Engineering an Empire: The Aztecs - gmshistory.net

Chronologically, the first engineering accomplishment featured in Rome: Engineering an Empire is the creation of a great sewer system, the cloaca maxima, which allowed the hilltop villages to consolidate, but the story presented by Rome: Engineering an Empire begins with the end of the Republic and Julius Caesar, whose engineering marvel was the building of a 1000-foot wooden bridge over the Rhine River in 10 days for Caesar's legions to cross. Military needs also dictated the construction ...
