Kids love stories about underdogs, and the American Revolution is among the most famous of these tales. Desperate to be an independent country free from Britain, the rebel colonists relied on their cunning wit and visionary leadership to win an impossible war. And then they faced the real hardship—creating a country out of a victorious but chaotic society. Using engaging text, hands-on activities, and links to primary sources, *The American Revolution: Experience the Battle for Independence* shows readers how rebel soldiers fought in horrific conditions while their families faced their own hardships for the sake of freedom. Students examine wartime propaganda to discover the truth about events leading up to the war, and engage in vibrant debate, strategic planning, and literary deconstruction to understand the official documents upon which America is founded. Building a marshmallow cannon and creating real colonial food are some of the projects that engage readers' design skills. Essential questions require readers to activate their critical thinking skills to discover the truth about the most important moment in American history. *The American Revolution* meets Common Core State Standards for literacy in history and social studies; Guided Reading Levels and Lexile measurements indicate grade level and text complexity.

The Rosen Publishing Group, Inc

Engaging With History in the Classroom: The American Revolution is the first in a series of middle-grade U.S. history units that focus on what it means to be an American citizen, living in a democracy that expects as much from its citizens as it provides to them. In every lesson, students are asked to step into the world of the 18th-century American colonies, to hear about and to see what was happening, to read the words of real people and to imagine their hopes, dreams, and feelings. Students also learn to question the accounts left behind and to recognize different perspectives on events that marked the beginnings of our country as an independent nation. Resources for teachers include a running script useful as a model for guiding conceptualization as well as extensive teacher notes with practical suggestions for personalizing activities. Grades 6-8
