This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Step by step to a handmade men's jacket. Hundreds of steps and thousands of hand stitches are necessary before you hold a finished men's jacket in your hands. The trick is to follow the correct order of the individual steps and combine traditional and modern processing methods. As in the first volume of our men's tailoring books, "How to make shirts, trousers, and vests", step-by-step instructions in this book with numerous photos and drawings lead safely through the fittings to the finished garment. Detailed explanations ensure that you always keep an overview. This book is intended for advanced users with a few years of sewing practice. But even beginners can make use of the know-how of individual chapters. The way to the finished jacket is not short - but with the help of the tips and tricks from master tailor Sven Jungclaus and a little practice, first sewing successes can be achieved quickly ...
