Tyler Merritt's video "Before You Call the Cops" has been viewed more than 60 million times. The viral video's main point--the more you know someone, the more empathy, understanding, and compassion you have for that person--is the springboard for this book. By sharing his highs and exposing his lows, Tyler welcomes us into his world, allowing us to get to know him and helping bridge the divides that seem to grow wider every day. In *I Take My Coffee Black*, Tyler tells hilarious stories from his own life as a black man in America. He talks about his multi-cultural childhood in Las Vegas that didn't necessarily prepare him for life in the South, his passion for rap music and musical theater, how Jesus barged in uninvited and changed his life forever (it all started with a Triple F.A.T. Goose jacket) and the shocking events that occurred after his video went viral that no one has heard. Throughout his stories, he also seamlessly weaves in lessons about privilege, the legacy of lynching and sharecropping, and why you don't cross black mamas, teaching readers about the history of encoded racism that still undergirds our society today. By turns witty, insightful, touching, and laugh-out-loud funny, *I Take My Coffee Black* not only paints a portrait of one man's experience of being Black in America, but also expresses the valuable connections we miss when we do not take the time to learn about others' lives and experiences. This book enlightens, illuminates, and entertains--ultimately building the kind of empathy that might just be the antidote against the racial injustice in our society.

The Soul of Rock & Roll: Poems Acoustic; Electric & Remixed; 1980-2020

Michelle A Valentine Books, LLC

Poetry. If one goes Googling John Repp; one soon learns that he is a native of the Pine Barrens region of New Jersey (a location that often appears in his work); but has since lived many places; attended many universities (picking up an MFA along the way); has worked at seemingly every sort of

job from gravedigging to teaching creative writing (so at least some of them useful); and has an eclectic and eccentric list of interests. And that he has; over the past forty years; written many books of poetry and prose; garnering awards and critical recognition along the way. All of which finds its way into THE SOUL OF ROCK & ROLL; which serves as a "greatest hits" selection from those four decades of poetry. Such an outsized life has yielded a commensurately wide-ranging body of work; and any attempt to gist it in few words would do it poor service; but a good point of entry is "The Tiny-Montgomery-Mother-Poem" in which Dylan's The Basement Tapes plays in the background while Repp's mother is dying; and his family rails at him for speaking of such things: "They say These things are private. Why do you keep / making these private things public? It's so long ago." Yes; he writes of private things; and of things from long ago; from a time of innocence and the rush to lose it; documenting not merely his life but that of his generation; a generation for which rock & roll provided the soundtrack and the thrum sounding throughout these pages; love and loss amid the worn crackle and hiss. It may be true; as William Carlos Williams observed; that it is hard to get news from poetry; but it's a good source of history; of understanding how we arrived where we are. Repp reports in one poem here that he learned of the Triangle Shirtwaist Fire in part from a Robert Pinsky poem. Now it is his turn to educate us; to share the lessons from his life and times. Not all may be the sort of things that people die for want of knowing (to complete the Williams quotation); but they can be comforting--and what a needful thing that is for these times. "Who doesn't climb from the mere world" he asks in "Ovaltine"--with the emphasis on mere; lest we take our lives too seriously; reminding us to dream--"to where Ponce de Leon and Wyatt Earp rein their horses / while you spur Silver to column's head? The wind hits you first; / wind unheard before that; nothing ahead but fire and new mountains."

Don't miss the JOE PICKETT series--now streaming on Paramount+ The first novel in the thrilling series featuring Wyoming game warden Joe Pickett from #1 New York Times bestselling author C. J. Box. Joe Pickett is the new game warden in Twelve Sleep, Wyoming, a town where nearly everyone hunts and the game warden--especially one like Joe who won't take bribes or look the other way--is far from popular. When he finds a local hunting outfitter dead, splattered out on the woodpile behind his state-owned home, he takes it personally. There had to be a reason that the outfitter, with whom he's had run-ins before, chose his backyard, his woodpile to die in. Even after the "outfitter murders," as they have been dubbed by the local press after the discovery of the two more bodies, are solved, Joe continues to investigate, uneasy with the easy explanation offered by the local police. As Joe digs deeper into the murders, he soon discovers that the outfitter brought more than death to his backdoor: he brought Joe an endangered species, thought to be extinct, which is now living in his woodpile. But if word of the existence of this endangered species gets out, it will destroy any chance of InterWest, a multi-national natural gas company, building an oil pipeline that would bring the company billions of dollars across Wyoming, through the mountains and forests of Twelve Sleep. The closer Joe comes to the truth behind the outfitter murders, the endangered species and InterWest, the closer he comes to losing everything he holds dear.

Rock My Bed National Geographic Books

A "well-written, engaging detective story" (Kirkus Reviews, starred review) about a rogue who trades in rare birds and their eggs—and the wildlife detective determined to stop him. On May 3, 2010, an Irish national named Jeffrey Lendrum was apprehended at Britain's Birmingham International Airport with a suspicious parcel strapped to his stomach. Inside were fourteen rare peregrine falcon eggs snatched from a remote cliffside in Wales. So begins a "vivid tale of obsession and international derring-do" (Publishers Weekly), following the parallel lives of a globe-trotting smuggler who spent two decades capturing endangered raptors worth millions of dollars as race champions—and Detective Andy McWilliam of the United Kingdom's National Wildlife Crime Unit, who's hell bent on protecting the world's birds of prey. "Masterfully constructed" (The New York Times) and "entertaining and illuminating" (The Washington Post), *The Falcon Thief* will whisk you away from the volcanoes of Patagonia to Zimbabwe's Matobo National Park, and from the frigid tundra near the Arctic Circle to luxurious aviaries in the deserts of Dubai, all in pursuit of a man who is reckless, arrogant, and gripped by a destructive compulsion to make the most beautiful creatures in nature his own. It's a story that's part true-crime narrative, part epic adventure—and wholly unputdownable until the very last page.

Each of the stories in "Not Far From Town" is set along the upper Allegheny River in northern Pennsylvania. The rural landscape with its creeks, forests, hills and sky, is woven into the fabric of the characters' lives. Sebastian Baxter laments the loss of Cornplanter's people as he drives his old station wagon in the middle of the night along the Allegheny River near Kinzua before the new dam drowned the land. She who has no name endures sorrow with the help of Portage Creek and the trout who inhabit that stream. While fishing Skinner Creek, Old Man Corbin talks quietly of his long dead wife who was as much a part of nature as the wildflowers and the trees. Clara Hill lives up Bear Creek. The young widow has chosen to live alone on the edge of the wilderness. She feels that life in the wild is more real than the alternative, and she believes that nature can heal those who

take refuge there. The orphan teenager Lily takes refuge there. She wonders if her deceased mother was ever happy: "Does sorrow drown joy or is joy a rock over which sorrow flows?" And so it goes as the stories unfold. The reader, immersed in the natural world and a witness to very human struggles, will discover in these stories a joyful melancholy like a sky filled with storm clouds through which the sun might break.
