Some are household names, other are all but forgotten. These twelve heroes played an important role in the American Revolution. Paul Revere, silversmith, engraver, midnight messenger to the Patriots. Lydia Darragh, nurse, mother of five, Continental army spy. Crispus Attucks, escaped slave, "the first to defy, the first to die." George Washington, father of the country. Deborah Sampson, "the female soldier." From spying on the British to rescuing fallen soldiers on the battlefield, these men and women stand as unforgettable heroes of the Revolutionary War. David A. Adler's lively anecdotes and Donald A. Smith's bold paintings present a dozen figures whose courage and determination to seek freedom were indomitable in their own times and remain a shining example in our own. Author's notes, a list of important dates, source notes, and a selected bibliography expand on the biographies of each person. This is a great gift for young history buffs interested in the

The American Crisis is a  
collection of articles by  
Thomas Paine, originally  
published from December  
1776 to December 1783,  
that focus on rallying  
Americans during the  
worst years of the  
Revolutionary War. Paine  
used his deistic beliefs to  
galvanize the  
revolutionaries, for  
example by claiming that  
the British are trying to

assume the powers of God and that God would support the American colonists. These articles were so influential that others began to adopt some of their more stirring phrases, catapulting them into the cultural consciousness; for example, the opening line of the first Crisis, which reads “ These are the times that try men ’ s souls. ” This book is part of the Standard Ebooks project, which produces free public domain ebooks. "This is the story that I tell my grandchildren at Christmas. I hope that this book will bring the tradition of sharing history to families all across America." -- Lynne Cheney Christmas night, 1776, was a troubled time for our young country. In the six months since the Declaration of Independence had been

signed, General George Washington and his troops had suffered defeat after defeat at the hands of the British. It looked as though our struggle for independence might be doomed, when Washington made a bold decision. He would lead the main body of his army across the Delaware River and launch a surprise attack on enemy forces. Washington and his men were going against the odds. It seemed impossible that the ragtag Americans could succeed against the mightiest power in the world. But the men who started across the icy Delaware loved their country and their leader. Under his command they would turn the tide of battle and change the
