*Engines & Exhaust - Vintage Golf
Cart Parts Inc.*

For all models of the E-Z-Go, the
engine is air cooled and produces
9 horsepower. The engine is a
twin-cylinder unit, displacing 18
cubic inches. It has a overhead
cam, with overhead valves. The
ignition is solid state with an
RPM limiter, or a governor that
prevents over-revving.

Specifications of the E-Z-Go
Engine | Sciencing

If your cart has a lift kit installed
often the rear end of the golf cart is
higher of the ground and will cause
oil to flow into the airbox causing
excessive smoke to flow from
exhaust. A lifted cart causes the
dipstick to read too low and if you
fill up with oil to the Full mark you

are actually over filled and oil will splash up into the airbox.

...

The Robin Subaru is our Choice for 18hp or 25hp, the Kohler 31hp EFI is a great engine and the 35hp Briggs is a workhorse. The Briggs & Stratton 35hp (993cc) is built by Daihatsu and they build a great engine. The three

cylinder turbo fuel injected 996cc made by Daihatsu is a smoking motor. You can only find it outside the USA.
