Automotive Mascots Veloce Publishing Ltd
"A nostalgic look at how Austin bounced back after WWII, and how, despite the severe materials shortage, it managed to develop the largest range of vehicles produced by any auto maker in post-war Britain."--Back cover.

Ford Escort RS Cosworth & World Rally Car Veloce Publishing Ltd
The Escort RS Cosworth, which started rallying in 1993, was one of the most ingenious designs of all time, and eventually became Ford's most successful since the legendary Escorts of the 1970s. Because it was smaller, lighter, and more nimble than any of the Sierras, the combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions. With five World victories in its first season, and success all around the world in later years, it was seen in every continent, in all conditions. To meet a change in regulations, the Escort World Rally Car took over in 1997, and also enjoyed years of success.

How to Build a Successful Low-Cost Rally Car
Veloce Publishing Ltd

A new, comprehensive guide to motoring and transport museums offering a fresh conversation on their role and the portrayal of our motoring history. Written by a long-established motoring writer with wide experience of driving and the fettling of old cars all over the world. This new motor museum companion includes: British motoring and transport museums guide via descriptions and photographs. 90 British museums described. Comprehensive world motor museum listing: over 350 global museums cited. Out-takes from visits to selected overseas museums. Provides a glossary of old-car/motorcycle terms and types to assist the museum visitor and old car enthusiast. Discusses the museum culture and its new age. Visits to many museums by the author were self-funded: he paid his own way.

Gas Mileage Guide Pen and Sword Transport Farm model collecting has become increasingly popular with people of all ages. Britains, a leading manufacturer, have a long and distinctive history of producing these models. This book is the first comprehensive fully illustrated guide for those interested in collecting them. The book describes all the baler and combine models produced by Britains since they were first added to its farm model range 40 years ago, and also provides details of their development. As well as standard models, this includes details and photographs of prototype and rare models. The history is complemented by a catalog describing the main features, differences,

issue dates and codes of each model produced. Each is illustrated with six color photographs showing the model from different angles and the issue packaging. The Sportscar & Kitcar Suspension & Brakes High-Performance Manual Veloce Publishing Ltd Includes a tenth anniversary issue, dated Nov. 1945.

Service Instructions for Rolls-Royce Cars (1930)BoD – Books on Demand
DK Eyewitness Travel Guide California Veloce Publishing Ltd

Together with his colleagues at Citro ë n, Andre Lefebvre created the Traction Avant (1934), the TUB (1939) – Citro ë n's first front wheel drive utility van that was succeeded by the H and HY vans (1947) – the Deux Chevaux (1948), and, last but not least, the DS

(1955). From 1923 to 1931 Lefebvre also designed several highly original and outstanding competition cars and record-breaking automobiles for Voisin. He even drove some of these cars in races and record attempts. It is obvious that during his 16 years with Gabriel Voisin he was very much influenced by the ideas of this illustrious aviation pioneer and car manufacturer. The experience gained during that period gave him the self-confidence to persuade his successive bosses at Citroën that his unorthodox approach to automobile design was what the company needed; first he convinced André Citroën, later Pierre Michelin, then Pierre-Jules Boulanger, and finally Robert Puiseux and Pierre Bercot. His oeuvre for Citroën alone earns him a place of honour among the great automobile designers of the past century. The fact that most present-

day cars still carry the DNA of his design philosophy makes him stand out above other automotive pioneers and innovators. That is why it is amazing that so little is known about this fascinating and brilliant engineer. This book was written in order to remedy that, and to pay tribute to André Lefebvre: the passionate pioneer who left car enthusiasts around the world such an important heritage.

Gas Mileage Guide. 1979. Second Edition Veloce Publishing Ltd

A full colour guide to British radiator and accessory mascots of 1896 to 1960 compiled by two leading experts in the field. Packed with information and stunning pictures, this comprehensive guide is a must for collectors and would-be collectors. As well as detailing the authors' collecting experiences, the book tells the reader how to get started, where to buy and - very importantly - how to spot fakes. 54 British marque mascots are covered, as are mascots

produced by corporations such as ICI and the accessory mascots which owners could purchase to individualise their cars

Gas Mileage Guide. 1980. Second Edition

Veloce Publishing Ltd

Here is an introduction to the whole cult of the dune buggy, from its earliest beginnings as a crude off-road vehicle in the 1920s, to the explosion of glassfibre-bodied and VW-based fun cars that became the cult transport of teenagers everywhere in the 1960s and 1970s. With histories, production details, dates and identification tips for over 70 US and UK buggies, this book will help identify the many marques that have been produced over the years. Using period photographs and archive material, combined with amazing contemporary photography, the book is a visual feast, and also contains sections on buggies and celebrities for those that want to spot pop stars, TV hosts and racing drivers posing with period vehicles.
