NEW YORK TIMES BEST SELLER • A beautiful, arresting story about race and the relationships that shape us through life by the legendary Nobel Prize winner—for the first time in a beautifully produced stand-alone edition, with an introduction by Zadie Smith “A puzzle of a story, then—a game.... When [Morrison] called *Recitatif* an ‘experiment’ she meant it. The subject of the experiment is the reader.” —Zadie Smith, award-winning, best-selling author of *White Teeth* In this 1983 short story—the only short story Morrison ever wrote—we meet Twyla and Roberta, who have known each other since they were eight years old and spent four months together as roommates in St. Bonaventure shelter. Inseparable then, they lose touch as they grow older, only later to find each other again at a diner, a grocery store, and again at a protest. Seemingly at opposite ends of every problem, and at each other's throats each time they meet, the two women still cannot deny the deep bond their shared experience has forged between them. Another work of genius by this masterly writer, *Recitatif* keeps Twyla's and Roberta's races ambiguous throughout the story. Morrison herself described *Recitatif*, a story which will keep readers thinking and discussing for years to come, as “an experiment in the removal of all racial codes from a narrative about two characters of different races for whom racial identity is crucial.” We know that one is white and one is Black, but which is which? And who is right about the race of the woman the girls tormented at the orphanage? A remarkable look into what keeps us together and what keeps us apart, and how perceptions are made tangible by reality, *Recitatif* is a gift to readers in these changing times.

A novelist and short-story writer, Willa Cather is today widely regarded as one of the foremost American authors of the twentieth century. Particularly renowned for the memorable women she created for such works as *My Antonia* and *O Pioneers!*, she pens the portrait of another formidable character in *The Song of the Lark*. This, her third novel, traces the struggle of the woman as artist in an era when a woman's role was far more rigidly defined than it is today. The prototype for the main character as a child and adolescent was Cather herself, while a leading Wagnerian soprano at the Metropolitan Opera (Olive Fremstad) became the model for Thea Kronborg, the singer who defies the limitations placed on women of her time and social station to become an international opera star. A coming-of-age-novel, important for the issues of gender and class that it explores, *The Song of the Lark* is one of Cather's most popular and lyrical works. Whoopi Goldberg, Meredith Monk, Ping Chong, Spalding Gray, Barbara Dilley, and other contemporary performance artists talk about their work. The Knowing Body John Wiley & Sons Back after a four-year hiatus, New York Times bestselling author Scott Adams presents an outrageous look at work, home and everyday life in his new book, Dilbert and the Way of the Weasel. Building on Dilbert's theory that 'All people are idiots', Adams now says, 'All people are idiots. And they are also weasels.' Just ask anyone who worked at Enron. In this book, Adams takes a look into the Weasel Zone, the giant grey area between good moral behaviour and outright felonious activities. In the Weasel Zone, where most people reside, everything is misleading, but not exactly a lie. Building on his popular comic strip, Adams looks into work, home and everyday life and exposes the way of the weasel for everyone to see. With appearances from all the regular comic strip characters, Adams and Dilbert are at the top of their game - master satirists who expose

the truth while making us laugh our heads off.
