Computerworld John Wiley & Sons

For more than 15 years, *The Academic Job Search Handbook* has assisted job seekers in all academic disciplines in their search for faculty positions. The guide includes information on aspects of the search that are common to all levels, with invaluable tips for those seeking their first or second faculty position. This new edition provides updated advice and addresses hot topics in the competitive job market of today, including the challenges

faced by dual-career couples, job search issues for pregnant candidates, and advice on how to deal with gaps in a CV. The chapter on alternatives to academic jobs has been expanded, and sample resumes from individuals seeking nonfaculty positions are included. The book begins with an overview of the hiring process and a timetable for applying for academic positions. It then gives detailed information on application materials, interviewing, negotiating job offers, and starting the new job. Guidance throughout is aimed at all candidates, with frequent reference to the specifics of job searches in scientific and technical fields as well as those in the humanities and social sciences. Advice on seeking postdoctoral opportunities is also included. Perhaps the most significant contribution is the inclusion of sample vitas. *The Academic Job Search Handbook* describes the organization and content of the vita and includes samples from a variety of fields. In addition to CVs and research statements, new in this edition are a sample interview itinerary, a teaching portfolio, and a sample offer letter. The job search correspondence section has also been updated, and there is current information on Internet search methods and useful websites.

Resumes for Scientific and Technical Careers Notion Press

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say.

Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Resume and Cover Letter Phrase Book Arco Face it—words matter when it comes to getting noticed, getting the interview, and getting the job. In this invaluable guide to crafting the pitch that opens doors, staffing experts Schuman and Nadler give you hundreds of tools to make that happen. You will no longer struggle to find the phrases that best highlight your achievements; instead, you'll garner attention with such smart options as: I created a program that accomplished the following . . . My work generated \$5 million in revenue . . . I built a team of employees who created . . . The work I did saved my company \$3 million . . . I solved the following problems for my employer . . . The market's tight, but the jobs are out there. With these essential words and phrases, you can move your application to the top of the pile!

Study of Engineering and Career Ballantine Books

Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers,

and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy—with REAL RESUMES in hand. - *The Midwest Book Review* 1-885288-42-5

Real-resumes for Engineering Jobs

A ten-year study by milewalk, which included more than ten thousand employees and two hundred companies, surfaced the hidden reasons why employers have difficulty hiring and retaining top talent. A job candidate's often faulty decision-making approach coupled with short-term emotions and other external influencers exacerbate an already-systemic issue regarding how employers

---

evaluate job seekers. Companies will struggle with these challenges until they fully understand and account for the real reasons they have difficulty recruiting the right resources. In *The Hiring Prophecies: Psychology behind Recruiting Successful Employees*, a milewalk Business Book, learn a proven recruitment methodology that counteracts these ever-present challenges when evaluating job candidates. Once employers understand and implement the methods that address the true predictors of recruiting and retention success, they will be on their way to hiring employees who stay!
