need additional support and more practice to grasp mathematical concepts.

*Harcourt Language, Grade 1*  
Carson-Dellosa Publishing  
We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook provides kids with additional math practice that reinforces and complements what is taught at school. There are no pictures or word problems, and focus on mastery of basic addition and subtraction. This workbook combines traditional addition and subtraction math

---

problems, with number bond problems. Many elementary schools teach math using Number Bonds, and we want kids to have practice on both traditional math questions and number bonds to build fluency and speed in basic arithmetic.

**Macmillan/McGraw-Hill Math**

Houghton Mifflin

Spectrum Test Prep Grade 1 includes strategy-based activities for language arts and math, test tips to help answer questions, and critical thinking and reasoning. The Spectrum Test Prep series for grades 1 to 8 was developed by experts in education and was created to help students improve and strengthen their test-taking skills. The activities in each book not only feature essential practice in reading, math, and language arts test areas, but also

prepare students to take standardized tests. Students learn how to follow directions, understand different test formats, use effective strategies to avoid common mistakes, and budget their time wisely. Step-by-step solutions in the answer key are included. These comprehensive workbooks are an excellent resource for developing skills for assessment success. Spectrum, the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.
