"Describes and analyzes the economic, national security, political, and social systems and institutions of Cuba."--Amazon.com viewed Jan. 4, 2021.

The Sympathizer DIANE Publishing

The Handbook of Conflict Resolution, Second Edition is written for both the seasoned professional and the student who wants to deepen their understanding of the processes involved in conflicts and their knowledge of how to manage them constructively. It provides the theoretical underpinnings that throw light on the fundamental social psychological processes involved in understanding and managing conflicts at all levels—interpersonal, intergroup, organizational, and international. The Handbook covers a broad range of topics including information on cooperation and competition, justice, trust development and repair, resolving intractable conflict, and working with culture and conflict. Comprehensive in scope, this new edition includes chapters that deal with language, emotion, gender, and personal implicit theories as they relate to conflict.

The Knowledge Gap John Wiley & Sons

Student Activity Workbook

*Overcoming Evil* Harcourt

This book presents the findings of a major comparative study examining the role played by traditional justice mechanisms in dealing with the legacy of violent conflict in Africa. It focuses on case studies of five countries -- Rwanda, Mozambique, Uganda, Sierra Leone and Burundi - that are used as the basis for outlining conclusions and options for future policy development in the related areas of post-conflict reconstruction, democracy building and development. "Traditional Justice & Reconciliation After Violent Conflict" suggests that in some circumstances traditional mechanisms can effectively complement conventional judicial systems and represent a real potential for promoting justice, reconciliation and a culture of democracy. At the same time it cautions against unrealistic expectations of traditional structures and offers a sober, evidence-based assessment of both the strengths and the weaknesses of traditional conflict

management mechanisms within the broader framework of post-conflict social reconstruction efforts. The book is intended to serve both as a general knowledge resource and as a practitioner's guide for national bodies seeking to employ traditional justice mechanisms, as well as external agencies aiming to support such processes.

Low-intensity Conflict in the Third World University of Pennsylvania Press

First published in 1961 by Stackpole Books, Street without Joy is a classic of military history. Journalist and scholar Bernard Fall vividly captured the sights, sounds, and smells of the brutal—and politically complicated—conflict between the French and the Communist-led Vietnamese nationalists in Indochina. The French fought to the bitter end, but even with the lethal advantages of a modern military, they could not stave off the Viet Minh insurgency of hit-and-run tactics, ambushes, booby traps, and nighttime raids. The final French defeat came at Dien Bien Phu in 1954, setting the stage for American involvement and a far bloodier chapter in Vietnam’s history. Fall combined graphic reporting with deep scholarly knowledge of Vietnam and its colonial history in a book memorable in its descriptions of jungle fighting and insightful in its arguments. After more than a half a century in print, Street without Joy remains required reading.

Cambridge University Press

In this much needed resource, Maryellen Weimer—one of the nation's most highly regarded authorities on effective college teaching—offers a comprehensive work on the topic of learner-centered teaching in the college and university classroom. As the author explains, learner-centered teaching focuses attention on what the student is learning, how the student is learning, the conditions under which the student is learning, whether the student is retaining and applying the learning, and how current learning positions the student for future learning. To help educators accomplish the goals of learner-centered teaching, this important book presents the meaning, practice, and ramifications of the learner-centered approach, and how this approach transforms the college classroom environment. Learner-Centered Teaching shows how to tie teaching and curriculum to the process and objectives of learning rather than to the content delivery alone.

Finalist, National Book Critics Circle Award Finalist, National Book Award in Nonfiction A New York Times Book Review “The Year in Reading” Selection All wars are fought twice, the first time on the battlefield, the second time in memory. From the author of the Pulitzer Prize–winning novel The Sympathizer comes a searching exploration of the conflict Americans call the Vietnam War and Vietnamese call the American War—a conflict that lives on in the collective memory of both nations. “[A] gorgeous, multifaceted examination of the war Americans call the Vietnam War—and which Vietnamese call the American War...As a writer, [Nguyen] brings every conceivable gift—wisdom, wit, compassion, curiosity—to the impossible yet crucial work of arriving at what he calls ‘a just memory’ of this war.” —Kate Tuttle, Los Angeles Times “In Nothing Ever Dies, his unusually thoughtful consideration of war, self-deception and forgiveness, Viet Thanh Nguyen penetrates deeply into

memories of the Vietnamese war...[An] important book, which hits hard at self-serving myths.” —Jonathan Mirsky, Literary Review “Ultimately, Nguyen’s lucid, arresting, and richly sourced inquiry, in the mode of Susan Sontag and W. G. Sebald, is a call for true and just stories of war and its perpetual legacy.” —Donna Seaman, Booklist (starred review)

The Origins of the First World War Penguin

"Japanese American Incarceration argues that the incarceration of Japanese Americans created a massive system of prison labor that blurred the lines between free and forced work during World War II"--

*World Report 2020* Seven Stories Press

An edited collection of papers published by YoungMinds and funded by Health Education England. With 1 in 3 adult mental health conditions related directly to adverse childhood experiences, it is vital that we understand the impact that adversity and trauma can have on the mental health and wellbeing of young people, and how we can strengthen resilience and support recovery. Addressing Adversity presents evidence, insight, direction and case studies for commissioners, providers and practitioners in order to stimulate further growth in adversity and trauma-informed care, and spark innovation and good practice across England. Section 1: Understanding adversity, trauma and resilience includes evidence and analysis of the impact that adverse childhood experiences and trauma have on children and young people’s mental health and wider outcomes across the lifecourse. Section 2: Addressing childhood adversity and trauma includes insights from the NHS in England, organisations and clinicians working with children and young people who have experienced forms of adversity and trauma. Section 3: Emerging good practice includes insight, case studies and working examples of adversity and trauma-informed service models being developed across England. The collection ends with an agenda for change, calling on all Directors of Public Health, commissioners and providers to make adversity and trauma-informed care a priority in their locality.

*Cuba* Seven Stories Press

A common thread ties together the five case studies of this book: the persistence with which the bilateral relationship between the United States and the Soviet Union continues to dominate American foreign and regional policies. These essays analyze the LIC environment in Central Asia, the Middle East, Southeast Asia, Latin America, and sub-Saharan Africa.

A Working Class War The Sympathizer

The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

**Research in Education** Wise Publications

This extraordinary memoir tells the story of one man's experience of the wars of Viet Nam from the time he was old enough to be aware of war in the 1940s until his departure for America 15 years after the collapse of South Viet Nam in 1975. Nguyen Cong Luan was, by his account, "just a nobody." Born and raised in small villages near Ha Noi, he and his family knew war at the hands of the Japanese, the French, and the Viet Minh. Living with wars of conquest, colonialism, and revolution led him finally to move south and take up the cause of the Republic of Viet Nam, changing from a life of victimhood to that of a soldier. His stories of village life in the north are every bit as compelling as his stories of combat and the tragedies of war. "I've done nothing important," Luan writes. "Neither have I strived to make myself a hero." Yet this honest and impassioned account of life in Viet Nam from World War II through the early years of the unified Communist government is filled with the everyday heroism of the common people of his generation. Luan's portrayal of the French colonial occupation, of the corruption and brutality of the Communist system, of the systemic weakness and corruption of the South Vietnamese government, and his "warts and all" portrayal of the U.S. military and the government's handling of the war may disturb readers of various points of view. Most will agree that this memoir provides a unique and important perspective on life in Viet Nam during the years of conflict that brought so much suffering to Luan and his fellow Vietnamese."--Publisher's description.

*Transforming the Workforce for Children Birth Through Age 8* Brookes Pub

As a result of his visits to classrooms across the nation, Brown has compiled an engaging, thought-provoking collection of classroom vignettes which show the ways in which national, state, and local school politics translate into changed classroom practices. "Captures the breadth, depth, and urgency of education reform".--Bill Clinton.

**The Differentiated Classroom** Rowman & Littlefield

This book describes a humanistic approach to implementing programs and systems that bring academic press, social support, and relational trust together in unique ways. Based on the understanding that old beliefs are changed by supporting new behaviors, the approach includes acquiring and using data in innovative and intentional ways. Properly conducted, the approach results in high morale, a sense of inclusiveness and success, increased efficacy, and improved metrics in all areas of education. The book includes the research and theory behind the approach, action steps for leaders, and lessons learned in the process—useful elements of success for any school.

**Nationalist in the Viet Nam Wars** ASCD

The second volume of *The Cambridge History of Communism* explores the rise of Communist states and movements after World War II. Leading experts analyze archival sources from formerly Communist states to re-examine the limits to Moscow's control of its satellites; the de-Stalinization of 1956; Communist reform movements; the rise and fall of the Sino-Soviet alliance; the growth of Communism in Asia, Africa and Latin America; and the effects of the Sino-Soviet split on world Communism. Chapters explore the cultures of Communism in the United States, Western Europe and China, and the conflicts engendered by nationalism and the continued need for support from Moscow. With the danger of a new Cold War developing between former and current Communist states and the West, this account of the roots, development and dissolution of the socialist bloc is essential reading.

**The Handbook of Conflict Resolution** Indiana University Press

Requiring batterers to attend intervention programming as a condition of probation or as a component of pretrial diversion is becoming an integral part of many jurisdictions' response to domestic violence. This report addresses the need for increased info. exchange between criminal justice professionals & batterer treatment providers. Specifically, it will help criminal justice personnel -- including prosecutors, judges, probation officers, & victim

---

advocates -- better understand the issues surrounding batterer intervention & enable them to make appropriate referrals to programs & to communicate effectively with program providers.

**Schools of Thought** OUP Oxford

Offers a first-hand account of Viet Cong activity in South Vietnam, the torments of the war, and the country's unification.

*Street Without Joy* McGraw-Hill Education

Winner of the 2016 Pulitzer Prize for Fiction Winner of the 2016 Edgar Award for Best First Novel Winner of the 2016 Andrew Carnegie Medal for Excellence in Fiction “[A] remarkable debut novel”—Philip Caputo, New York Times Book Review (cover review) The winner of the Pulitzer Prize for Fiction, as well as seven other awards, *The Sympathizer* is one of the most acclaimed books of the twenty-first century. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Vladimir Nabokov, *The Sympathizer* is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a “man of two minds,” a half-French, half-Vietnamese army captain who comes to America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. *The Sympathizer* is a blistering exploration of identity and America, a gripping spy novel, and a powerful story of love and friendship.

Traditional Justice and Reconciliation After Violent Conflict John Wiley & Sons

Describes and analyzes Vietnam's political, economic, social and national security systems and institutions and the interrelationships of those systems and the ways they are shaped by cultural factors. Also covers people's origins, dominant beliefs and values, their common interests and issues on which they are divided, the nature and extent of their involvement with national institutions and their attitudes toward each other and toward their social system and political order. 19 maps and photos.
