For many years, the
football transfer

window has been a dominant topic in news columns, with fans increasingly glued to social media for updates on their clubs. The Boot Room delves into the intricacies of the transfer window, tracing its evolution from its inception to its current form, shaped by data-led scouting. Author Andrew Judge engages with a diverse range of football insiders, from finance experts discussing the state of football finances to Sky Sports reporters on the front lines during deadline day. He takes readers inside the boardroom with a club secretary on Transfer Deadline Day and into the physio's room, where medical teams race against time to complete player medicals with millions at stake. The book also examines the impact of data-led scouting on Youth Academies, featuring insights from one of England's highly regarded Youth Coaches. In an era of growing fake news in football, Judge explores the challenges fans face in distinguishing fact from fiction in transfer news, which captivates the football world for a few months each year. Through conversations with scouts, fans, and analysts, The Boot Room reveals the

transfer window's significance and the profound effect fake rumours can have on football players themselves.

In a tale steeped in action, romance, and the gaslit intrigue of Victorian London, Mary Quinn's detective skills are pitted against a cunning and desperate opponent. Mary Quinn has a lot on her mind. James Easton, her longtime love interest, wants to marry her; but despite her feelings, independent-minded Mary

hesitates. Meanwhile, the Agency has asked Mary to take on a dangerous case: convicted fraudster Henry Thorold is dying in prison, and Mary must watch for the return of his estranged wife, an accomplished criminal herself who has a potentially deadly grudge against James. Finally, a Chinese prizefighter has arrived in town, and Mary can't shake a feeling that he is somehow familiar. With the stakes higher than ever, can Mary balance family secrets, conflicting loyalties, and professional expertise to bring a criminal to justice and find her own happiness?

The Speculative City Wednesday Books

A follow-up to *A Spy in the House* finds mid-19th-century orphan Mary Quinn tackling a latest case in which her efforts to discover a murderer's identity force her to relive harrowing childhood experiences.

The Universe is made

of string. When the knots tighten, the Cosmos quakes. It's a tough job being a gumshoe in an interdimensional city full of gods, living concepts and weirder things. Good thing I'm a stringwalker, able to jump between realities. It started when I was hired to investigate an explosion at a casino. A simple heist, I thought, but it turned into a race to stop the apocalypse. So I rolled the dice, and

now I'm up against the ancient Greek Titans, an interdimensional spider god and a mysterious creature known as the Fool. I'm going to need more than just luck to solve this one. If I fail, all things—in all realities—could be destroyed. Just another day in String City.
American Royals III: Rivals Crown
The fourth colourful and action-packed Victorian detective novel about the exploits of agent Mary

Quinn. Mary Quinn and James Easton have set up as private detectives and are also unofficially engaged to be married. But when the Agency asks Mary to take on a special final case, she can't resist, and agrees. Convicted fraudster Henry Thorold (from book one, *A Spy in the House*) is dying in prison. His daughter, Angelica, is coming to see him one last time. Mary's brief is to monitor these visits in case Mrs Thorold, last heard of as a fugitive in France, decides to pay him one last visit. But Mrs Thorold's return would place James in

grave personal danger. Thanks to the complications of love and family loyalties, the stakes for everyone involved are higher than ever.

The first boy I ever hated was Jax Bridges. The first man I loved was his best friend. My plan was to meet a boy, fall in love, and live happily ever after. That ended when my boyfriend died and left me half of his business. Now, his best friend and I are business partners. There ' s just one problem: We hate each other. Jax and I have been

rivals since childhood. He wants me out of the business, but it ' s all I have left. The more time we spend together, the more we question if we were ever rivals at all. Will my last love be his best friend? Or will we destroy each other?

Polemics and Patronage in the City of Victory
Candlewick Press

The fascinating story of the most notorious detective agency in US history. Between 1865 and 1937, Pinkerton ' s National Detective Agency was at the center of countless conflicts between capital

and labor, bandits and railroads, and strikers and state power. Some believed that the detectives were protecting society from dangerous criminal conspiracies; others thought that armed Pinkertons were capital ' s tool to crush worker dissent. Yet the image of the Pinkerton detective also inspired romantic and sensationalist novels, reflected shifting ideals of Victorian manhood, and embodied a particular kind of rough frontier justice. Inventing the Pinkertons examines the evolution of the agency as a pivotal institution in the	cultural history of American monopoly capitalism. Historian S. Paul O ' Hara intertwines political, social, and cultural history to reveal how Scottish-born founder Allan Pinkerton insinuated his way to power and influence as a purveyor of valuable (and often wildly wrong) intelligence in the Union cause. During Reconstruction, Pinkerton turned his agents into icons of law and order in the Wild West. Finally, he transformed his firm into a for-rent private army in the war of industry against labor. Having begun life as peddlers of information and	guardians of mail bags, the Pinkertons became armed mercenaries, protecting scabs and corporate property from angry strikers. O ' Hara argues that American capitalists used the Pinkertons to enforce new structures of economic and political order. Yet the infamy of the Pinkerton agent also gave critics and working communities a villain against which to frame their resistance to the new industrial order. Ultimately, Inventing the Pinkertons is a gripping look at how the histories of American capitalism, industrial folklore, and the

harnessing partisanship, not spinning in its mud. America is once again gripped by fear that we are falling behind and fast. Unlike the Soviet threat that shook our nation a half century ago, the menace today is homegrown. On issues of national importance, the two parties in Congress appear incapable of working together. Whether the threat is competition from China, crumbling infrastructure, or rising debt, Washington ' s legitimacy

to govern and capacity to solve problems are in doubt. The Bipartisan Policy Center ' s president, Jason Grumet, tackles this issue head-on by challenging the conventional diagnosis of the current gridlock. Rather than lamenting our differences, Grumet offers practical steps to govern a polarized nation, and he explores the unintended consequences of past reform movements. It ' s a must-read for all who care about our country ' s

future.

influence Hindu sectarian identities? Although the empire has been commonly viewed as a Hindu bulwark against Islamic incursion from the north or as a religiously ecumenical state, Valerie Stoker argues that the Vijayanagara court was selective in its patronage of religious institutions. To understand the dynamic interaction between religious and royal institutions in this period, she focuses on the career of the Hindu intellectual and monastic leader Vyasatirtha. An agent of the state and a powerful religious authority,

Vyasatirtha played an important role in expanding the empire ' s economic and social networks. By examining his polemics against rival sects in the context of his work for the empire, Stoker provides a remarkably nuanced picture of the relationship between religious identity and sociopolitical reality under Vijayanagara rule.
