the Syndics plan to ambush the fleet with their powerful reserve flotilla in an attempt to annihilate it once and for all—but he doesn't know where the enemy is located. And as Geary has the fleet jump from one star system to the next, hoping to avoid the inevitable confrontation, saboteurs contribute to the chaos...

Americans' safety, productivity, comfort, and convenience depend on the reliable supply of electric power. The electric power system is a complex "cyber-physical" system composed of a network of millions of components spread out across the continent. These components are owned, operated, and regulated by thousands of different entities. Power system operators work hard to assure safe and reliable service, but large outages occasionally happen. Given the nature of the system, there is simply no way that outages can be completely avoided, no matter how much time and money is devoted to such an effort. The system's reliability and resilience can be improved but never made perfect. Thus, system owners, operators, and regulators must prioritize their investments based on potential benefits. Enhancing the Resilience of the Nation's Electricity System focuses on identifying, developing, and implementing strategies to increase the power system's resilience in the face of events that can cause large-area, long-duration outages: blackouts that extend over multiple service areas and last several days or longer. Resilience is not just about lessening the likelihood that these outages will occur. It is also about limiting the scope and impact of outages when they do occur, restoring power rapidly afterwards, and learning from these experiences to better deal with events in the future.

Trapped Penguin

CEO Artur Drakon has been betrayed. The Syndicate Worlds' government failed to protect its citizens from both the Alliance and the alien enigmas. With a cadre of reliable soldiers under his command, Drakon launches a battle for control of the Midway Star System—assisted by an ally he's unsure he can trust... CEO Gwen Icení was exiled to Midway because she wasn't ruthless enough in the eyes of her superiors. She proved them wrong by

commandeering some of the warships at Midway and declaring the star system's independence on behalf of the people though staying in charge as "President." But while she controls the mobile fleet, she has no choice but to rely on "General" Drakon's ground forces to keep the peace planet-side. If their coup is to succeed, Drakon and Icení must put their differences aside to prevent the population of Midway from rebelling against them, to defend their star system from the enigmas—and to ferret out saboteurs determined to reestablish Syndic rule...

Resolute National Academies Press

Admiral John "Black Jack" Geary may have saved the Alliance only to destroy it, in this thrilling and eagerly awaited continuation of the New York Times bestselling series. Geary believed in the Alliance. Even when he uncovered overwhelming evidence that the highest echelons of the government and fleet command were involved in secret programs and prison camps, he believed it was worth saving. And that his duty was to see that justice was served even though some factions feared that revealing the truth would cause the Alliance to crumble. But after narrowly surviving two assassination attempts when he brings evidence of the misdeeds to the capital star system, Geary realizes that some have decided the easiest way to make the Alliance's problems go away is to get rid of him. He finds himself ordered to undertake a perilous new mission outside of the reaches of human-occupied space while the Senate clashes over the evidence. Geary's warships must escort a diplomatic and scientific mission across the dangerous, disintegrating remnants of the Syndicate Worlds empire. But even if he can make it to Midway Star System, the gateway to alien-controlled space, Geary will face former Syndicate officials who

have rebelled and regard the Alliance with deep suspicion. And that will be the easy part. . . .

Time Travelers Never Die Createspace Independent Publishing Platform

New York Times best-selling author Jack Campbell's epic series, *The Pillars of Reality*, reaches its exciting conclusion. The Great Guilds, fearing the loss of their control of the world of Dematr, have gathered their power and joined it with the relentless legions of the Empire. The full might of that host will fall upon the fortress city of Dorcastle. If Dorcastle falls, the revolt led by Master Mechanic Mari and Mage Alain will fail, and their world will soon descend into chaos. Only Mari, believed to be the daughter of an ancient prophecy, can inspire the people and lead the defense of Dorcastle. The prophecy says she has a chance to win, but it doesn't say she will survive. Alain will stand by her, both willing to die for the other, but neither one knows if their sacrifices will mean victory. As they battle the Imperial legions and see friends fall, Mari and Alain face their greatest challenges. And if they somehow win in the face of impossible odds, neither one can be certain what sort of world that victory will produce.

The Lost Fleet: Relentless Del Rey

The *Lost Fleet* continues its perilous journey home. Badly damaged and low on supplies, the Alliance Fleet is raiding Syndic mines for raw materials-and Captain "Black Jack" Geary hopes they can continue to remain one step ahead of their enemies. But the Syndics are the least of Geary's worries when he learns of the existence of aliens with the power to annihilate the human race.

rescuing POWs from a labor camp in the Heradao Star System, Captain John "Black Jack" Geary discovers that the Syndics plan to ambush his fleet, forcing him to jump from one star system to the next in an effort to avoid the enemy. *The Lost Fleet:*

Relentless

The New York Times Best-Selling Series Continues. First Time in Paperback. A New War for Honor Harrington's Comrades on Manticore. Rear Admiral Michelle Henke was commanding one of the ships in a force led by Honor Harrington in all-out space battle. The odds were against the Star Kingdom forces, and they had to run. But Michelle's ship was crippled, and had to be destroyed to prevent superior Manticoran technology from falling into Havenite hands, and she and her surviving crew were taken prisoner. Much to her surprise, she was repatriated to Manticore, carrying a request for a summit conference between the leaders of the two sides which might end the war. But a condition of her return was that she gave her parole not to fight against the forces of the Republic of Haven until she had been officially exchanged for a Havenite prisoner of war, so she was given a command far away from the war's battle lines. What she didn't realize was that she would find herself on a collision course, not with a hostile government, but with the interstellar syndicate of criminals known as Manpower. And Manpower had its own plans for eliminating Manticore as a possible threat to its lucrative slave trade, deadly plans which remain hidden in the shadows.

Macmillan

DEFENDING THE ALLIANCE. The search for two missing lieutenants leads Admiral Geary and the crew of *Dauntless* on a far-flung

chase, ultimately ending at the one spot in space from which all humans have been banned: the moon Europa. Any ship that lands there must stay or be destroyed—leaving Geary to face the most profound moral dilemma of his life. As strains on the Alliance grow, Geary is ordered to take a small force to the border of Syndic space. But what he finds there is a danger much greater than anyone expected: a shrewd and powerful enemy that could finally force the Alliance to its knees. Praise for Jack Campbell's *The Lost Fleet* series: "Once again, the visceral action comes fast and furious... Well up to the high standards established by this intriguing series." Kirkus Reviews "One of the best military science fiction series on the market."

Destroyer Penguin

Captain Vin Husher is sent on a mission into a parallel universe with a task force - and right into an AI's trap. Surrounded by its bioengineered super-species and unable to return to humanity's home dimension, Husher must draw on decades of experience just to keep his people alive.

The Lost Fleet Penguin

A relentless enemy... An old wolf's last hunt... The future of two species hanging in the balance... The Darshik war machine is flagging, but the war is far from over. Even as an exhausted Federation military tenses up for a counterattack after repelling the last Darshik invasion, reports are coming in of a new, more powerful class of ship that's striking deep into Terran space. Captain Jackson Wolfe has been given the fleet's newest, most advanced destroyer and tasked

with eliminating this new threat before it can claim any more human lives. What he finds, however, is immeasurably more dangerous than just some new class of starship ... it's a horror that could lead to the destruction of both their species if it isn't stopped.

Destroyer is the third book in the *Expansion Wars* Trilogy and part of the #1 bestselling *Black Fleet* Saga.

Steadfast Penguin

Number five in the Carrera military science fiction series that started with *A Desert Called Peace*. Military leader Carrera faces down a threat from progressive totalitarians and wins the freedom of his country on a frontier planet. The Carrera saga continues with entry number five, and the sequel to *Amazon Legion*.

Carrera. Relentless. Machiavellian. Without compunction. Victorious. Pity his enemies. Be thankful he is on the side of freedom from totalitarian domination. On the colony planet of Terra Nova, soldier turned political leader Carrera has achieved his revenge, destroying those who killed his wife and children in a terrorist strike, and helping to establish a free country. But Carrera's fight is not over. War with the Tauran Union is inevitable. Carrera has been preparing his new country for this all-out conflict for years, intending to drive out the last vestige of foreign imperialism in Balboa, the Tauran Union Security Force. He doesn't care that he's outnumbered one hundred to one. He doesn't care that the Taurans are one thousand times wealthier. A true Machiavellian, Carrera is convinced that gold cannot always find good soldiers, but that good soldiers can always find gold. After all, his good soldiers have already found quite a bit. Moreover, he's been preparing for the war he intends to start and fight on his own terms, while the TU has been preparing for a progressive fantasy. But then his own government calls a halt even as the commander of the United Earth Peace Fleet, High Admiral

Marguerite Wallenstein, injects a dose of realism and spine into the Tauran Union. Any other government, giving similar orders, Carrera would overthrow without hesitation. But this is his own creation; he must follow these orders. But the Taurans are provoking Balboa mercilessly, and Carrera knows that sooner or later, he must fight—only now the task will be more difficult and more bloody. No matter. When that time comes, Carrera knows he will do whatever it takes to win. He is, after all, Carrera. About prequel, Amazon Legion: “[I]nterplanetary warfare with. . .[a] visceral story of bravery and sacrifice. . .fans of the military SF of John Ringo and David Weber should enjoy this SF action adventure.”—Library Journal About Tom Kratman’s Carrera series: “Kratman’s dystopia is a brisk page turner full of startling twists. . .[Kratman is] a professional military man. . .up to speed on military and geopolitical conceits.” – best-selling author of America Alone Mark Steyn on Tom Kratman’s uncompromising military SF thriller, Califate “Kratman raises disquieting questions on what it might take to win the war on terror. . .realistic action sequences, strong characterizations and thoughts on the philosophy of war.” – Publishers Weekly The Carrera Series: A Desert Called Peace Carnifex The Lotus Eaters The Amazon Legion Come and Take Them The Rods and the Axe The Wrath of the Great Guilds Speaking Volumes Jack Campbell returns to the world of the New York Times bestselling Lost Fleet novels with a new action-packed military science fiction series that explores the founding of the Alliance . . . and the men and women who fought to create it. Earth is no longer the center of the universe. After the invention of the faster-than-light jump drive, humanity is rapidly establishing new colonies. But the vast distances of space

mean that the old order of protection and interstellar law offered by Earth has ceased to exist. When a nearby world attacks, the new colony of Glenlyon turns to Robert Geary, a young former junior fleet officer, and Mele Darcy, a onetime enlisted Marine. With nothing but improvised weapons and a few volunteers, Geary and Darcy must face down warships and armored soldiers--or die trying. As battles rage and pirates take an increasing toll throughout the colonies, the only hope for lasting peace lies with Carmen Ochoa, a "Red" from the anarchic world of Mars, and Lochan Nakamura, a failed politician. They have a plan: to lay the groundwork for mutual defense that could someday grow into an alliance. But if their efforts don't succeed, the growing power of aggressor worlds could turn regions of space founded on freedom into battlefields between the first interstellar empires...

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} Jack Campbell, the author behind the Lost Fleet novels, is now bringing his best-selling sci-fi series to comics. The Lost Fleet: Corsair features all the engaging character elements that have helped make the Lost Fleet novels such an incredible success – but this time, the series’ epic space battles are brought to stunning life thanks to incredible visuals from Andrew Siregar (Sevara), complimented by color work by Sebastian Cheng (Orphan Black, The X-Files). Imprisoned by the Syndics, Michael Geary’s one chance lies in Destina Aragon – determined commander of a regiment of hardened soldiers now caught up in a wide scale rebellion within Syndic space. Seeking to escape both their prison and Syndic space, will Geary and Aragon join

forces to get home – or will the hatreds stirred by a decades-old war kill them both? *Enhancing the Resilience of the Nation's Electricity System* Titan Books

View our feature on Jack Campbell's *The Lost Fleet: Beyond the Frontier: Dreadnaught*. The New York Times bestselling series that delivers "edge-of-your-seat combat" (Elizabeth Moon, author of the *Vatta's War* series). The Alliance woke Captain John "Black Jack" Geary from cryogenic sleep to take command of the fleet in the century-long conflict against the Syndicate Worlds. Now Fleet Admiral Geary's victory has earned him the adoration of the people-and the enmity of politicians convinced that a living hero can be a very inconvenient thing. Geary knows that members of the military high command and the government question his loyalty to the Alliance and fear his staging a coup-so he can't help but wonder if the newly christened First Fleet is being deliberately sent to the far side of space on a suicide mission.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 17.0px 'Helvetica Neue'; -webkit-text-stroke: #000000} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 17.0px 'Helvetica Neue'; -webkit-text-stroke: #000000; min-height: 20.0px} span.s1 {font-kerning: none} Former Cyborg Corps soldier Jasim Antar was relieved to come out of the war alive and looked forward to switching to a less violent line of work. But nobody wants to hire a brawny cyborg to do anything that doesn't involve brutalizing people on a daily basis. Stuck working as a debt collector alongside an eccentric pilot who enjoys knitting gifts for her grandkids when she isn't blowing people up, Jasim longs to find a more peaceful existence. But peace is elusive when you have a violent past. While on a routine mission, Jasim comes across the body of a soldier he served with during the war. He soon learns that someone is

murdering former members of the Cyborg Corps, men who should be extremely difficult to kill. And he's next on the list. Jasim steels himself to reach out to the one person he's certain can help, his old commander: Colonel Leonidas Adler. Adler is strong, smart, and deadly, good traits to have in an ally. Unfortunately, he remembers Jasim as a misfit rather than a model soldier, and convincing him to join forces may be even tougher than finding and facing the killer.

Storm from the Shadows Ace

Captain Jackson Wolfe never thought he'd see the end of the Phage War in his lifetime. The enemy was too powerful, too numerous, and utterly determined to exterminate humanity. But the appearance of a new ally in the fight has changed all of that. For the first time since the original incursion Wolfe thinks that maybe there's a chance to stop their implacable enemy before they have the chance to wipe out any more human planets. That opportunity comes at great cost, however, and even as he makes plans for their first offensive move on the Phage, Jackson is all too aware that most of them will not survive. "Counterstrike" is book three of the bestselling *Black Fleet* Trilogy.
