After surviving the Hunger Games-like Testing, Eva becomes the Aerie 's

first female Archon. The second installment of the Books of Eva continue the harrowing struggle between past and present, Aerie and Boundary. Eva is the first Maiden in Aerie history to train as Archon, the sacred leader of New North. All eyes are watching. Although she is betrothed to Jasper, she still finds herself drawn to Lukas, a Boundary dweller and former servant who may know who killed her twin brother. Eva ' s relationship with Lukas is forbidden. And his conviction that she is the Angakkuq, a mystical figure destined to destroy the Aerie, is even more dangerous. On her very first Archon expedition, she uncovers the Genesis, the legendary ship that brought the Founders to the New

North. Its contents shatter the world Eva has known. Now she may be the only one—as both Archon and Angakkuq—who can prevent a war that will destroy what is left of human civilization.

Caravaggio's Pitiful Relics Seal Books

Major Dick Winters of the 101st Airborne gained international acclaim when the tale of he and his men were depicted in the celebrated book and miniseries Band of Brothers. Hoisted as a modest hero who spurned adulation, Winters epitomized the notion of dignified leadership. His iconic World War II exploits have since been depicted in art and commemorated with monuments. Beneath this marble image of a reserved officer is the story of a common Pennsylvanian tested by the daily trials and

---

tribulations of military duty. His wartime correspondence with pen pal and naval reservist, DeEtta Almon, paints an endearing portrait of life on both the home front and battlefield—capturing the humor, horror, and humility that defined a generation. Interwoven with previously unpublished diary entries, military reports, postwar reminiscences, private photos, personal artifacts, and rich historical context, Winters' s letters offer compelling insights on the individual costs and motivations of World War II service members. Winters' s heartfelt prose reveals his mindset of the moment. From stateside training to the hedgerows of Normandy, his correspondence immerses readers in the dramatic experiences of the 1940s. Via the lost art of letter writing, the immediacy and honesty of Winters' s observations takes us beyond the traditional accounts of the fabled 506th Parachute Infantry Regiment' s Easy Company. This engaging narrative offers a unique blend of personal wit, leadership ethics, and broader observations of a world at war. *Hang Tough* is a deeply intimate, timely reflection on a rising officer and the philosophies that

molded him into a hero among heroes. *Hang Tough* “ will help people better understand the man I knew and respected so much. Folks should know what we all went through during the war. ” —Bradford Freeman, Foreword

International Bestseller "With its countless revelations about the dusty realms of rare books, a likable librarian sleuth who has just the right balance of compassion and wit, and a library setting that is teeming with secrets, *The Department of Rare Books and Special Collections* is a rare treat for readers. I loved this book!"—Matthew Sullivan, author of *Midnight at the Bright Ideas Bookstore*  
*Anxious People* meets the delights of bookish fiction in a stunning debut following a librarian whose quiet life is turned upside down when a priceless manuscript goes missing. Soon she has to ask: what holds more secrets in the library—the ancient books shelved in the stacks, or the people who preserve them? Liesl Weiss long ago learned to be content working behind the scenes in the distinguished rare books department of a large university, managing details and working behind the scenes to make the head of the department look good. But when her boss has a stroke and she's left to run things, she discovers that the

library's most prized manuscript is missing. Liesl tries to sound the alarm and inform the police about the missing priceless book, but is told repeatedly to keep quiet, to keep the doors open and the donors happy. But then a librarian unexpectedly stops showing up to work. Liesl must investigate both disappearances, unspooling her colleagues' pasts like the threads of a rare book binding as it becomes clear that someone in the department must be responsible for the theft. What Liesl discovers about the dusty manuscripts she has worked among for so long—and about the people who care for and revere them—shakes the very foundation on which she has built her life. *The Department of Rare Books and Special Collections* is a sparkling book-club read about a woman struggling to step out from behind the shadows of powerful and unreliable men, and reveals the dark edge of obsession running through the most devoted bookworms.

Anil Seth's quest to understand the  
biological basis of conscious  
experience is one of the most exciting  
contributions to twenty-first-century  
science. What does it mean to “be  
you”—that is, to have a specific,  
conscious experience of the world  
around you and yourself within it?  
There may be no more elusive or  
fascinating question. Historically,  
humanity has considered the nature of  
consciousness to be a primarily  
spiritual or philosophical inquiry, but  
scientific research is now mapping out  
compelling biological theories and

explanations for consciousness and  
selfhood. Now, internationally renowned  
neuroscience professor, researcher,  
and author Anil Seth is offers a window  
into our consciousness in **BEING YOU:  
A New Science of Consciousness**. Anil  
Seth is both a leading expert on the  
neuroscience of consciousness and one  
of most prominent spokespeople for this  
relatively new field of science. His  
radical argument is that we do not  
perceive the world as it objectively is,  
but rather that we are prediction  
machines, constantly inventing our  
world and correcting our mistakes by  
the microsecond, and that we can now  
observe the biological mechanisms in  
the brain that accomplish this process  
of consciousness. Seth has been  
interviewed for documentaries aired on  
the BBC, Netflix, and Amazon and  
podcasts by Sam Harris, Russell Brand,  
and Chris Anderson, and his 2017 TED  
Talk on the topic has been viewed over  
11 million times, a testament to his  
uncanny ability to make unimaginably  
complex science accessible and  
entertaining.

The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, *The Historian* is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. "Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell." —Baltimore Sun

To obtain sacred relics, medieval monks

plundered tombs, avaricious merchants raided churches, and relic-mongers scoured the Roman catacombs. In a revised edition of *Furta Sacra*, Patrick Geary considers the social and cultural context for these acts, asking how the relics were perceived and why the thefts met with the approval of medieval Christians.

Who Put This Song On St. Martin's Press  
Rich in historical detail, Heather Terrell's mesmerizing novel *Brigid of Kildare* is the story of the revolutionary Saint Brigid and the discovery of the oldest illuminated manuscript in the annals of the Church, a manuscript that contains an astonishing secret history. Fifth-century Ireland: Brigid is Ireland's first and only female priest and bishop. Followers flock to her Kildare abbey and scriptorium. Hearing accounts of Brigid's power, the Church deems her a threat and sends Decius, a Roman priest and scribe, on a secret mission to collect proof of Brigid's heresy. As Decius records the unorthodox practices of Brigid and her abbey, he becomes intrigued by her. When Brigid assigns Decius a holy task—to create the most important and sacred manuscript ever made—he finds himself at odds with his original mission

and faces the most difficult decision of his life. Modern day: Alexandra Patterson, an appraiser of medieval relics, has been summoned to Kildare to examine a reliquary box believed to belong to Saint Brigid. Hidden within the sacred box is the most beautiful illuminated manuscript Alex has ever seen. But even more extraordinary is the contents of the manuscript's vellum pages, which may have dire repercussions for the Catholic Church and could very well rewrite the origins of Christianity.

But the same skills that make her a brilliant litigator also make Mara suspicious, and she begins to believe that Hilda's tragic family story might be more than just heartbreaking—it might be true.
