Gemma Carlson

didn't plan on waking up married. She also didn't count on running into her old flame—and her son's father—turned-country rock star—Travis Bowers, followed by a night of drunken dares. Apparently one of those involved a ring on her finger and a vow ... neither of which she intends to keep. Now with a hangover from hell, this good-girl-gone-

bad knows there's just one thing to do: run. Travis has been all over the world, but Gemma has never been far from his thoughts. So when they had the chance to catch up over a few drinks, he didn't hesitate. Of course, he didn't expect it would lead to marriage, or a runaway bride! Travis finally has a second chance and doesn't plan on losing Gemma again—or the son he didn't know he had. He proposes, albeit belatedly, a date. Or rather, a few. If they can make this marriage work by starting over, he stays. If not ... Gemma's not interested; she's got a son to protect and a heart to heal. But

having Travis around could make both a little easier. Still, good girls don't date rock stars . . . right? A Rock and a Hard Place Diversion Books Maddie Rofel loves working at Hollywood's best-kept secret, The Governor's Club. But things get complicated when one wild night at the club she meets Chino Garcia - the drummer of one of the hottest rock bands in the world. What starts out as a one-night stand turns quickly into more when

Chino convinces Madison to come on a motorcycle trip with him. Their passions grows deeper and deeper, but Chino's hiding something from Maddie. She sees something dark is troubling him, and he's holding back, reluctant to let her in. In order for Chino to give Maddie everything she deserves, he'll have to find a way to let go of the demons in his past and embrace a future with a woman who sets his heart beating a pounding rhythm...

The Hard Times

St. Martin's Press

"Funny, tender, edgy. I wanted the love story to go on forever."—Joan Johnston,

bestselling author of *No Longer a Stranger* Written in the wonderfully honest, edgy, and hilarious voice she perfected in *God-Shaped Hole*, Tiffanie DeBartolo shines in a passionate new

story of music, love, and sacrifice. Eliza Caelum, a young music journalist, is finally getting her footing in New York when she meets Paul Hudson, a talented songwriter and lead singer of the band Bananafish. They soon realize they share more than a reverence for rock music and plunge headlong into love. When Bananafish is signed by a big corporate label, and Paul is on his way to becoming a major rock star, Eliza's past forces her to make a heartbreaking decision that might be the key to Paul's sudden disappearance. A

layered and emotional look into the world of music, this raw summer read will resonate with readers who loved *Daisy Jones & the Six* by Taylor Jenkins Reid. Praise for Tiffanie DeBartolo's *God-Shaped Hole*: "From highs to heartbreak, DeBartolo conjures an affair to remember."—People "Honest, raw, and engaging."—Booklist "This generation's Love Story."—Kirkus Reviews

Between a Rock and a Hard Place

Harper Collins Rock Stars on God is a collection of hard-hitting interviews about spirituality, the afterlife, and our purpose here on earth with some of rock's

biggest names. Not only will you discover insights about each artist's spirituality, but you'll find a training ground for engaging others in conversations about Jesus.

Book jacket. **Good Girls Don't Date Rock Stars**

Morgan James Publishing A stunningly candid portrait of the Seattle grunge scene of the '90s and a memoir of an addict during the

last great era of rock 'n' roll excess, by Hole drummer Patty Schemel Patty Schemel's story begins with a childhood surrounded by the AA meetings her parents hosted in the family living room. Their divorce triggered her first forays into drinking at age twelve and dovetailed with her passion for punk rock and playing the drums.

Patty's

struggles with front-woman Courtney Love, at the height of his fame and on the cusp of hers. As the platinum-selling band's new drummer, Schemel contributed memorable, driving beats to hits like "Beautiful Son," "Violet," "Doll Parts," and "Miss World." But the band was plagued by tragedy and heroin addiction, and by the time Hole went on tour in support of their ironically titled and critically-acclaimed album *Live Through This* in 1994, both Cobain and Hole bassist Kristen Pfaff had died at the age of 27. With surprising candor and wit, Schemel intimately documents the events surrounding her dramatic exit from the band in 1998 that led to a dark descent into a life of homelessness.

corners of stage with
their fame populated by Nobody's

Fool... Tyler Thompson is a bona fide rock star. He went on tour at seventeen and never looked back. And now, fifteen years later, he has more fame, fortune, and success than he ever imagined. He's the bass player for a new band, Nobody's Fool, and all he wants to do is get back on tour. But business and personal issues are blocking his next move. Pop star Ariel Fox has been under her father's thumb for so long she doesn't remember what freedom is like. When she gets invited to record a single on Nobody's Fool's demo tape she's ready for a week of fun, without the watchful eye of her father. One look at Tyler's blue eyes and she's immediately snagged. She wants it all—him, success, a real future. But nothing is ever that simple. Falling in love wasn't part of the deal. And when the record company tries to sabotage Nobody's Fool, Ariel must choose between

choices of the best projects, and yes, make more money. They are not just lucky. They make their luck. The most successful are not necessarily the most technical, although technical or "geek" skills are essential. They are an absolute must, and we naturally build technical skills through experience. They are essential, but not for Rock Star level success. The most successful, the Infosec Rock Stars, have a slew of other

equally valuable skills, ones most people never develop nor even understand. They include skills such as self direction, communication, business understanding, leadership, time management, project management, influence, negotiation, results orientation, and lots more . . . Infosec Rock Star will start you on your journey of mastering these skills and the journey of moving toward Rock Star status and all

its benefits. Maybe you think you can't be a Rock Star, but everyone can MOVE towards it and reap the benefits of vastly increased success. Remember, "Geek" will only get you so far . . . *Bootleg Stardust* Penguin Like many entrepreneurs, Ryan Blair had no formal business education. But he had great survival instincts, tenacity, and, above all, a "nothing to lose" mindset. His middle-class

childhood ended abruptly when his abusive father succumbed to drug addiction and abandoned the family. Blair and his mother moved to a rough neighborhood, and soon he was in and out of juvenile detention, joining a gang just to survive. Then his mother fell in love with a successful entrepreneur who took Ryan under his wing. With his mentor's guidance, Blair started his first company, 24/7 Tech, at age twenty-one. He has since

created and sold several companies for hundreds of millions of dollars. This is an inspirational guide full of powerful stories and lessons and a road map for entrepreneurial success. Rock Wives Harper Collins

At the age of 15, Taylor Beauforte has only met her father twice in person. After all, he is the lead singer of a world-famous rock band, constantly on the cover of music magazines and giving

interviews on MTV. He pays for Taylor to attend the Treadwell Academy, a prestigious boarding school in Massachusetts, and provides her mother with monthly checks to cover her basic needs, but has never made much of an effort to play an active part in Taylor's life. Taylor's mom Dawn is the only family she has ever really known, and because of Dawn's hard-partying Hollywood lifestyle, studios Taylor is happiest on the other side

of the country out. He seems before this

Can classic
rock remain
relevant as
these

legends die off, or will this major musical subculture fade away as many have before, Steven Hyden asks. In this mix of personal memoir, criticism, and journalism, Hyden stands witness as classic rock reaches the precipice. Traveling to the eclectic places where geriatric rockers are still making music, he talks to the artists and fans who have aged with them, explores the ways that classic rock has changed the culture, investigates the rise and fall of classic rock radio, and turns to live bootlegs, tell-all rock biographies, and even the liner notes of rock's greatest masterpieces to tell the story of what this music meant, and how it will be remembered, for fans like himself. Twilight of the Gods is also Hyden's story. Celebrating his love of this incredible music that has taken him from adolescence to fatherhood, he ponders two essential questions: Is it time to give up

on his
childhood
heroes, or
can this
music teach
him about
growing old
with his
hopes and
dreams
intact? And
what can we
