[Addition and Subtraction for Practice Grade 3-5](#) Createspace Independent Publishing Platform

Description This workbook contains 60 addition facts worksheets with answers. Mastering the basic math facts develops automaticity in kids. Automaticity is the ability to do things without occupying the mind with the low-level details that are required; this is usually the result of consistent learning, repetition, and practice. Each worksheet has designated room at the top for students to write their

names and for teachers or parents to record the score and time. All of the exercises are numbered for easy reference. All of the answers are tabulated in the back of the book, also with numbers so that teachers or parents can easily check the solutions. It is recommended for students to attempt 1 set daily for consistent practice. Book starts with addition strategies to help students grasp basic concepts and get started.
