In 1929, Roca entered the
bathroom space by starting the
production of baths. Always
attentive to the changes in
society related to water culture,
the main natural resource Roca
works with, the company
assumed in 1936 the challenge
of producing vitreous china
bathroom appliances. After
that, in 1954 Roca started the
production of brassware.

Roca overpriced and floored
products. 2 expensive bath
tubs both gave same rusting
issue and cost thousands to
replace. Heard same problem
from others in my building.
Roca said they would
replace bath but charged for
delivery and no contribution
towards waste, legs, fitting
an making good which cost
over £2,000.
