From what I

understand, the later

edition includes most, if

not all, of the 4th

edition, and a couple of

new chapters. My

graduate class called

for the latest edition,

but I got through the

class using my good ol'

4th. I used the 4th

edition of this book

both in college and grad

school, and it's served

me very well.

book was known on the  
campus in those days as  
"the little book," with the  
stress on the word "little."

introduction for the 1979  
edition.) I passed the  
course, graduated from the  
university, and forgot the  
book but not the professor.
