Yet, as

Wistrich disturbingly suggests, the end of World War II failed to neutralize the “ Judeophobic virus ” Pogroms and prejudice continued in Soviet-controlled territories and in the Arab-Muslim world that would fan flames for new decades of distrust, malice, and violence. Here, in pointed and devastating detail, is our own world, one in which jihadi terrorists and the radical left blame Israel for all global ills. In his concluding chapters, Wistrich warns of a possible nuclear “ Final Solution ” at the hands of Iran, a land in which a formerly prosperous Jewish community has declined in both fortunes and freedoms. Dazzling in scope and erudition, *A Lethal Obsession* is a riveting masterwork of investigative nonfiction, the definitive work on this unsettling yet essential subject. It is destined to become an indispensable source for any student of world affairs.

A moving, lyrical picture book about a shy child unlocking the power of their own voice through poetry, with the helping hand of an extra special teacher. Written by poet and playwright Joseph Coelho. From the creators of *If All The World Were*, winner of the 2019 Independent Book Shop Picture Book Award which has been translated into 13 languages. This beautifully illustrated, powerful and heartwarming text shows children that everyone's voice can be powerful and beautiful, however small. Allison Colpoys' gorgeous artwork spills from every page as she shows this most heartwarming of tales. Follow a child who is so shy she doesn't speak. With the encouragement on an enchanting and magical teacher, she writes a poem. But a poem is meant to be read aloud! She musters all her courage, stands at the front of the class and shows her classmates that she does have a voice. And her voice is

BEAUTIFUL! The perfect way to encourage empathy in young children and show shy children how to feel brave.

Ignored by virtually everyone upon its release in November 1968, 'The Kinks Are The Village Green Preservation Society' is now seen as one of the best British albums ever recorded. Here, Andy Miller traces the perilous circumstances surrounding its creation, and celebrates the timeless, perfectly crafted songs pieced together by a band who were on the verge of disintegration and who refused to follow fashion. 'Big Sky' contains some of the most beautiful, thunderous music The Kinks ever recorded, aligned to a vulnerability and warmth no other group - and I mean no other group - could ever hope to equal. It is a perfectly balanced production. On the one hand, the mesh of clattering drums and electric guitar never threatens to overwhelm the melody; on the other, the gossamer-light harmonies, Ray and Dave's vocal line traced by Rasa Davies' wordless falsetto, are bursting with emotion. When most of the instruments drop away at 1.20, the effect is effortlessly vivid - two lines

where Davies' performance is both nonchalant and impassioned. The result is wonderfully, enchantingly sad, made more so perhaps by the knowledge that The Kinks will never again sound so refined or so right.

Karen Louise Hollis became a mum in 1990 aged 20 & had 3 more babies by 1996. She enjoyed being a young mum & having kids close in age. However in 2010 aged 41, Karen began a new relationship & they decided to have a baby. How hard would it be for her to conceive in her 40s? Would pregnancy & birth be different in the 2010s, some 20 years since her eldest was born? Thoughts of a New Old Mum follows Karen's journey from trying to get pregnant through the pregnancy & birth of their son & his 1st year. How had things changed since her experiences in the 1990s? Would she find it hard being an older mum? How would her other children react to their much younger sibling? This book covers a huge change in Karen's life. As she enters 2013, another happy event is just around the corner... The book is written in a friendly,

chatty style which anyone who has a child will relate to. This is an open & honest account of the joys & love, worries & stresses, the explosive nappies & sleep-deprived nights of motherhood.

Robert Simpson (1921-1997) is widely regarded as the most important British composer in the generation following Benjamin Britten. He wrote 11 symphonies, 15 string quartets, much other chamber music and works for brass band. He also wrote definitive studies of Bruckner and Nielsen. A committed socialist and pacifist, Simpson worked as a volunteer on a mobile surgical unit during the London blitz. Brought up in the Salvation Army, he later rejected religion, and never tried to ingratiate himself with the establishment, politely refusing a CBE and resigning as a senior music producer for the BBC after almost thirty years'

service on a point of principle.

This is the authorised biography and follows a narrative of his life and works with a series of articles by the composer

From the illustrator of the #1 smash hit *The Day the Crayons Quit* comes an imaginative tale of friendship in a world where what makes us different isn't nearly as important as what makes us the same. When a boy discovers a single-propeller airplane in his closet, he does

what any young adventurer would do: He flies it into outer space! Millions of miles from Earth, the plane begins to sputter and quake, its fuel tank on empty. The boy executes a daring landing on the moon . . . but there's no telling what kind of slimy, slithering, tentacled, fangtoothed monsters lurk in the darkness! (Plus, it's dark and lonely out there.) Coincidentally, engine trouble has stranded a young Martian on the other side of the moon, and he's just as frightened and alone. Martian, Earthling—it's all the same when you're in need of a friend.

A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Stalin, Mao, Hitler, Mussolini, and other dictators routinely doctored photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily faked, fake

everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital disruption introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical

expertise and advancing to those at intermediate and higher levels. There are techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

This magical story follows three children living in a high-rise apartment block, as they embark on a fantastical adventure which helps them see their home in a new light. A deeply personal story written by the award winning poet Joseph Coelho, drawn from his own experience growing up in an

apartment block and looking for adventure. This story is a celebration of, and a reclaiming of tower blocks as a place where magic and adventure can happen. It's a modern-day fable that shows the children of a tower block travelling to a strange, magical world inside a tree and meeting an old man with supernatural powers, only to realise that the magic they'd been looking for had been in their block all along. Beautiful illustrations complement the poetic narrative, creating an enchanting story which children and adults alike will fall in love with. ? This powerful story is about how society separates 'urban' spaces from the countryside, but the reality is that nature is everywhere, and everyone should have access to it.
