Annabel Lee Routledge
A visionary report on the revitalization of the liberal arts tradition in the electronically inflected, design-driven, multimedia language of the twenty-first century. *Digital Humanities* is a compact, game-changing report on the state of contemporary knowledge production. Answering the question "What is digital humanities?," it provides an in-depth examination of an emerging field. This collaboratively authored and visually compelling volume explores methodologies and techniques unfamiliar to traditional modes of humanistic inquiry—including geospatial analysis, data mining, corpus linguistics, visualization, and simulation—to show their relevance for contemporary culture. Written by five leading

practitioner-theorists whose varied backgrounds embody the intellectual and creative diversity of the field, *Digital Humanities* is a vision statement for the future, an invitation to engage, and a critical tool for understanding the shape of new scholarship.

How to Analyze Poetry
Knopf

"David Orr is no starry-eyed cheerleader for contemporary poetry; Orr's a critic, and a good one. . . . *Beautiful & Pointless* is a clear-eyed, opinionated, and idiosyncratic guide to a vibrant but endangered art form, essential reading for anyone who loves poetry, and also for those of us who mostly just admire it from afar." —Tom Perrotta
Award-winning New York Times Book Review poetry columnist David Orr delivers an engaging, amusing, and stimulating tour through the world of

poetry. With echoes of Francine Prose's *Reading Like a Writer*, Orr's *Beautiful & Pointless* offers a smart and funny approach to appreciating an art form that many find difficult to embrace.

Narrative Inquiry examines human lives through the lens of a narrative, honoring lived experience as a source of important knowledge and understanding. In this concise volume, D. Jean Clandinin, one of the pioneers in using narrative as research, updates her classic formulation on narrative inquiry (with F. Michael Connelly), clarifying, extending and refining the method based on an additional decade of work. A valuable feature is the inclusion of several exemplary cases with the author's critique and

analysis of the work. The rise of interest in narrative inquiry in recent years makes this an essential guide for researchers and an excellent text for graduate courses in qualitative inquiry.

Making Poetry Happen Routledge

We wake and sleep every day. Growing up, as we must. Debut poetry chapbook *Can You Catch My Flow?* captures the everyday ordinary events of the human condition in poetic snapshots. No matter the walks of life, the reader is sure to find themselves within the lines. Lidy's poetry reveals an understanding that deep meaning can be felt in the details. Her poetry portrays a range of topics from the pressures to conform to societal expectations, friendship, monarch butterflies, partying, insomnia, and the quest for peace...just to name a few. Enjoy!- Shelah L. Maul
From emerging from our cocoons, everything we have become is forever ingrained upon us. And hopeful for the next destination, we flap our wings and await the storm.

Engaging in Narrative Inquiry Harper Collins
An impassioned call for a return to reading poetry and an incisive argument for poetry's accessibility to all readers, by critically acclaimed poet Matthew Zapruder
In *Why Poetry*, award-winning poet Matthew Zapruder takes on what it is that poetry—and poetry alone—can do. Zapruder argues that the way we have been taught to read poetry is the very thing that prevents us from enjoying it. In lively, lilting prose, he shows us how that misunderstanding interferes with our direct experience of poetry and creates the sense of confusion or inadequacy that many of us feel when faced with it. Zapruder explores what poems are, and how we can read them, so that we can, as Whitman wrote, “possess the origin of all poems,” without the aid of any teacher or expert. Most important, he asks how reading poetry can help us to lead our lives with greater meaning and purpose. Anchored in poetic analysis and

steered through Zapruder's personal experience of coming to the form, *Why Poetry* is engaging and conversational, even as it makes a passionate argument for the necessity of poetry in an age when information is constantly being mistaken for knowledge. While he provides a simple reading method for approaching poems and illuminates concepts like associative movement, metaphor, and negative capability, Zapruder explicitly confronts the obstacles that readers face when they encounter poetry to show us that poetry can be read, and enjoyed, by anyone.

Poetry as Method HarperCollins

In 2012, to celebrate the centennial of *Poetry*, the Press published *The Open Door: 100 Poems, 100 Years of Poetry Magazine*, edited by Share and Wiman; that is the model for this new anthology of fifty essays about reading poetry. All were commissioned by *Poetry* for a column called *The View From Here*, in which people "from outside the world of poetry" are invited to describe when and why they read poetry.

The editors sought contributions from philosophers and journalists, musicians and artists, doctors and soldiers, an ironworker, a lawyer, anthropologist, economist, and politician. Contributors include Neko Case, Roger Ebert, Richard Rorty, Rhymefest, Lynda Barry, Daniel Handler, and Alex Ross. They have arranged the essays in groups and pulled out quotes to open each of the eight sections as a way to suggest themes without trying to prescribe how the pieces should be read. Each essay retains its own voice, and many are surprising, provocative, touching, or funny.

Making Poetry Matter

DOS Madres Press

In May of 1985, an international symposium was held at The Metropolitan Museum of Art in honor of John M. Crawford, Jr., whose gifts of Chinese calligraphy and painting have constituted a significant addition to the Museum's holdings. Over a three-day period, senior scholars from China, Japan, Taiwan, Europe, and the United States expressed a wide range of perspectives on an issue central to the history of Chinese visual aesthetics:

the relationships between poetry, calligraphy, and painting. The practice of integrating the three art forms-known as *san-chiieh*, or the three perfections-in one work of art emerged during the Sung and Yuan dynasties largely in the context of literati culture, and it has stimulated lively critical discussion ever since.

This publication contains twenty-three essays based on the papers presented at the Crawford symposium. Grouped by subject matter in a roughly chronological order, these essays reflect research on topics spanning two millennia of Chinese history. The result is an interdisciplinary exploration of the complex set of relationships between words and images by art historians, literary historians, and scholars of calligraphy. Their findings provide us with a new level of understanding of this rich and complicated subject and suggest further directions for the study of Chinese art history. The essays are accompanied by 255 illustrations, some of which reproduce works rarely published. Chinese

characters have been provided throughout the text for artists names, terms, titles of works of art and literature, and important historical figures, as well as for excerpts of selected poetry and prose. A chronology, also containing Chinese characters, and an extensive index contribute to making this book illuminating and invaluable to both the specialist and the layman.

The Cambridge Introduction to Twentieth-Century American Poetry is designed to give readers a brief but thorough introduction to the various movements, schools, and groups of American poets in the twentieth century. It will help readers to understand and analyze modern and contemporary poems. The first part of the book deals with the transition from the nineteenth-century lyric to the modernist poem, focussing on the work of major modernists such as Robert Frost, T. S. Eliot, Ezra Pound, Wallace Stevens, Marianne Moore, and W. C. Williams. In the second half of the book, the focus is on groups such as the poets of the Harlem

Renaissance, the New Critics, the Confessionals, and the Beats. In each chapter, discussions of the most important poems are placed in the larger context of literary, cultural, and social history.

Naming the Unnameable: An Approach to Poetry for the New Generation assembles a wide range of poetry from contemporary poets, along with history, advice, and guidance on the craft of poetry. Informed by a consideration to the psychology of invention, Michelle Bonczek Evory's writing philosophy emphasizes both spontaneity and discipline, teaching students how to capture the chaos in our memories, imagination, and bodies with language, and discovering ways to mold them into their own cosmos, sculpt them like clay on a page. Exercises aim to make writing a form of play in its early stages that gives way to more enriching insights through revision, embracing the writing of poetry as both a love of language and a tool that enables us to explore ourselves and understand the world. *Naming the Unnameable* promotes an understanding of poetry as a living art and provides ways for students to involve themselves in the growing contemporary poetry community that thrives in America today.

The journey of an important feminist writer through poetry, prose, and politics. Among the most celebrated American poets of the past half century, Adrienne Rich was the recipient of numerous awards, including the Bollingen Prize, the National Book Award, and the Lannan Lifetime Achievement Award. In *Understanding Adrienne Rich*, Jeannette E. Riley assesses the full scope of Rich's career from 1957 to her death in 2012 through a chronological exploration of her poetry and prose. Riley details the evolution of Rich's feminist poetics as she investigated issues of identity, sexuality, gender, the desire to reclaim women's history, and what she terms "the dream of a common language." Throughout the book she documents Rich's gradually developing assertion that poetry can create social change and engage people in the democratic process. Interweaving explications of Rich's poetry with analysis of her prose, Riley offers a close look at the development of the author's voice from formalist poet to feminist visionary to citizen poet.

Winner of the 2020 Anselm Strauss Award for Qualitative Family Research, National Council on Family Relations. How is qualitative data actually collected, analyzed, and accomplished? *Real Stories of How Qualitative Data Analysis Occurs: Moving Beyond "Themes Emerged"* offers an in-depth look into how qualitative social science researchers studying family issues and dynamics approach their data analyses. It moves beyond the usual vague statement of "themes emerged from the data" to show readers how researchers actively and consciously arrive at their themes and conclusions, revealing the complexity and time involved in making sense of thousands of pages of interview data, multiple data sources, and diverse types of data. *How Qualitative Data Analysis Occurs* focuses on a diversity of topics in family research across the life course. The various authors provide detailed narratives into how they analyzed their data from previous publications, and what methodologies they used, ranging from arts-based research, autoethnography,

community-based participatory research, ethnography, grounded theory, to narrative analysis. Supplemental figures, images, and screenshots which are referred to in the chapters, are included in an accompanying eResource, as well as links to the previously published work on which the chapters are based. This book is an invaluable resource for experienced and novice qualitative researchers throughout the social sciences.

Making Poetry Matter draws together contributions from leading

scholars in the field to offer a variety of perspectives on poetry pedagogy. A wide range of topics are covered including: - Teacher attitudes to teaching poetry in the urban primary classroom - Digital poetry and multimodality - Resistance to poetry in Post-16 English Throughout, the internationally recognised contributors draw on case studies to ensure that the theory is clearly linked to classroom practice. They consider the teaching and learning challenges that poetry presents for those working with learners aged between 5 and 19 and explore these challenges with reference to reading; writing; speaking and listening and the transformative nature of poetry in different contexts.

Naming the Unnameable National Geographic Books Taking its name from the moon's dark plains, misidentified as seas by early astronomers, *The Black Maria* investigates African diasporic histories, the consequences of racism within American culture, and the question of human identity. Central to this project is a desire to recognize the lives of Eritrean refugees who have been made invisible by years of immigration crisis,

refugee status, exile, and resulting statelessness. The recipient of a 2015 Whiting Award for Poetry, Girmay's newest collection eulogizes and celebrates life, while wrestling with the humanistic notion of seeing beyond: seeing violence, seeing grace, and seeing each other better. "to the sea" great storage house, history on which we rode, we touched the brief pulse of your fluttering pages, spelled with salt & life, your rage, your indifference your gentleness washing our feet, all of you going on whether or not we live, to you we bring our carnations yellow & pink, how they float like bright sentences atop your memory's dark hair Aracelis Girmay is the author of two poetry collections, *Teeth* and *Kingdom Animalia*, which won the Isabella Gardner Award and was a finalist for the NBCC Award. The recipient of a 2015 Whiting Award, she has received grants and fellowships from the Jerome, Cave Canem, and Watson foundations, as well as Civitella Ranieri and the NEA.
