A major triumph of historical fiction, *The Druid King*, is a masterly retelling of the life of the legendary general Vercingetorix and his brilliant crusade against the Roman invasion of Gaul. Vercingetorix was both a man of myth and a real historical figure—he managed, where others had failed, to unite the tribes of Gaul and lead them against the might of the entire Roman empire. After watching his father’s harrowing death, young Vercingetorix retreats to the forest where he learns the ways of the druids. Soon he must return to civilization to reclaim his birthright and his father’s honor, but the city of his birth has changed. Now, he must confront the greatest military power the world has even known—the Roman legions of Julius Caesar. This is the story of Vercingetorix, *Druid King of Gaul*.

“An intimate and deeply human memoir that shows why we should all be concerned about nuclear safety, and the dangers of ignoring science in the

name of national security. ” —Rebecca Skloot, #1 New York Times bestselling author of *The Immortal Life of Henrietta Lacks* A shocking account of the government ’ s attempt to conceal the effects of the toxic waste released by a secret nuclear weapons plant in Colorado and a community ’ s vain search for justice—soon to be a feature documentary Kristen Iversen grew up in a small Colorado town close to Rocky Flats, a secret nuclear weapons plant once designated "the most contaminated site in America." *Full Body Burden* is the story of a childhood and adolescence in the shadow of the Cold War, in a landscape at once startlingly beautiful and--unknown to those who lived there--tainted with invisible yet deadly particles of plutonium. It's also a book about the destructive power of secrets--both family and government. Her father's hidden liquor bottles, the strange cancers in children in the neighborhood, the truth about what was made at Rocky Flats--best not to inquire too deeply into any of it. But as Iversen grew older, she began to ask questions and discovered some disturbing realities. Based on extensive interviews, FBI and EPA documents, and class-action testimony, this taut, beautifully written book is both captivating and unnerving.

In recognition of his labors and his filial piety, an unlikely source has sent him a dangerous gift: 250 Sardinian horses. You give a man one of the famed Sardinian horses to reward him greatly. Arthur turned and strode toward us. He was magnificent, and I will never forget that, in that moment, I first loved him. And I believe--had I known what the future held for us: all the trouble, torment, battle, and grief of our lives--I still believe that I would have yielded my heart into his keeping as I did then . . . In a sweeping epic of the imagination, Alice Borchardt enters the wondrous realm of Arthurian legend and makes it her own. The Dragon Queen is the first volume in a trilogy of novels that boldly re-imagines Camelot--and casts Guinevere as a shrewd, strong-willed, magical warrior queen. Born into a world of terrible strife, where war is constant and weapons are never far from the hands of men or women, Guinevere, daughter of a mighty pagan queen, is a threat to her people and a prize to the dreaded sorcerer Merlin. Sent into hiding, she grows up under the protection of a shapeshifting man-wolf and an ornery Druid. But even on the remote coast of Scotland, where dragons feed and watch over her, she is not safe from the all-seeing High Druid Merlin. He knows the young beauty's destiny, and he will stop at nothing to prevent what has been foretold. For if Guinevere becomes Queen and Arthur, King, they will bring a peace to the land that will leave the power-hungry Merlin a shriveled magician in a weary cloak. Yet Guinevere possesses power of her own--dazzling power to rival even that of Merlin. Summoned from her home by forces she cannot fathom, she travels from the Underworld to an Otherworld of the Past, at each step calling on ancient powers to aid her way. When young Guinevere proves her mettle to an embarrassed Merlin, even her faithful dragon protectors cannot prevent the evil that the sorcerer rains down. Seeking revenge, Merlin banishes Arthur to a world from which the only escape is death. Now Guinevere must face Merlin's wrath without him--and prove that she is worthy of being Arthur's Queen. From the glass-roofed Great Hall at Tintigal to the lush garden forts of Wales, Alice Borchardt details the travels of Guinevere in a rich fabric of prose. The Dragon Queen is a novel of great emotional depth, timeless romance, and soul-stirring adventure.

You can't know there's a war on--for the Snakes coil and Spiders weave to keep you from knowing it's being fought over your live and dead body! Excerpt My name is Greta Forzane. Twenty-nine and a party girl would describe me. I was born in Chicago, of Scandinavian parents, but now I operate chiefly outside space and time--not in Heaven or Hell, if there are such places, but not in the cosmos or universe you know either. I am not as romantically entrancing as the immortal film star who also bears my first name, but I have a rough-and-ready charm of my own. I need it, for my job is to nurse back to health and kid back to sanity Soldiers badly roughed up in the biggest war going. This war is the Change War, a war of time travelers--in fact, our private name for being in this war is being on the Big Time. Our Soldiers fight by going back to change the past, or even ahead to change the future, in ways to help our side win the final victory a billion or more years from now. A long killing business, believe me. You don't know about the Change War, but it's influencing your lives all the time and maybe you've had hints of it without realizing. Have you ever worried about your memory, because it doesn't seem to be bringing you exactly the same picture of the past from one day to the next? Have you ever been afraid that your personality was changing because of forces beyond your knowledge or control? Have you ever felt sure that

sudden death was about to jump you from nowhere? Have you ever been scared of Ghosts--not the story-book kind, but the billions of beings who were once so real and strong it's hard to believe they'll just sleep harmlessly forever? Have you ever wondered about those things you may call devils or Demons--spirits able to range through all time and space, through the hot hearts of stars and the cold skeleton of space between the galaxies? Have you ever thought that the whole universe might be a crazy, mixed-up dream? If you have, you've had hints of the Change War. How I got recruited into the Change War, how it's conducted, what the two sides are, why you don't consciously know about it, what I really think about it--you'll learn in due course.

Alice Guy BlachT (1873-1968), the world's first woman filmmaker, was one of the key figures in the development of narrative film. From 1896 to 1920 she directed 400 films (including over 100 synchronized sound films), produced hundreds more, and was the first--and so far the only--woman to own and run her own studio plant (The Solax Studio in Fort Lee, NJ, 1910-1914). However, her role in film history was completely forgotten until her own memoirs were published in 1976. This new book tells her life story and fills in many gaps left by the memoirs. Guy BlachT's life and career mirrored momentous changes in the film industry, and the long time-span and sheer volume of her output makes her films a fertile territory for the application of new theories of cinema history, the development of film narrative, and feminist film theory. The book provides a close analysis of the one hundred Guy BlachT films that survive, and in the process rewrites early cinema history.
