You may not be perplexed to enjoy all book collections Roosevelt The Lion And Fox 1882 1940 James Macgregor Burns that we will utterly offer. It is not roughly the costs. Its more or less what you obsession currently. This Roosevelt The Lion And Fox 1882 1940 James Macgregor Burns, as one of the most practicing sellers here will certainly be in the midst of the best options to review.

Dead Center Basic Books

“ One of the most interesting and useful books ever written on networking. ” —Adam Grant Social Chemistry will utterly transform the way you

think about “ networking. ” Understanding the contours of your social network can dramatically enhance personal relationships, work life, and even your global impact. Are you an Expansionist, a Broker, or a Convener? The answer matters more than you think. . . . Yale professor Marissa King shows how anyone can build more meaningful and productive relationships based on insights from neuroscience, psychology, and network analytics. Conventional wisdom says it's the size of your network that matters, but social science research has proven there is

more to it. King explains that the quality and structure of our relationships has the greatest impact on our personal and professional lives. As she illustrates, there are three basic types of networks, so readers can see the role they are already playing: Expansionist, Broker, or Convener. This network decoder enables readers to own their network style and modify it for better alignment with their life plans and values. High-quality connections in your social network strongly predict cognitive functioning, emotional resilience, and

satisfaction at work. A well-structured network is likely to boost the quality of your ideas, as well as your pay. Beyond the office, social connections are the lifeblood of our health and happiness. The compiled results from dozens of previous studies found that our social relationships have an effect on our likelihood of dying prematurely—equivalent to obesity or smoking. Rich stories of Expansionists like Vernon Jordan, Brokers like Yo-Yo Ma, and Conveners like Anna Wintour, as well as personal experiences from King's own world of connections, inform

this warm, engaging, revelatory investigation into some of the most consequential decisions we can make about the trajectory of our lives.

"With this profound and magnificent book, drawing on his deep reservoir of thought and expertise in the humanities, James MacGregor Burns takes us into the fire's center. As a 21st-century philosopher, he brings to vivid life the incandescent personalities and ideas that embody the best in Western civilization and shows us how understanding them is essential for anyone who would seek to decipher the complex

problems and potentialities of the world we will live in tomorrow." --Michael Beschloss, New York Times bestselling author of *Presidential Courage: Brave Leaders and How They Changed America, 1789-1989* "James MacGregor Burns is a national treasure, and *Fire and Light* is the elegiac capstone to a career devoted to understanding the seminal ideas that made America - for better and for worse - what it is." --Joseph J. Ellis, Pulitzer Prize and National Book Award winning author *Revolutionary Summer* Pulitzer Prize-winning and bestselling historian James MacGregor Burns explores the most daring and transformational intellectual movement in history,

the European and American Enlightenment In this engaging, provocative history, James MacGregor Burns brilliantly illuminates the two-hundred-year conflagration of the Enlightenment, when audacious questions and astonishing ideas tore across Europe and the New World, transforming thought, overturning governments, and inspiring visionary political experiments. *Fire and Light* brings to vivid life the galaxy of revolutionary leaders of thought and action who, armed with a new sense of human possibility, driven by a hunger for change, created the modern world. Burns discovers the origins of a distinctive American

Enlightenment in men like the Founding Fathers Benjamin Franklin, John Adams, Thomas Jefferson, and James Madison, and their early encounters with incendiary European ideas about liberty and equality. It was these thinker-activists who framed the United States as a grand and continuing experiment in Enlightenment principles. Today the same questions Enlightenment thinkers grappled with have taken on new urgency around the world: in the turmoil of the Arab Spring, in the former Soviet Union, and China, as well as in the United States itself. What should a nation be? What should citizens expect from their government? Who should lead and how can

leadership be made both effective and accountable? What is happiness, and what can the state contribute to it? Burns's exploration of the ideals and arguments that formed the bedrock of our modern world shines a new light on these ever-important questions.

Fire and Light Open Road Media

The longest-serving President in American history, Franklin D Roosevelt led the nation through its two most lethal challenges of the 20th century - the Great Depression and the

Second World War. This is a collection of FDR's most stirring speeches, from his First Inaugural Address ("the only thing we have fear is fear itself"), to his speeches outlining the New Deal and opposing the "economic royalty" ("I welcome their hatred"), to his call for a declaration of war with Japan ("a date which will live in infamy"), the Atlantic Charter, and his joint statement with Stalin and Churchill at Yalta.

A riveting new account
of Theodore
Roosevelt's
impassioned crusade
for military
preparedness as
America fitfully
stumbles into World
War I, spectacularly
punctuated by his
unique tongue-lashings
of the vacillating
Woodrow Wilson, his
rousing advocacy of a
masculine, pro-Allied
"Americanism," a death-
defying compulsion for
personal front-line
combat, a gingerly

rapprochement with GOP
power brokers—and, yes,
perhaps, even another
presidential campaign.
Roosevelt is a towering
Greek god of war. But
Greek gods beget Greek
tragedies. His own
entreaties to don the
uniform are rebuffed,
and he remains
stateside. But his four
sons fight "over there"
with heartbreaking
consequences: two are
wounded; his youngest
and most loved child
dies in aerial combat.
Yet, though grieving
and weary, TR may yet
surmount everything

with one monumentally
odds-defying last
triumph. Poised at the
very brink of a final
return to the White
House, death stills his
indomitable spirit. In
his lively, witty, blow-
by-blow style, David
Pietrusza captures,
through the lens of the
Bull Moose, the 1916
presidential campaign,
America's entry into
the Great War in 1917,
Woodrow Wilson's
presidency, and the
last years of one of
American history's
greatest men, who said
on his death bed at the

age of sixty, "I promised myself that I would work up to the hilt until I was sixty, and I have done it. I have kept my promise..." Pietrusza not only transports readers with his dramatic portraits of TR, his hated rival Wilson, and politics in wild flux but also poignantly chronicles the horrific price a family pays in war.

The Pulitzer Prize–winning author 's stunning trilogy of

American history, spanning the birth of the Constitution to the final days of the Cold War. In these three volumes, Pulitzer Prize– and National Book Award–winner James MacGregor Burns chronicles with depth and narrative panache the most significant cultural, economic, and political events of American history. In *The Vineyard of Liberty*, he combines the color and texture of early American life with meticulous scholarship. Focusing on the tensions leading up to the Civil War, Burns brilliantly shows how Americans

became divided over the meaning of Liberty. In *The Workshop of Democracy*, Burns explores more than a half-century of dramatic growth and transformation of the American landscape, through the addition of dozens of new states, the shattering tragedy of the First World War, the explosion of industry, and, in the end, the emergence of the United States as a new global power. And in *The Crosswinds of Freedom*, Burns offers an articulate and incisive examination of the US during its rise to become the world 's sole

superpower—through the Great Depression, the Second World War, the Cold War, and the rapid pace of technological change that gave rise to the “ American Century. ”

Franklin D. Roosevelt, consensus choice as one of three great presidents, led the American people through the two major crises of modern times. The first volume of an epic two-part biography, *Franklin D. Roosevelt: Road to the New Deal, 1882-1939* presents FDR from a privileged Hyde

Park childhood through his administrative practices leadership in the Great Depression to the ominous buildup to global war. Roger Daniels revisits the sources and closely examines Roosevelt's own words and deeds to create a twenty-first century analysis of how Roosevelt forged the modern presidency. Daniels's close analysis yields new insights into the expansion of Roosevelt's economic views; FDR's steady mastery of the complexities of federal

and possibilities; the ways the press and presidential handlers treated questions surrounding his health; and his genius for channeling the lessons learned from an unprecedented collection of scholars and experts into bold political action. Revelatory and nuanced, *Franklin D. Roosevelt: Road to the New Deal, 1882-1939* reappraises the rise of a political titan and his impact on the country he remade.

In this revolutionary book,

a renowned computer
scientist explains the
importance of teaching
children the basics of
computing and how it can
prepare them to succeed in
the ever-evolving tech
world. Computers have
completely changed the way
we teach children. We have
Mindstorms to thank for
that. In this book,
pioneering computer
scientist Seymour Papert
uses the invention of LOGO,
the first child-friendly
programming language, to
make the case for the value
of teaching children with
computers. Papert argues
that children are more than

capable of mastering
computers, and that
teaching computational
processes like de-bugging
in the classroom can change
the way we learn
everything else. He also
shows that schools
saturated with technology
can actually improve
socialization and interaction
among students and
between students and
teachers. Technology
changes every day, but the
basic ways that computers
can help us learn remain.
For thousands of teachers
and parents who have
sought creative ways to
help children learn with

computers, Mindstorms is their bible.

The Grey King Houghton Mifflin Harcourt

“ A brilliant full-length portrait of Franklin Roosevelt the politician ” —the first in an award-winning two-volume biography (The Christian Science Monitor). Franklin Delano Roosevelt was the longest serving president in United States history, reshaping the country during the crises of the Great Depression and World War II. But before his ascension to the presidency, FDR laid the groundwork for his

unprecedented run with decades of canny political maneuvering and steady consolidation of power. In this remarkable New York Times – bestselling biography, Pulitzer Prize – winning historian James MacGregor Burns traces FDR ’ s rise and the peculiar blend of strength and cunning that made him such a uniquely transformative figure. Weaving together lively narrative and impressive scholarship, Burns reconstructs his youth and education at Groton and Harvard, his relationships with his cousins Theodore

and Eleanor, his immersion in New York State politics, and his rise to national prominence, all the way through his first two terms as president, which saw the historic New Deal take hold and the drumbeats of World War II begin. Originally published in 1956, *The Lion and the Fox* was among the first studies of Roosevelt—and it remains a landmark record of his ambitions, talents, and flaws. Hailed by the *New York Times* as “ a sensitive, shrewd, and challenging book ” and by *Newsweek* as “ a case study unmatched in American political writings, ”

Burns' s stunning achievement is the life story of a fascinating political figure. Roosevelt Oxford University Press The " engrossing " Pulitzer Prize and National Book Award – winning history of FDR ' s final years (Barbara Tuchman). The second entry in James Macgregor Burns ' s definitive two-volume biography of Franklin Delano Roosevelt begins with

the president ' s precedent-breaking third term election in 1940, just as Americans were beginning to face the likelihood of war. Here, Burns examines Roosevelt ' s skillful wartime leadership as well as his vision for post-war peace. Hailed by William Shirer as " the definitive book on Roosevelt in the war years, " and by bestselling author Barbara Tuchman as " engrossing,

informative, endlessly readable, " The Soldier of Freedom is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges, sacrifices, heroism, and hardship. Roosevelt Simon and Schuster A masterful, concise biography of Theodore Roosevelt, America's first modern president New York State Assemblyman, Assistant Secretary of the Navy, Governor of New York,

Vice President and, at forty-two, the youngest President ever--in his own words, Theodore Roosevelt "rose like a rocket." In *Lion in the White House*, historian Aida Donald masterfully chronicles Roosevelt's life and his presidency. TR's accomplishments in office were immense. Believing that the emerging aristocracy of wealth represented a genuine threat to democracy, TR broke trusts to curb the rapacity of big business. He built the Panama Canal

and engaged the country in world affairs. And he won the Nobel Peace Prize--the first sitting president ever so honored. Throughout his public career, TR fought valiantly to steer the GOP back to its noblest ideals as embodied by Abraham Lincoln. Alas, his hopes for his party were quashed by the GOP's strong rightward turn in the years after he left office. But his vision for America lives on. In lapidary prose, this concise biography

recounts the courageous life of one of the greatest leaders our nation has ever known.

The Lion and the Fox Crown

A Pulitzer Prize – winning historian 's dramatic biography of Franklin Delano Roosevelt, US president during the Depression and WWII. Franklin Delano Roosevelt was the longest serving president in US history, reshaping the country during the crises of the Great Depression and World War II. James MacGregor Burns ' s magisterial two-volume

biography tells the complete life story of the fascinating political figure who instituted the New Deal. Roosevelt: The Lion and the Fox (1882 – 1940): Before his ascension to the presidency, FDR laid the groundwork for his unprecedented run with decades of canny political maneuvering and steady consolidation of power. Hailed by the New York Times as “ a sensitive, shrewd, and challenging book ” and by Newsweek as “ a case study unmatched in American political writings, ” The Lion and the Fox details Roosevelt ’ s youth and education, his rise to national prominence, all the way through his first two terms as president. Roosevelt: The Soldier of Freedom (1940 – 1945): The Pulitzer Prize and National Book Award – winning history of FDR ’ s final years examines the president ’ s skillful wartime leadership as well as his vision for postwar peace. Acclaimed by William Shirer as “ the definitive book on Roosevelt in the war years, ” and by bestselling author Barbara Tuchman as “ engrossing, informative, endlessly readable, ” The Soldier of Freedom is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges. Tarzan and the Lion Man Penguin The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency.

Beloved and hated, times at home and threats abroad. To tell the saga of Jackson ' s presidency, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will – or face his formidable wrath. The

venerated and reviled, Jackson ' s presidency, the acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama – the family, the women, and the inner circle of advisers – that shaped Jackson ' s private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the

greatest of the presidents who have followed Jackson in the White House – from Lincoln to Theodore Roosevelt to FDR to Truman – have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and

vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe – no matter what it took. TR's Last War Simon and Schuster The Great Depression and the New Deal. For generations, the collective American consciousness has believed that the former ruined the country and the latter saved it. Endless praise has been heaped upon President Franklin

Delano Roosevelt for masterfully reining in the Depression 's destructive effects and propping up the country on his New Deal platform. In fact, FDR has achieved mythical status in American history and is considered to be, along with Washington, Jefferson, and Lincoln, one of the greatest presidents of all time. But would the Great Depression have been so catastrophic had the

New Deal never been implemented? In FDR's Folly, historian Jim Powell argues that it was in fact the New Deal itself, with its shortsighted programs, that deepened the Great Depression, swelled the federal government, and prevented the country from turning around quickly. You'll discover in alarming detail how FDR's federal programs hurt America more than helped it, with effects we still feel today, including:

- How Social Security actually increased unemployment
- How higher taxes undermined good businesses
- How new labor laws threw people out of work
- And much more

This groundbreaking book pulls back the shroud of awe and the cloak of time enveloping FDR to prove convincingly how flawed his economic policies actually were, despite his good intentions and the astounding intellect of his circle of advisers. In today's turbulent domestic and global environment, eerily similar to that of the 1930s, it's more important than ever before to uncover and understand the truth of our history, lest we be doomed to repeat it.

Mindstorms Rowman & Littlefield
 An entertaining and eye-opening biography of America's most

memorable first daughter From the moment Teddy Roosevelt's outrageous and charming teenage daughter strode into the White House—carrying a snake and dangling a cigarette—the outspoken Alice began to put her imprint on the whole of the twentieth-century political scene. Her barbed tongue was as infamous as her scandalous personal life, but whenever she talked, powerful people

listened, and she reigned for eight decades as the social doyenne in a town where socializing was state business. Historian Stacy Cordery's unprecedented access to personal papers and family archives enlivens and informs this richly entertaining portrait of America's most memorable first daughter and one of the most influential women in twentieth-century

American society and politics.

FDR -- the wily political opportunist glowing with charismatic charm, a

leader venerated and hated with equal vigor -- such is one common notion of a president elected to an unprecedented four terms. But in this first comprehensive study of Roosevelt's leadership of the Democratic party, Sean Savage reveals a different man. He contends that, far from being a mere opportunist, Roosevelt brought to the party a conscious agenda, a longterm strategy of creating a liberal Democracy that would be

an enduring majority force in American politics. The roots of Roosevelt's plan for the party ran back to his experiences with New York politics in the 1920s. It was here, Savage argues, that Roosevelt first began to perceive that a pluralistic voting base and a liberal philosophy offered the best way for Democrats to contend with the established Republican organization. With the collapse of the economy in 1929 and the discrediting of Republican

fiscal policy, Roosevelt was ready to carry his views to the national scene when elected president in 1932. Through his analysis of the New Deal, Savage shows how Roosevelt made use of these programs to develop a policy agenda for the Democratic party, to establish a liberal ideology, and, most important, to create a coalition of interest groups and voting blocs that would continue to sustain the party long

after his death. A significant aspect of Roosevelt's leadership was his reform of the Democratic National Committee, which was designed to make the party's organization more open and participatory in setting electoral platforms and in raising financial support. Savage's exploration of Roosevelt's party leadership offers a new perspective on the New Deal era and on one of America's great presidents that will be

valuable for historians and political scientists alike. American Lion Sterling Publishing Company, Inc. A strange boy and dog remind Will Stanton that he is an immortal, whose quest is to find the golden harp which will rouse others from a long slumber in the Welsh hills so they may prepare for the ultimate battle of Light versus Dark. Fear Itself: The New Deal and the Origins of Our Time

University of Illinois Press In politics, the man who takes the highest spot after a landslide is not standing on solid ground. In this riveting work of narrative nonfiction, Jonathan Darman tells the story of two giants of American politics, Lyndon Johnson and Ronald Reagan, and shows how, from 1963 to 1966, these two men—the same age, and driven by the same heroic ambitions—changed American politics forever. The liberal and the conservative. The deal-making arm twister and the cool communicator. The

Texas rancher and the Hollywood star. Opposites in politics and style, Johnson and Reagan shared a defining impulse: to set forth a grand story of America, a story in which he could be the hero. In the tumultuous days after the Kennedy assassination, Johnson and Reagan each, in turn, seized the chance to offer the country a new vision for the future. Bringing to life their vivid personalities and the anxious mood of America in a radically transformative time, Darman shows how, in promising the impossible, Johnson and Reagan jointly

dismantled the long American tradition of consensus politics and ushered in a new era of fracture. History comes to life in Darman ' s vivid, fly-on-the wall storytelling. Even as Johnson publicly revels in his triumphs, we see him grow obsessed with dark forces he believes are out to destroy him, while his wife, Lady Bird, urges her husband to put aside his paranoia and see the world as it really is. And as the war in Vietnam threatens to overtake his presidency, we witness Johnson desperately struggling to compensate with ever more

extravagant promises for his Great Society. On the other side of the country, Ronald Reagan, a fading actor years removed from his Hollywood glory, gradually turns toward a new career in California politics. We watch him delivering speeches to crowds who are desperate for a new leader. And we see him wielding his well-honed instinct for timing, waiting for Johnson ' s majestic promises to prove empty before he steps back into the spotlight, on his long journey toward the presidency. From Johnson ' s election in 1964, the

greatest popular-vote landslide in American history, to the pivotal 1966 midterms, when Reagan burst forth onto the national stage, Landslide brings alive a country transformed—by riots, protests, the rise of television, the shattering of consensus—and the two towering personalities whose choices in those moments would reverberate through the country for decades to come. Praise for Landslide “ Richly detailed . . . Landslide is a vivid retelling of a tumultuous three years in American history, and Mr. Darman captures in full the

personalities and motives of two of the twentieth century ’ s most consequential politicians. ” —The New York Times “ Novel and even surprising . . . Landslide deftly reminds readers that Johnson and Reagan both trafficked in grandiose oratory and promoted utopian visions at odds with the social complexity of modern America. ” —The Washington Post “ Riveting . . . Darman portrays [Johnson and Reagan] as polar opposites of political attraction. . . . Animated by the artful insight that they were men of disappointment

headed toward an appointment with history . . . A tale about myths and a nation that believed them, about a world of a half century ago now gone forever. ” —The Boston Globe “ Alert to the subtleties of politics and political history, Darman, a former correspondent for Newsweek, nimbly explores delusion and self-delusion at the highest levels. ” —The New York Times Book Review
