Popular Mechanics Avalon Travel Pub

A world list of books in the English language.

Aztec Art British Archaeological Reports Limited

The Templo Mayor was a concrete manifestation of this unique system of beliefs. Antonio Serrato-Combe's carefully researched graphic treatments of these architectural spaces are at once both novel and stunning. Using computer-generated, three-dimensional color imagery, he presents a series of architectural topics ranging from site-planning principles to building details.

How to Keep Your Volkswagen Alive Harry N Abrams Incorporated

Examines the importance of the Aztec temple from the perspectives of archaeologist, ethnohistorian, and religious historian

The Tira de Tepechpan MotorBooks International

This edition includes new discoveries from Palenque, Mexico, where architecture and sculpture reveal a dramatic eighth century to San Bartolo, Guatemala, where Maya murals of this unprecedented complexity have been uncovered.

The Aztec Chronicles Duke University Press
Discover Mexico's past and present hand-in-hand with the experts! This travel guide offers a unique ten-day tour of the sites of Mexico's pre-Columbian cultures, starting in Mexico City and ending in Cancoen. As you visit the remains of the great early civilizations in Teotihuac++n, Oaxaca Valley, Uxmal, Chichžn Itza, Cob++, and Cancoen, this eye-opening book will tell you just what makes these places and cultures so special. Stuart and Swanson comment on everything that's likely to catch your attentionÑfrom the lay of the land to the taste of the food, from Mayan Sacred Wells to colonial Spanish cathedrals, from Aztec pyramids to the thatched oval houses of today's Maya villages, from sisal plantations to glimpses of the beautiful turquoise-crested motmot. Ancient Mexico: Aztec, Mixtec, and Maya Landscapes makes the best of traveling companions: compact, informed, and lively. You'll want to read and re-read it as you plan, take, and relive your trip! George E. Stuart, National Geographic Society, is an authority on Mesamerican archeology. Winfield Swanson is the managing editor of the journal National Geographic Research & Exploration. A volume in Touring North America, a new series of thirteen guides by geographers for the curious traveler. The

guides provide stop-by-stop tours to the most interesting places in the United States, Canada, Mexico, and the Caribbean. They tell you what to seeÑand what it means! This innovative series, specially commissioned for the 27th International Geographical Congress 1992 and featuring maps by National Geographic Society cartographers, will be invaluable to the visitor and the native alike.

The Great Temple of Tenochtitlan University of Alabama Press

Discusses Aztec architecture, stone sculpture, codices, mozaics, wood sculpture, ceramics, and featherwork and covers the historical and cultural background of the works

The Art of Mesoamerica R. R. Bowker

In "The War of the Fatties," a campy, tongue-in-cheek retelling of an episode from the Mexican "Trojan War," naked fat women from Tlatelolco discombobulate Tenochtitlan's invading army by squirting them with breast milk. Told with satiric allusions to the policies and tactics used by Mexico's current ruling party, PRI, to consolidate its power, the play unfolds a history of vain rivalry and decadence, intricate political maneuvers, corruption, and unchecked ambition that determined the course of Mexican history for two centuries before the Spanish conquest. Novo's other works in this collection—"A Few Aspects of Sex among the Nahuas," "Ahuítzotl and the Magic Water," "Cuauhtémoc: Play in One Act," "Cuauhtémoc and Eulalia: A Dialogue," "Malinche and Carlota: A Dialogue," and "In Ticitézcatl or The Enchanted Mirror: Opera in Two Acts"—represent nearly all of

his Aztec-related writings. Taken together, they provide a delightful introduction to Novo's later works and a light-hearted, historically accurate introduction to Aztec culture. The text is supplemented by a glossary of Nahuatl terms, notes on the historical characters, and an introduction that provides historical background and places Novo's works within their cultural context.

The Cumulative Book Index Backbeat Books
Simple and sacred descriptions of indigenous wisdoms where readers discover how celestial cycles merge with seven skills for long life, and learn the secrets of becoming spiritual warriors of the mind and heart. "This is the book that Carlos Aceves' fans have been waiting for. At last a codification of the wisdom that Aceves teaches during classroom lessons, community lectures, public workshops, and circles around the fire. As hosts who have brought Aceves to Central Texas audiences, we continually hear the aftermath of presentations long past: 'When will he be back?' 'I want to attend his workshop.' 'I should have brought a notepad to take notes.' With 'Nine Seasons' not only will Aceves' accessibility be expanded to those appreciative of indigenous wisdom, but established fans will have a tidy manual for quick refreshers on the road to a sacred and balanced life." - Mario Garza, Ph.D, Board of Directors Chair, San Marcos, Texas, U.S.

information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
Annual Catalogue of Australian Publications
Early Modern History: Society
The history of the Aztecs has been haunted by the spectre of human sacrifice. As bloody priests and brutal warriors, the Aztecs have peopled the pages of history, myth and fiction, their spectacular violence dominating perceptions of their culture and casting a veil over their unique way of life. Reinvesting the Aztecs with a humanity frequently denied to them, and exploring their religious violence as a comprehensible element of life and existence, Caroline Dodds Pennock integrates a fresh interpretation of gender with an innovative study of the everyday life of the Aztecs. This was a culture of contradictions and complications, but in amongst the grand ritual we can find the personal and private, the minutiae of life which make the world of these extraordinary people instantly familiar. Despite their violent bloodshed, the Aztecs were a compassionate and expressive people who lived and worked in cooperative gendered partnership.

Paperbound Books in Print Tqs Publications
After the Aztec empire falls to the Spaniards, a young Aztec named Tenamahtli begins recruiting from among his fellow survivors of the Conquest to once again challenge the Spaniards and restore the Aztec empire. By the author of Aztec. 250,000 first printing.
Producer of the Living, Eater of the Dead
University of Texas Press
Tells the story of Tiofilio Duarte, a Mexican American high school student who dreams of

becoming a stand up comic called the Aztec Love God

Nine Seasons

"Aztec" is the extraordinary story of the last and greatest native civilization of North America. Told in the words of one of the most robust and memorable characters in modern fiction, Mixtli-Dark Cloud, "Aztec" reveals the very depths of Aztec civilization from the peak and feather-banner splendor of the Aztec Capital of Tenochtitlan to the arrival of Hernán Cortés and his conquistadores, and their destruction of the Aztec empire. The story of Mixtli is the story of the Aztecs themselves---a compelling, epic tale of heroic dignity and a colossal civilization's rise and fall.

Guitar Player Repair Guide

This work enumerates and discusses the various iconographic elements borne by the two main Aztec (15th and 16th centuries) variants of Tlaltecuhтли (the anthropomorphic version of the Aztec earth) so as to elucidate their meanings and symbolism. It also compiles not only the arguments and sources relevant to studies of Tlaltecuhтли, but also, for the first time, all known published images of the deity. The end result demonstrates that not only were there two main Tlaltecuhтли variants, but that the first of these was female and the second male.

Aztec

Covers set-up, maintenance, tuners, acoustic adjustments, nut replacement, fret dressing, refretting, guitar electronics, finish application and repair, and useful tools
Four-Wheeler's Bible

Sometimes referred to as the first published manual of guerrilla warfare, Bernardo de Vargas Machuca's Indian Militia and Description of the Indies is actually the first known manual of counterinsurgency, or anti-guerrilla warfare. Published in Madrid in

1599 by a Spanish-born soldier of fortune with long experience in the Americas, the book is a training manual for conquistadors. The Aztec and Inca Empires had long since fallen by 1599, but Vargas Machuca argued that many more Native American peoples remained to be conquered and converted to Roman Catholicism. What makes his often shrill and self-righteous treatise surprising is his consistent praise of indigenous resistance techniques and medicinal practices. Containing advice on curing rattlesnake bites with amethysts and making saltpeter for gunpowder from concentrated human urine, *The Indian Militia* is a manual in four parts, the first of which outlines the ideal qualities of the militia commander. Addressing the organization and outfitting of conquest expeditions, Book Two includes extended discussions of arms and medicine. Book Three covers the proper behavior of soldiers, providing advice on marching through peaceful and bellicose territories, crossing rivers, bivouacking in foul weather, and carrying out night raids and ambushes. Book Four deals with peacemaking, town-founding, and the proper treatment of conquered peoples. Appended to these four sections is a brief geographical description of all of Spanish America, with special emphasis on the indigenous peoples of New Granada (roughly modern-day Colombia), followed by a short guide to the southern coasts and heavens. This first English-language edition of *The Indian Militia* includes an extensive introduction, a posthumous report on Vargas Machuca's military service, and a selection from his unpublished attack on the writings of Fray Bartolomé de Las Casas.

The Aztec Calendar Handbook

In exploring the pattern and methods of Aztec expansion, Ross Hassig focuses on political and economic factors. Because they lacked numerical superiority, faced logistical problems presented by the terrain, and competed with agriculture for manpower, the Aztecs relied as much on threats and

the image of power as on military might to subdue enemies and hold them in their orbit. Hassig describes the role of war in the everyday life of the capital, Tenochtitlan: the place of the military in Aztec society; the education and training of young warriors; the organization of the army; the use of weapons and armor; and the nature of combat.
