Sometimes love is all that can save you. The complete Bear Sheriff Series is now available in one convenient box set! Over 150,000 words of a protective Bear Shifter who would do anything for his Fated Mate. Includes the following books: Blood Moon Sheriff Marcus Stone was torn between two identities: lawbringer and outcast. He gets enough pushback from the locals when he's helping with their petty disputes, but his bright golden eyes don't do him any favors. Two years on the job and they still don't trust a Shifter in a position of power. But what could he do but bury himself in his work? Especially after that horrible night he doesn't speak of... Angie Campbell had one God-given irrefutable talent: making dead-end one horse towns palatable for big business and development. Where everyone else saw tumbleweeds, she saw commerce and community. It just needed a helping hand, and that's where she came in. One look at Charming, Arizona and she knew she had her work cut out for her. But before she could even get the ball rolling, a murder brings her under the scrutiny of the dark and mysterious town Sheriff. He wasn't much of a talker, but she couldn't deny being drawn to him... With a murderer on the loose, Angie's life is in danger. With Stone's dark past, his future is in peril. Will they find the beauty in one another or be torn apart by the chaos all around them? Fate's Reaping Focus on the work. She'll be back. She has to come back... Bear Shifter Sheriff Marcus Stone had a missing person's case to work, but his heart just wasn't in it. This missing pastor was probably off "hiking the Appalachian trail," as the politicians liked to say. His heart was with Angie, over a thousand miles away in a world that couldn't be more different than his simple small town life in Charming. New York City had everything you could ever want, and Marcus knew that Angie was a big city kind of girl. Focus on the work... Angie needed to get back to Marcus, to her new home in Arizona. The future was an unknown dark path that seemed to stretch out forever, but as long as she had Marcus she'd walk it without hesitation. But the night before she is to fly back to the man of her dreams, her past catches up with her. Put into an impossible situation, she has to choose between lying to the man she loves or losing him altogether. Who knew choices could weigh on you like chains of iron? But things go from bad to worse as three strange individuals are seen around Charming, asking questions that hit a little too close to home. What's even worse is that Marcus can tell they're different, yet somehow familiar. To hell and back, if that's what it takes to be with her... Mate's Harvest A baby on the way and a serial killer on the loose. Marcus and Angie need each other more than ever, but the universe seems set on tearing them apart. It's only through their sheer love for each other that Marcus and Angie are able to see through all the times of darkness and despair. They are each other's last hope, last reason to keep living and not give up. Though Marcus can't offer Angie much now that he isn't Sheriff of Charming, he can offer his support and love, if not his protection as they work together to find the killer. Marcus might have to break the law to find out those targeting them, but he is willing to do anything at this point to make sure no one ever comes after them again. The universe be damned, love is stronger than any other force... USA Today Bestselling Author Becca Fanning is proud to bring you this Fated Mates story, packed with all the action, steam and great chemistry you can handle!

"When it comes to the forensic sciences, nobody can touch Cornwell." --New York Times Book Review [PLEASE BOX:] CHAOS From the Ancient Greek (???? or kháos) A vast chasm or void. Anarchy. The science of unpredictability. On a late summer evening in Cambridge, Massachusetts, Dr. Kay Scarpetta and her investigative partner, Pete Marino, respond to a call about a dead bicyclist near the Kennedy School of Government. It appears that a young woman has been attacked with almost superhuman force. Even before Scarpetta's headquarters has been officially notified about the case, Marino and Scarpetta's FBI agent husband, Benton Wesley, receive suspicious calls, allegedly from someone at Interpol. But it makes no sense. Why would the elite international police agency know about the case or be interested? It soon becomes apparent that an onslaught of harassment might be the work of an anonymous cyberbully named Tailend Charlie, who has been sending cryptic communications to Scarpetta for over a week. Even Lucy, her brilliant tech-savvy niece, can't trace who it is or how this person could have access to intimate information. When a second death shocks Scarpetta to her core, it becomes apparent she and those close to her are confronted with something far bigger and more dangerous than they'd ever imagined.

The Making of Kubrick's 2001 Seedling Publications

In Cory Doctorow's wildly successful *Little Brother*, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, *Homeland* is every bit the equal of *Little Brother*—a paean to activism, to courage, to the drive to make the world a better place. Named a Best Book of the Year by the Seattle Times and Kirkus Review The final novel from a great American storyteller. Donal Cameron is being raised by his grandmother, the cook at the legendary Double W ranch in Ivan Doig's beloved Two Medicine Country of the Montana Rockies, a landscape that gives full rein to an eleven-year-old's imagination. But when Gram has to have surgery for "female trouble" in the summer of 1951, all she can think to do is to ship Donal off to her sister in faraway Manitowoc, Wisconsin. There Donal is in for a rude surprise: Aunt Kate—bossy, opinionated, argumentative, and tyrannical—is nothing like her sister. She henpecks her good-natured husband, Herman the German, and Donal can't seem to get on her good side either. After one contretemps too many, Kate packs him back to the authorities in Montana on the next Greyhound. But as it turns out, Donal isn't traveling solo: Herman the German has decided to fly the coop with him. In the immortal American tradition, the pair light out for the territory together, meeting a classic Doigian ensemble of characters and having rollicking misadventures along the way. Charming, wise, and slyly funny, *Last Bus to Wisdom* is a last sweet gift from a writer whose books have bestowed untold pleasure on countless readers.
