Talking Back Between the Lines(CA)

"When truth teller and careful writer bell hooks offers a book, I like to be standing at the bookshop when it opens." –Maya Angelou
Renowned visionary bell hooks explored the meaning of love in American culture with the critically acclaimed bestseller All About Love: New Visions. She continued her national dialogue with the bestselling Salvation: Black People and Love. Now hooks culminates her triumphant trilogy of love with Communion: The Female Search for Love. Intimate, revealing, provocative, Communion challenges every woman to courageously claim the search for love as the heroic journey we must all choose to be truly free. In her trademark commanding and lucid language, hooks explores the ways ideas about women and love were changed by the feminist movement, by women's full participation in the workforce, and by the culture of self-help, and reveals how women of all ages can bring love into every aspect of their lives, for all the years of their lives. Communion is the heart-to-heart talk every woman -- mother, daughter, friend, and lover -- needs to have.

Writing the acclaimed book Ain't I a Woman: Black Women and Feminism at the age of nineteen, she begins to emerge as a brilliant social critic and public intellectual. Wounds of Passion describes a woman's struggle to devote herself to writing, sharing the difficulties, the triumphs, the pleasures, and the dangers. " A NOVEL FOR LIFE AFTER THE PANDEMIC...Scratches a particular imaginative itch that we are all experiencing at the precipice of a new era." -- The New Yorker
From the National Book Award-winning author of The Friend comes a moving and eerily relevant novel that imagines the aftermath of a pandemic virus as seen through the eyes of a thirteen-year-old boy uncertain of his destiny. His family's sole survivor after a flu pandemic has killed large numbers of people worldwide, Cole Vining is lucky to have found refuge with the evangelical Pastor Wyatt and his wife in a small town in southern Indiana. As the world outside has grown increasingly anarchic, Salvation City has been spared much of the devastation, and its residents have renewed their preparations for the Rapture. Grateful for the shelter and love of his foster family (and relieved to have been saved from the horrid, overrun orphanages that have sprung up around the country), Cole begins to form relationships within the larger community. But despite his affection for this place, he struggles with memories of the very different world in which he was reared. Is there room to love both Wyatt and his parents? Are they still his parents if they are no longer there? As others around him grow increasingly fixated on the hope of salvation and the new life to come through the imminent Rapture, Cole begins to conceive of a different future for himself, one in which his own dreams of heroism seem within reach. Written in Sigrid Nunez's deceptively simple style, Salvation City is a story of love, betrayal, and forgiveness, weaving the deeply affecting story of a young boy's transformation with a profound meditation on the meaning of belief and heroism.

In this provocative and captivating dialogue, bell hooks and Cornel West come together to discuss the dilemmas, contradictions, and joys of Black intellectual life. The two friends and comrades in struggle talk, argue, and disagree about everything from community to capitalism in a series of intimate conversations that range from playful to probing to revelatory. In evoking the act of breaking bread, the book calls upon the various traditions of sharing that take place in domestic, secular, and sacred life where people come together to give themselves, to nurture life, to renew their spirits, sustain their hopes, and to make a lived politics of revolutionary struggle an ongoing practice. This 25th anniversary edition continues the dialogue with "In Solidarity," their 2016 conversation at the bell hooks Institute on racism, politics, popular culture and the contemporary Black experience.

For bell hooks, the best cultural criticism sees no need to separate politics from the pleasure of reading. Yearning collects together some of hooks's classic and early pieces of cultural criticism from the '80s. Addressing topics like pedagogy, postmodernism, and politics, hooks examines a variety of cultural artifacts, from Spike Lee's film Do the Right Thing and Wim Wenders's film Wings of Desire to the writings of Zora Neale Hurston and Toni Morrison. The result is a poignant collection of essays which, like all of hooks's work, is above all else concerned with transforming oppressive structures of domination.

An Invitation to Community and Models for Connection After almost every presentation activist and writer Mia Birdsong gives to executives, think tanks, and policy makers, one of those leaders quietly confesses how much they long for the profound community she describes. They have family, friends, and colleagues, yet they still feel like they're standing alone. They're "winning" at the American Dream, but they're lonely, disconnected, and unsatisfied. It seems counterintuitive that living the "good life"--the well-paying job, the nuclear family, the upward mobility--can make us feel isolated and unhappy. But in a divided America, where only a quarter of us know our neighbors and everyone is either a winner or a loser, we've forgotten the key element that helped us make progress in the first place: community. In this provocative, groundbreaking work, Mia Birdsong shows that what separates us isn't only the ever-present injustices built around race, class, gender, values, and beliefs, but also our denial of our interdependence and need for belonging. In response to the fear and discomfort we feel, we've built walls, and instead of leaning on each other, we find ourselves leaning on concrete. Through research, interviews, and stories of lived experience, How We Show Up returns us to our inherent connectedness where we find strength, safety, and support in vulnerability and generosity, in asking for help, and in being accountable. Showing up--literally and figuratively--points us toward the promise of our collective vitality and leads us to the liberated well-being we all want.

Writing fiction is one thing. Studying the Bible and writing about its teachings is quite another. This project was over 5 years in the making. After all, I would never want to be guilty of adding to or subtracting from the Word of God. I hope and pray that I ' ve lived up to that standard with this book. The End Times. The Rapture. A world dictator called the Antichrist. The great tribulation. Christ ' s second coming. What do you know about these topics? What you ' ve heard in church? Maybe all you know is what you ' ve read or seen in popular fiction. But do you know and understand where some of these ideas came from? I know I didn ' t. I ' d been taught about the End Times from the pulpit in several churches we had attended over the years. And yet, something gnawed at me about a few of the Scriptures used to support those teachings. And then, roughly six years ago, I began a Spirit-led journey through the Bible that I never imagined would result in a book. Now, here it is. Open your mind to the possibility that most, if not all, of what you ' ve been taught is wrong.

PULITZER PRIZE FINALIST • From one of our most heralded writers comes the " poetic, disturbing, yet very funny " (The Washington Post Book World) life-and-death adventures of three misfit teenagers in the American desert. Alice, Corvus, and Annabel, each a motherless child, are an unlikely circle of friends. One filled with convictions, another with loss, the third with a worldly pragmatism, they traverse an air-conditioned landscape eccentric with signs and portents—from the preservation of the living dead in a nursing home to the presentation of the dead as living in a wildlife museum—accompanied by restless, confounded adults. A father lustr after his handsome gardener even as he's haunted (literally) by his dead wife; a heartbroken dog runs afoul of an angry neighbor; a young stroke victim drifts westward, his luck running from worse to awful; a sickly musician for whom Alice develops an attraction is drawn instead toward darker imaginings and solutions; and an aging big-game hunter finds spiritual renewal through his infatuation with an eight-year-old—the formidable Emily Bliss Pickless. With nature thoroughly routed and the ambiguities of existence on full display, life and death continue in directions both invisible and apparent. Gloriously funny and wonderfully serious, The Quick and the Dead limns the vagaries of love, the thirst for meaning, and the peculiar paths by which all creatures are led to their destiny. A panorama of contemporary life and an endlessly surprising tour de force: penetrating and magical, ominous and comic, this is the most astonishing book yet in Joy Williams's illustrious career. Joy Williams belongs, James Salter has written, "in the company of C é line, Flannery O'Connor, and Margaret Atwood."

One of our country ' s premier cultural and social critics, bell hooks has always maintained that eradicating racism and eradicating

sexism must go hand in hand. But whereas many women have been recognized for their writing on gender politics, the female voice has been all but locked out of the public discourse on race. Killing Rage speaks to this imbalance. These twenty-three essays are written from a black and feminist perspective, and they tackle the bitter difficulties of racism by envisioning a world without it. They address a spectrum of topics having to do with race and racism in the United States: psychological trauma among African Americans; friendship between black women and white women; anti-Semitism and racism; and internalized racism in movies and the media. And in the title essay, hooks writes about the “killing rage”—the fierce anger of black people stung by repeated instances of everyday racism—finding that rage a healing source of love and strength and a catalyst for positive change. bell hooks is Distinguished Professor of English at City College of New York. She is the author of the memoir *Bone Black* as well as eleven other books. She lives in New York City.

What does it mean to call a place home? Who is allowed to become a member of a community? When can we say that we truly belong? These are some of the questions of place and belonging that renowned cultural critic bell hooks examines in her new book, *Belonging: A Culture of Place*. Traversing past and present, *Belonging* charts a cyclical journey in which hooks moves from place to place, from country to city and back again, only to end where she began--her old Kentucky home. hooks has written provocatively about race, gender, and class; and in this book she turns her attention to focus on issues of land and land ownership. Reflecting on the fact that 90% of all black people lived in the agrarian South before mass migration to northern cities in the early 1900s, she writes about black farmers, about black folks who have been committed both in the past and in the present to local food production, to being organic, and to finding solace in nature. Naturally, it would be impossible to contemplate these issues without thinking about the politics of race and class. Reflecting on the racism that continues to find expression in the world of real estate, she writes about segregation in housing and economic racialized zoning. In these critical essays, hooks finds surprising connections that link of the environment and sustainability to the politics of race and class that reach far beyond Kentucky. With characteristic insight and honesty, *Belonging* offers a remarkable vision of a world where all people--wherever they may call home--can live fully and well, where everyone can belong.

Stitching together girlhood memories with the finest threads of innocence, feminist intellectual bell hooks presents a powerfully intimate account of growing up in the South. A memoir of ideas and perceptions, *Bone Black* shows the unfolding of female creativity and one strong-spirited child's journey toward becoming a writer. She learns early on the roles women and men play in society, as well as the emotional vulnerability of children. She sheds new light on a society that beholds the joys of marriage for men and condemns anything more than silence for women. In this world, too, black is a woman's color—worn when earned—daughters and daddies are strangers under the same roof, and crying children are often given something to cry about. hooks finds good company in solitude, good company in books. She also discovers, in the motionless body of misunderstanding, that writing is her most vital breath.
