Together in one volume -- Hanif Kureishi's highly acclaimed and controversial novel, *Intimacy*, and, available for the first time, his latest collection of provocative short stories, *Midnight All Day*. Jay, the narrator of *Intimacy*,

tells his story on the night he is preparing to leave his lover, Susan, and their two boys. Stripping away all posturing and self-justification, Hanif Kureishi explores the fears and desires that drive a man to leave a woman. *Midnight All Day* is an astonishing, darkly comic collection of new stories, in which Kureishi confirms his reputation as one of

our foremost chroniclers of the loveless, the lost and the dispossessed. The characters are familiar in the cultural landscape of the nineties: frustrated and intoxicated, melancholic and sensitive, yet capable of great cruelty, and if necessary, willing to break the constraints of an old life to make way for the new.

“When They Are Done with Us” by Patricia Smith was selected for inclusion in *The Best American Mystery Stories 2013*, edited by Otto Penzler and Lisa Scottoline Brand-new stories by: Bill Loehfelm, S.J. Rozan, Ted Anthony, Todd Craig, Ashley Dawson, Bruce DeSilva, Louisa Ermelino, Binnie Kirshenbaum, Michael Largo, Mike Penncavage, Linda Nieves-Powell, Patricia Smith, Shay Youngblood,

and Edward Joyce. "Staten Island, the last of New York City's five boroughs to enter Akashic's noir series, severs as the setting for this exceptionally strong anthology." --Publishers Weekly (starred review) "Smith's introduction is a revelation. She knows the Island I have in my head. It was like finding a literary sibling, separated since birth." --Washington Independent "It's not enough for noir to be dark. It's got to be bad-ass. Its	horrible beauty have got to hit you like a spiked heel dragged from your guts to your gullet. It's got to twist the hot knife of passion in that soft space right below your belly while pumping bullets into your heart. It's got to make you bleed. Akashic Books' latest in their noir series, Staten Island Noir features some dusky and drop-dead gorgeous gems (emphasis on the dead) that do just that." --Grub Street Daily "Staten Island is the	forgotten borough, lacking a subway system, left out of Jay-Z's songs, known for organized crime, bad accents, fake tans, and garbage--which makes it a rich setting for Akashic's noir series...In a thrilling tilt-a-whirl of crime and drama, editor Patricia Smith has carefully chosen writers concerned with the true nature of the small suburban borough." --Electric Literature's "The Outlet" "Each story in this enjoyable collection has its own charms, if the words
--	---	---

'enjoyable' or 'charms' can be used with these dark tales, and each can stand-alone. However, if, like me, you had always looked at Staten Island as banal and benign, by the book's end your ideas will be forever changed." --ReviewingTheEvidence.com

Sam is a supervisor with a knack for solving problems; Jane is a binge alcoholic raising her prodigious daughter Clare on her own; and Calvin is a rebel out to fight the system. These strangers are ripped from the streets of their city and awake in the middle of a feud between the murderous military and a band of anti-government guerillas. After two days, the new friends are taken back home...almost...to find that nearly four years have passed. They soon determine the truth, that an

incident far in the future has created a pendulum, one that crisscrosses time and space and draws ever nearer to the disaster that created it. Can four people stop the disaster before it kills tens of millions?

THE following translation was undertaken from a desire to lay before the English-speaking people the full treasury of epic beauty, folklore, and mythology comprised in The Kalevala (the Land of Heroes, the national epic of

the Finns.) The Kalevala describes Finnish nature very minutely and very beautifully. Grimm says that no poem is to be compared with it in this respect. A deeper and more esoteric meaning of the Kalevala, however, points to a contest between Light and Darkness. The numerous myths of the poem are likewise full of significance and beauty, and the Kalevala should be read between the lines, in order that the full meaning of this great epic may be comprehended. The whole

poem is replete with the most fascinating folk-lore about the mysteries of nature, the origin of things, the enigmas of human tears, and, true to the character of a national epic, it represents not only the poetry, but the entire wisdom and accumulated experience of a nation. One of the most notable characteristics of the Finnish mythology is the interdependence among the gods. The Finnish deities, like the ancient gods of Italy and Greece, are generally represented in pairs. They have their individual abodes

and are surrounded by their respective families. The Sun and the Moon each have a consort, and sons and daughters. Only two sons of Paeivae appear in The Kalevala, one comes to aid of Wainamoinen in his efforts to destroy the mystic Fire-fish, by throwing from the heavens to the girdle of the hero, a "magic knife, silver-edged, and golden-handled;" the other son, Panu, the Fire-child, brings back to Kalevala the fire that had been stolen by Louhi, the wicked hostess of Pohyola. 10% of the net
