Set against the backdrop of WWII, this achingly beautiful middle grade novel in verse based on American history presents the dual perspectives of Claire, a Midwestern girl who longs to enter high school and become a nurse even as she worries for her soldier brother, and Karl, a German POW who's processing the war as he works on Claire's family farm. This poignant and moving story of an unlikely connection will stay with readers long after the final page. It's October 1944, and while Claire's older brother, Danny, is off fighting in World War II, her dad hires a group of German POWs to help with the apple harvest on their farm. Claire wants nothing to do with the enemies in the orchard, until she meets soft-spoken, hardworking Karl. Could she possibly have something in common with a German soldier? Karl, meanwhile, grapples with his role in the war as he realizes how many lies Hitler's regime has spread—and his complacency in not standing up against them. But his encounters with Claire give him hope that he can change and become the person he wants to be. Inspired by the little-known history of POW labor camps in the United States, this lyrical verse novel is told in alternating first-person poems by two young people on opposite sides of the war. Against a vivid backdrop of home front tensions and daily life, intimate entries reveal Claire's and Karl's hopes and struggles, and their growing friendship even as the war rages on. What are their chances of connection, of redemption, of peace? *Enemies in the Orchard* is: A gorgeously written novel in verse for ages 9 and up Historical fiction based on true events during WWII A heartfelt story that explores connection, trauma, and hope

From a National Book Critics Circle Award winner, a brilliantly conceived and illuminating reconsideration of a key period in the life of Ernest Hemingway that will forever change the way he is perceived and understood. Focusing on the years 1934 to 1961—from Hemingway's pinnacle as the reigning monarch of American letters until his suicide—Paul Hendrickson traces the writer's exultations and despair around the one constant in his life during this time: his beloved boat, *Pilar*. We follow him from Key West to Paris, to New York, Africa, Cuba, and finally Idaho, as he wrestles with his best angels and worst demons. Whenever he could, he returned to his beloved fishing cruiser, to exult in the sea, to fight the biggest fish he could find, to drink, to entertain celebrities and friends and seduce women, to be with his children. But as he began to succumb to the diseases of fame, we see that *Pilar* was also where he cursed his critics, saw marriages and friendships dissolve, and tried, in vain, to escape his increasingly diminished capacities. Generally thought of as a great writer and an unappealing human being, Hemingway emerges here in a far more benevolent light. Drawing on previously unpublished material, including interviews with Hemingway's sons, Hendrickson shows that for all the writer's boorishness, depression, and alcoholism, and despite his choleric anger, he was capable of remarkable generosity—to struggling writers, to lost souls, to the dying son of a friend. We see most poignantly his relationship with his youngest son, Gigi, a doctor who lived his adult life mostly as a cross-dresser, and died squalidly and alone in a Miami women's jail. He was the son Hemingway forsook the least, yet the one who disappointed him the most, as Gigi acted out for nearly his whole life so many of the tortured, ambiguous tensions his father felt. Hendrickson's bold and beautiful book strikingly makes the case that both men were braver than we know, struggling all their lives against the complicated, powerful emotions swirling around them. As Hendrickson writes, "Amid so much ruin, still the beauty." Hemingway's *Boat* is both stunningly original and deeply gripping, an invaluable contribution to our understanding of this great American writer, published fifty years after his death.

This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources. Grief caused by loss is both a very common human experience and a highly individualized one. For example, children experience a number of losses that are unique to their young age—such as sibling and parent death, adoption, or divorce—and should be given special consideration by professionals and parents helping them in these situations. For gay,

lesbian, or cohabiting heterosexual couples that suffer the loss of a partner, societal standards often deny the survivors in these relationships the right to grieve. *Helping Those Experiencing Loss: A Guide to Grieving Resources* is a book like no other, supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime, as well as a comprehensive guide to the literature of bereavement and grieving. It explains the grieving process, interpreting the results of research on the topic in plain language and addressing specific groups: children, young adults, parents who have lost a child, adults who have lost spouses, and the aging population.

The Visible Hand

Lively, poignant, and utterly winning, *The Diary of Latoya Hunter* is a timely portrait of adolescence--about the universal challenges of youth and about the ways it is shaped by the inner city. It is also a lively introduction to a delightful girl whose humor and idealism are inspirational.
