Books on Demand Motor Lulu.com Society is crumbling before Jake McCluskie's eyes. A desperate tension fills the streets as frightened people attempt to flee. The clock is ticking down to zero, but Jake has already lost all hope. As an extinction-class meteorite rockets toward Earth, Jake knows the end is near. But he is going nowhere or so he thinks. Jake, a one-time promising

author and now full-time bus driver, is still grieving and angry after the murder of his wife three years ago. Although he has chosen to live out his last days at home with his cat, Jake soon learns destiny has other plans for him. He has been chosen to fix time and it is no easy repair. With crazed killers lurking everywhere, Jake embarks on a heart-pounding race through the empty streets of Queens, New York, in search of the Timekeeper the

Lyle Antiques Price Guide Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. The Flying Lady

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas

spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side,

giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific

dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which includes a database on

CD-ROM) is a complete reference tool for everything you need to know about the car, truck and specialty vehicles business, including: Automotive industry trends and market research; Mergers, acquisitions, globalization; Automobile manufacturers; Truck makers; Makers of specialty vehicles such as RVs; Automobile loans, insurance and

other financial services; Dealerships; Components manufacturers; Retail auto parts stores; E-commerce ; and much, much more. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. This book also includes statistical tables, an automobile industry glossary, industry contacts and

thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of the 400 leading companies in all facets of the automobile industry. Purchasers may also receive a free copy of the company profiles database on CD-ROM. Catalog of Copyright Entries. Third Series Popular Science gives our readers the information
