## We Are Fungi

A narrative nonfiction book about the world of Fungi. Enter our world. The world of fungi is the most mysterious and misunderstood kingdom on

---

the planet. We are not plants. We are not animals. So what are we? From Veiled Ladies to Bleeding Teeth, learn how we eat, live, and control a part of the world you rarely even notice. Peek beneath the crispy leaves, peer inside your old lunch box, and poke between your smelly toes. We are here, we are growing, and even when you think you can't see us, we can always see you.

*Ricoh Electronic Printer*

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the

creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic

mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.
