The Missing Series, Book #6. Jonah thought that after his last adventure in 1903, he and his sister Katherine would have a break from time travel for a while. For the first time, he's willing to look into his own identity in the past, and he thinks this is his chance. But he barely has time for a single Google search before he, Katherine, and their friend Chip are tricked and zapped back to 1918—and to the house where the Romanov family was imprisoned after the Russian Revolution.
