Grizzly is a town of less than a

hundred people, and for twelve straight years one of them has been killed. No one talks about the murders, like long-ignored secrets. In fact, it seems no one talks at all. But there ' s a sick change in the pattern of death, and a mournful mother wants answers after her five-year-old son is stabbed and bludgeoned to death. Something is very wrong in the diffident town of Grizzly, and stranded by the winter, Elijah and Aurelia face the killer daily, with paranoia as real as the icy air of Alaska. In this classic work of American music writing, renowned critic Albert Murray argues beautifully and authoritatively that "the blues as such are synonymous with low spirits. Not only is its

express purpose to make people feel good, which is to say in high spirits, but in the process of doing so it is actually expected to generate a disposition that is both elegantly playful and heroic in its nonchalance." In *Stomping the Blues* Murray explores its history, influences, development, and meaning as only he can. More than two hundred vintage photographs capture the ambiance Murray evokes in lyrical prose. Only the sounds are missing from this lyrical, sensual tribute to the blues.

Marrs, Greg O'Brien, Ted Ownby, Ed Piacentino, Claude Pruitt, Thomas J. Richardson, Donald M. Shaffer, Theresa M. Towner, Terrence T. Tucker, Daniel Cross Turner, Lorie Watkins, and Ellen Weinauer Mississippi is a study in contradictions. One of the richest states when the Civil War began, it emerged as possibly the poorest and remains so today. Geographically diverse, the state encompasses ten distinct landform regions. As people traverse these, they discover varying accents and divergent outlooks. They find pockets of inexhaustible wealth within widespread, grinding poverty. Yet the most illiterate, disadvantaged state has produced arguably the nation's richest literary legacy. Why Mississippi? What does it mean to write in a state of such extremes? To write of racial

and economic relations so contradictory and fraught as to defy any logic? Willie Morris often quoted William Faulkner as saying, "To understand the world, you must first understand a place like Mississippi." What Faulkner (or more likely Morris) posits is that Mississippi is not separate from the world. The country's fascination with Mississippi persists because the place embodies the very conflicts that plague the nation. This volume examines indigenous literature, Southwest humor, slave narratives, and the literature of the Civil War. Essays on modern and contemporary writers and the state's changing role in southern studies look at more recent literary trends, while essays on key individual authors offer more information on luminaries including Faulkner, Eudora Welty, Richard Wright, Tennessee Williams, and Margaret Walker. Finally, essays on autobiography, poetry, drama, and history span the creative breadth of Mississippi's literature. Written by literary scholars closely connected to the state, the volume offers a history suitable for all readers interested in learning more about Mississippi's great literary tradition.

Most film buffs know that *Citizen Kane* was based on the life of publisher William Randolph Hearst. But few are aware that key characters in films like *Double Indemnity*, *Cool Hand Luke*, *Jaws*, *Rain Man*, *A Few Good Men* and *Zero Dark Thirty* were inspired by actual

persons. This survey of a clef characters Klosterman just wants to rock. But he's covers a selection of fictionalized personalities, beginning with the Silent Era. The landmark lawsuit surrounding Rasputin and the Empress (1932) introduced disclaimers in film credits, assuring audiences that characters were not based on real people--even when they were. Entries cover screen incarnations of Wyatt Earp, Al Capone, Bing Crosby, Amelia Earhart, Buster Keaton, Howard Hughes, Janis Joplin and Richard Nixon, along with the inspirations behind perennial favorites like Charlie Chan and Indiana Jones.

The year is 1983, and Chuck Klosterman just wants to rock. But he's got problems. For one, he's in the fifth grade. For another, he lives in rural North Dakota. Worst of all, his parents aren't exactly down with the long hairstyle which rocking requires. Luckily, his brother saves the day when he brings home a bit of manna from metal heaven, SHOUT AT THE DEVIL, Motley Crue's seminal paeon to hair-band excess. And so Klosterman's twisted odyssey begins, a journey spent worshipping at the heavy metal altar of Poison, Lita Ford and Guns N' Roses. In the hilarious, young-man-growing-up-with-a-soundtrack-tradition, FARGO ROCK CITY chronicles Klosterman's formative years through the lens of

heavy metal, the irony-deficient genre that, for better or worse, dominated the pop charts throughout the 1980s. For readers of Dave Eggers, Lester Bangs, and Nick Hornby, Klosterman delivers all the goods: from his first dance (with a girl) and his eye-opening trip to Mandan with the debate team; to his list of 'essential' albums; and his thoughtful analysis of the similarities between Guns 'n' Roses' 'Lies' and the gospels of the New Testament.

The purpose of this original volume is to illustrate what has been happening recently in Hebrew Bible studies under the influence of developments in literary theory in the last

couple of decades. The methods and practice of reader-response criticism and deconstruction, as well as of feminist, materialist and psychoanalytic approaches are represented here by essays from leading Hebrew Bible literary critics. Alice Bach, Robert Carroll, Francisco Garcia-Treto, David Jobling, Francis Landy, Stuart Lasine, Peter Miscall, Hugh Pyper, Robert Polzin, and Ilona Rashkow, together with the two editors, present distinctive and eclectic essays on particular biblical texts, introducing students and scholars to exciting new dimensions of biblical study.
