Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

### To Be a Spy: A Spy Series Short Story

McGill-Queen's Press - MQUP

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and

Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the

assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward. *Hand-wrought Jewelry* Bloomsbury Publishing USA The first comprehensive study of lesbian bars sheds light on this often overlooked aspect of gay subculture, focusing on the erotic, romantic, and social interactions that happen in such places. In presenting, for the first time, to English readers the greatest work of Germany's greatest mediæval poet, a few words of introduction, alike for poem and writer, may not be out of place. The lapse of nearly seven hundred years, and the changes which the centuries have worked, alike in language and in thought, would have naturally operated to render any work unfamiliar, still more so when that work was composed in a foreign tongue; but, indeed, it is only within the present century that the original text of the Parzival has been collated from the MSS. and made accessible, even in its own land, to the general reader. But the interest which is now felt by many in the Arthurian romances, quickened into life doubtless by the genius of the late Poet Laureate, and the fact that the greatest composer of our time, Richard Wagner, has selected this poem as the groundwork of that wonderful drama, which a growing consensus of opinion has hailed as the grandest artistic

achievement of this century, seem to indicate that the time has come when the work of Wolfram von Eschenbach may hope to receive, from a wider public than that of his own day, the recognition which it so well deserves. Of the poet himself we know but little, save from the personal allusions scattered throughout his works; the dates of his birth and death are alike unrecorded, but the frequent notices of contemporary events to be found in his poems enable us to fix with tolerable certainty the period of his literary activity, and to judge approximately the outline of his life. Wolfram's greatest work, the Parzival, was apparently written within the early years of the thirteenth century; he makes constant allusions to events happening, and to works produced, within the first decade of that period; and as his latest work, the Willehalm, left unfinished, mentions as recent the death of the Landgrave Herman of Thuringia, which occurred in 1216, the probability seems to be that the Parzival was written within the first fifteen

years of the thirteenth century. Inasmuch, too, as this work bears no traces of immaturity in thought or style, it is probable that the date of the poet's birth cannot be placed much later than 1170.

Sistina awakened after millennia of dormancy, her memories in tatters and born anew. Residing in the ruins of an ancient city, she finds herself drawn into a war between two elven nations and the slaver kingdom of Kelvanis when she rescues a princess from slavery. With her domain containing hints of forgotten knowledge, Sistina becomes a dungeon, stronghold, and source of hope all at once. And perhaps, just perhaps, she could finally find love in her new life.

A wonderful new novel from best selling author, Kathryn Freeman. Highly recommended. What if your dreams were so close you could reach out and touch them? How could anyone resist Michael Tennant, with his hypnotic blue eyes and voice like molten chocolate? Jessie Simmons certainly can't. But Jessie's a single mum who can't sing to save her life – there's no way she'll ever cross paths with the star tenor. At least that's what she thinks until she's unexpectedly invited to take part in a new reality TV show. The premise? Professional singers teach hopeless amateurs how to sing. The surprise? Jessie's partner is none other than Michael Tennant! As she becomes better acquainted with the man behind the voice, will Jessie find out the hard way that you should never meet your idols? Or will she get more than

she bargained for? Slayers U of Minnesota Press  
The critically acclaimed author of Polaris Rising takes readers on an exciting journey with the start of her brand-new series about a female bounty hunter and the man who is her sworn enemy. "Jessie Mihalik is an author to watch." — Ilona Andrews, #1 New York Times bestselling author Octavia Zarola would do anything to keep her tiny, close-knit bounty hunting crew together—even if it means accepting a job from Torran Fletcher, a ruthless former general and her sworn enemy. When Torran offers her enough credits to not only keep her crew afloat but also hire someone to fix her ship, Tavi knows that she can't refuse—no matter how much she'd like to. With so much money on the line, Torran and his crew insist on joining the hunt. Tavi reluctantly agrees because while the handsome, stoic leader pushes all of her buttons—for both anger

and desire—she's endured worse, and the massive bonus payment he's promised for a completed job is reason enough to shut up and deal. But when they uncover a deeper plot that threatens the delicate peace between humans and Valoffs, Tavi suspects that Torran has been using her as the impetus for a new war. With the fate of her crew balanced on a knife's edge, Tavi must decide where her loyalties lie—with the quiet Valoff who's been lying to her, or with the human leaders who left her squad to die on the battlefield. And this time, she's put her heart on the line.

"A provocative and jaunty romp through the dos and don'ts of writing for the internet"

(NYT)--the practical, the playful, and the politically correct--from BuzzFeed copy chief Emmy Favilla.

A World Without "Whom" is Eats, Shoots & Leaves for the internet age, and BuzzFeed global copy chief Emmy Favilla is the witty go-to style guru of webspeak. As language evolves faster than ever before, what is the future of "correct" writing?

When Favilla was tasked with creating a style guide for BuzzFeed, she opted for spelling, grammar, and punctuation guidelines that would reflect not only the site's lighthearted tone, but also how readers actually use language IRL. With wry cleverness and an uncanny intuition for the possibilities of internet-age expression, Favilla makes a case for breaking the rules laid out by Strunk and White: A world without "whom," she argues, is a world with more room for writing that's clear, timely, pleasurable, and politically aware.

Featuring priceless emoji strings, sidebars, quizzes,

and style debates among the most lovable word nerds in the digital media world--of which Favilla is queen--A World Without "Whom" is essential for readers and writers of virtually everything: news articles, blog posts, tweets, texts, emails, and whatever comes next . . . so basically everyone.

Samuel Black must make a decision: to be a spy like his father or follow his heart. Either is likely to give his mother chest pains. For Samuel is no longer a lad with the noble wish of being a lamplighter to keep the seedy streets of London safe. About to embark on university, his mind stirs with the thoughts of creating a policing force in London to safeguard its citizens. Daunted by his family's legacy as spies, Samuel fears making his ideas known. But when he stops a would-be purse-snatcher, his path unexpectedly veers into that of one Miss Penelope Paiget, and suddenly, Samuel must make a choice. To Be a

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target.

The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from

1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Learn all about implementing a good gamification design into your products, workplace, and lifestyle Key Features Explore what makes a game fun and engaging Gain insight into the Octalysis Framework and its

applications Discover the potential of the Core Drives of gamification through real-world scenarios Book Description Effective gamification is a combination of game design, game dynamics, user experience, and ROI-driving business implementations. This book explores the interplay between these disciplines and captures the core principles that contribute to a good gamification design. The book starts with an overview of the Octalysis Framework and the 8 Core Drives that can be used to build strategies around the various systems that make games engaging. As the book progresses, each chapter delves deep into a Core Drive, explaining its design and how it should be used. Finally, to apply all the concepts and techniques that you learn throughout, the book contains a brief showcase of using the Octalysis Framework to design a project experience from scratch. After reading this book, you'll have the knowledge and skills to enable the widespread adoption of good gamification and human-focused design in all types of industries. What you will learn Discover ways to use gamification techniques in real-world situations Design fun, engaging, and rewarding experiences with Octalysis Understand what gamification means and how

*Parzival: A Knightly Epic (Complete)* MDPI  
Addressing representation and identity in a variety of production styles and genres, including experimental film and documentary, independent and mainstream film, and television drama, *Filming Difference* poses fundamental questions about the ways in which the art and craft of filmmaking force creative people to confront stereotypes and examine their own identities while representing the complexities of their subjects. Selections range from C. A. Griffith ’ s “ *Del Otro Lado: Border Crossings*, *Disappearing Souls*, and *Other Transgressions* ” and Celine Perre ñ as Shimizu ’ s “ *Pain and Pleasure in the Flesh* of Machiko Saito ’ s *Experimental Movies* ” to Christopher Bradley ’ s “ *I Saw You Naked: ‘ Hard ’ Acting in ‘ Gay ’ Movies*, ” along with Kevin Sandler ’ s interview with Paris Barclay, Yuri Makino ’ s interview with Chris Eyre, and many other perspectives on the implications of film production, writing, producing, and acting. Technical aspects of the craft are considered as well, including how contributors to filmmaking plan and design films and episodic television that feature difference, and how the tools of cinema—such as cinematography and lighting—influence portrayals of gender, race, and sexuality. The struggle between economic pressures and the desire to produce thought-provoking, socially conscious stories forms another core issue raised in *Filming Difference*. Speaking with critical rigor and creative experience, the contributors to this collection communicate the power of their media.
