The Creation of Psychoanalysis. Chapter One. A Mind for Science. It's wrong to say I think. Better to say: I am thought . . . I is an other. —Arthur Rimbaud, 1871. As the Enlightenment cast scientific rationalism up to celestial bodies and down to squirming microscopic life, there was one object that seemed impossible to penetrate: the mind.

Revolution in mind : the creation of psychoanalysis ...

Groundbreaking, insightful, and compulsively readable, Revolution in Mind goes beyond myth and polemic to give us the story of one of the most controversial and important intellectual endeavors of the twentieth century. In this masterful history, George Makari demonstrates how a new way of thinking about inner life coalesced and won followers who spread this body of thought throughout the West.

Revolution In Mind: The Creation Of Psychoanalysis by ...
What is the revolution that Revolution in Mind addresses? Essentially, it is a psychological revolution, including a major conceptual breakthrough about the structure of the mind, a new form of therapeutic practice in working with emotionally disturbed patients, and a theory of culture that contains an innovative and radical ethics.

Amazon.com: Customer reviews: Revolution in Mind: The ...
The text of Revolution in Mind is so rich that I could not usefully try to summarize it. In outline, it is organized into 3 parts. Part 1, “ Making Freudian Theory,” traces the historical antecedents of psychoanalytic theory and the contributions made by Freud's teachers, exemplars, mentors, and early supporters, notably in Vienna, Paris, and Berlin.

The American Revolution emerged out of the intellectual and political turmoil following Great Britain ’ s victory in the French and Indian War. Freed from the threat of hostile French and Indian forces, American colonists were emboldened to resist new British colonial policies that raised issues of inequalities of power, political rights, and individual freedoms. Revolution of the Mind - Creating the United States ...
A masterful history of one of the most important movements of our time, Revolution in Mind is a brilliant, engaging, and radically new work—the first ever to fully account for the making of psychoanalysis. In a sweeping narrative, George Makari demonstrates how a new way of thinking about inner life coalesced and won followers who spread this body of thought throughout the
