“ I ’ ve set up my corporation. Now what do I do? ” All too often business owners

and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don ’ t know what to do next. “ Run Your Own Corporation ” provides the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with. Written by Rich Dad ’ s Advisor Garrett Sutton, Esq., who also authored the companion edition “ Start Your Own Corporation ” , the book clearly identifies what must be done to properly maintain and operate your corporation entity. From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, “ Run Your Own Corporation ” is a unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, “ Run Your Own Corporation is the missing link for most entrepreneurs. They ’ ve set up their entity, but don ’ t know the next steps. Garrett Sutton ’ s book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading. ” When “ Start Your Own Corporation ” is combined with “ Run Your Own Corporation ” readers have a two book set that offers the complete corporate picture.

This Technical Note discusses the findings and recommendations made in the Financial Sector Assessment Program for the Russian Federation in the areas of bank resolution and a crisis management framework. The findings reveal that the experiences of past financial crises have strengthened the Russian bank resolution framework. The resolution framework has been effective in preserving financial stability. Since January 2014, 28 banks have been placed in open bank resolution, and three were resolved by purchase and assumption transactions. The effectiveness of bank resolution could be improved. Introduction of the full range of resolution powers and safeguards recommended by the Financial Stability Board Key Attributes would improve the framework’s effectiveness.

Business Start-ups Done Dirt Cheap John Wiley & Sons

Bank Recovery and Resolution Second Edition Sven Schelo Since 2008, enormous efforts have been made worldwide to draft rules to prevent a reoccurrence of the devastating financial events of that year. In the process, bank business has been laid open to intense public and government scrutiny, and regulation of banking has grown to spectacular proportions. Prominent among the measures taken is the EU Bank Recovery and Resolution Directive (BRRD), which, together with the Single Resolution Mechanism (SRM) and the Single Resolution Fund, constitutes a crucial new pillar in the European Banking Union. Practitioners searching for orientation in what can readily be perceived as a ‘jungle’ have an urgent need for a clear and systematic description and analysis of these new rules, which are sure to have a massive impact on bank business from this time on, not only in Europe but also wherever European business is to be found. The solidly grounded analysis in this important book sets the new rules under BRRD into their full context as cross-border phenomena. With its crystal-clear explanation of key provisions, procedures, and ‘triggers’, the book organises a highly complex legal system into patterns and action plans that can be applied in virtually any eventuality likely to arise in cases where bank business is of central significance. Among the topics covered are the following: – entities covered by BRRD; – exceptions under BRRD; – objective and scope of BRRD tools – bail-in, bridge bank, sale of business, asset

separation; – asset quality reviews; – curing or mitigating the continuing problem of non-performing loans; – new rules as response to lack of private solutions; – banks’ requirement to provide a minimum amount of eligible liabilities; – safety buffers to protect resolution; – need to be ‘resolvable’ in a worst case; – leverage and liquidity ratios; – forced mergers; – market spillover effects of recovery planning; – group recovery planning; – effects of foreign law contracts and assets; – write-down of capital instruments; and – special problems of cross-border restructuring. The presentation is enhanced by a comparative dimension, which includes reference to United States and other national developments and a full-scale analysis of Switzerland’s regulatory response to the crisis. Given that a full seamless global system of bank recovery and resolution has not yet been found, and that major banks are global players headquartered in different jurisdictions and even different continents, this book will greatly assist in the work of practitioners who must deal with cases involving international banking under the prevailing status quo. Its usefulness to officials and academics in international banking and finance law and policy, who are working towards a global solution, is of incalculable value.

In order to accompany the expansion of the banking system, the Moroccan authorities have achieved tremendous progresses as regards crisis management, bank resolution, and safety nets. A macroprudential committee composed of BAM, ACAPS, AFM, and MoF has been established to coordinate supervisory actions and manage crisis. Each of the supervisory agencies have various early interventions tools. Sound banking resolution mechanisms have recently been established in the banking law. A financial stability mandate is about to be entrusted to BAM, which shall be formally authorized to take exceptional measures (including the extension of emergency liquidity assistance). The deposit guarantee scheme has also been reshuffled, with the creation of two separate compartments, one for participative banks<sup>2</sup> and another one for conventional banks. All

In concierge medicine, physicians develop amenities-rich membership programs and collect a monthly or annual membership fee to pay for the amenities in addition to the medical services rendered. Handbook of Concierge Medical Practice Design examines the many considerations physicians must make prior to transitioning their practices into concierge services. Maria K. Todd, a recognized expert in concierge medicine, branding, consulting, healthcare, marketing, medical tourism, planning, and physician practice administration, explains how to set up a concierge practice. She describes how this new business model affects workflow and outlines financial considerations—including managed care payer relations, the hybrid practice, and predictive modeling—to uncover the hidden factors that affect bottom-line performance. The book supplies readers with models for creating a business plan and a strategy for transforming a practice into a concierge practice. It concludes by covering the legal aspects of creating a concierge practice. It includes patient acquisition and retention strategies as well as detailed plans for adding additional doctors and physician extenders, such as nurse practitioners and physician assistants. The book provides sample employment contracts and advice on how to select and work with consultants. It includes chapters on business process re-engineering, workflow

management, financial considerations, competitive analysis, developing a business plan, and how to market the new practice.

Keep your corporate status—and avoid personal liability Incorporating your business is an important first step in obtaining limited liability status. To keep that status, you must observe a number of legal formalities, including holding and documenting shareholder and director meetings. Meeting minutes are the primary paper trail of a corporation’s legal life—and The Corporate Records Handbook provides all the instructions and forms you need to prepare them. Minutes forms include: • Notice of Meeting • Shareholder Proxy • Minutes of Annual Shareholders’ Meeting • Minutes of Annual Directors’ Meeting • Waiver of Notice of Meeting, and • Written Consent to Action Without Meeting. You’ll also find more than 75 additional resolutions that let you: • elect S corporation tax status • adopt pension and profit-sharing plans • set up employee benefit plans • amend articles and bylaws • borrow or lend money • authorize bank loans • authorize a corporate line of credit • purchase or lease a company car • and more! With Downloadable Forms All forms are available for download, instructions inside the book. SphinxLegal
