The Lion and the Fox Oxford University Press

"With this profound and magnificent book, drawing on his deep reservoir of thought and expertise in the humanities, James MacGregor Burns takes us into the fire's center. As a 21st-century philosopher, he brings to vivid life the incandescent personalities and ideas that embody the best in Western civilization and shows us how understanding them is essential for anyone who would seek to decipher the complex problems and potentialities of the world we will live in tomorrow." --Michael Beschloss, New York Times bestselling author of *Presidential Courage: Brave Leaders and How They Changed America, 1789-1989* "James MacGregor Burns is a national treasure, and *Fire and Light* is the elegiac capstone to a career devoted to understanding the seminal ideas that made America - for better and for worse - what it is." --Joseph J. Ellis, Pulitzer Prize and National Book Award winning author *Revolutionary Summer* Pulitzer Prize-winning and bestselling historian James MacGregor Burns explores the most daring and transformational intellectual movement in history, the European and American Enlightenment In this engaging, provocative history, James MacGregor Burns brilliantly illuminates the two-hundred-year conflagration of the Enlightenment, when audacious questions and astonishing ideas tore across Europe and the New World, transforming thought, overturning governments, and inspiring visionary political experiments. *Fire and Light* brings to vivid life the galaxy of revolutionary leaders of thought and action who, armed with a new sense of human possibility, driven by a hunger for change, created the modern world. Burns discovers the origins of a distinctive American Enlightenment in men like the Founding Fathers Benjamin Franklin, John Adams, Thomas Jefferson, and James Madison, and their early encounters with incendiary European ideas about liberty and equality. It was these thinker-activists who framed the United States as a grand and continuing experiment in Enlightenment principles. Today the same questions Enlightenment thinkers grappled with have taken on new urgency around the world: in the turmoil of the Arab Spring, in the former Soviet Union, and China, as well as in the United States itself. What should a nation be? What should citizens expect from their government? Who should lead and how can leadership be made both effective and accountable? What is happiness, and what can the state contribute to it? Burns's exploration of the ideals and arguments that formed the bedrock of our modern world shines a new light on these ever-important questions.

FDR -- the wily political opportunist glowing with charismatic charm, a leader venerated and hated with equal vigor -- such is one common notion of a president elected to an unprecedented four terms. But in this first comprehensive study of Roosevelt's leadership of the Democratic party, Sean Savage reveals a different man. He contends that, far from being a mere opportunist, Roosevelt brought to the party a conscious agenda, a longterm strategy of creating a liberal Democracy that would be an enduring majority force in American politics. The roots of Roosevelt's plan for the party ran back to his experiences with New York politics in the 1920s. It was here, Savage argues, that Roosevelt first began to perceive that a pluralistic voting base and a liberal philosophy offered the best way for Democrats to contend with the established Republican organization. With the collapse of the economy in 1929 and the discrediting of Republican fiscal policy, Roosevelt was ready to carry his views to the national scene when elected president in 1932. Through his analysis of the New Deal, Savage shows how Roosevelt made use of these programs to develop a policy agenda for the

Democratic party, to establish a liberal ideology, and, most important, to create a coalition of interest groups and voting blocs that would continue to sustain the party long after his death. A significant aspect of Roosevelt's leadership was his reform of the Democratic National Committee, which was designed to make the party's organization more open and participatory in setting electoral platforms and in raising financial support. Savage's exploration of Roosevelt's party leadership offers a new perspective on the New Deal era and on one of America's great presidents that will be valuable for historians and political scientists alike.

#1 NEW YORK TIMES BESTSELLER • Pulitzer Prize – winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH ' S " BOOKS THAT HELP ME THROUGH " • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the " better angels of our nature " have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women ' s rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson ' s crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, " The good news is that we have come through such darkness before " —as, time and again, Lincoln ' s better angels have found a way to prevail. Praise for *The Soul of America* " Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time. " —Walter Isaacson " Gripping and inspiring, *The Soul of America* is Jon Meacham ' s declaration of his faith in America. " —Newsday " Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia. " —USA Today *Roosevelt: The Soldier of Freedom (1940–1945)* Open Road Media The "engrossing" Pulitzer Prize and National Book Award-winning history of FDR's final years (Barbara Tuchman). The second entry in James Macgregor Burns's definitive two-volume biography of Franklin Delano Roosevelt begins with the president's precedent-breaking third term election in 1940, just as Americans were beginning to face the likelihood of war. Here, Burns examines Roosevelt's skillful wartime leadership as well as his vision for post-war peace. Hailed by William Shirer as "the definitive book on Roosevelt in the war years," and by bestselling author Barbara Tuchman as "engrossing, informative, endlessly readable," *The Soldier of Freedom* is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges, sacrifices, heroism, and hardship.

Roosevelt Crown

This coloring book chronicles the 26th president's progress from sickly boyhood to life as a cowboy and Rough Rider and from his career in politics to his pioneering role in conservation.

Basic Books

The longest-serving President in American history, Franklin D Roosevelt led the nation through its two most lethal challenges of the 20th century - the Great Depression and the Second World War. This is a collection of FDR's most stirring speeches, from his First Inaugural Address ("the only thing we have fear is fear itself"), to his speeches outlining the New Deal and opposing the "economic royalty" ("I welcome their hatred"), to his call for a declaration of war with Japan ("a date which will live in infamy"), the Atlantic Charter, and his joint statement with Stalin and Churchill at Yalta.

A Pulitzer Prize – winning historian examines transformational leaders from Moses to Machiavelli to Martin Luther King Jr. in this " impressive book " (The Washington Post). Historian and political scientist James MacGregor Burns has spent much of his career documenting the use and misuse of power by leaders throughout history. In this groundbreaking study, Burns examines the qualities that make certain leaders—in America and elsewhere—succeed as transformative figures. Through insightful anecdotes and historical analysis, Burns scrutinizes the charisma, vision, and persuasive power of individuals able to imbue followers with a common sense of purpose, from the founding fathers to FDR, Gandhi to Napoleon. Since its original publication in 1970, *Leadership* has set the standard for scholarship in the field.

The Great Depression and the New Deal. For generations, the collective American consciousness has believed that the former ruined the country and the latter saved it. Endless praise has been heaped upon President Franklin Delano Roosevelt for masterfully reining in the Depression ' s destructive effects and propping up the country on his New Deal platform. In fact, FDR has achieved mythical status in American history and is considered to be, along with Washington, Jefferson, and Lincoln, one of the greatest presidents of all time. But would the Great Depression have been so catastrophic had the New Deal never been implemented? In *FDR ' s Folly*, historian Jim Powell argues that it was in fact the New Deal itself, with its shortsighted programs, that deepened the Great Depression, swelled the federal government, and prevented the country from turning around quickly. You ' ll discover in alarming detail how FDR ' s federal programs hurt America more than helped it, with effects we still feel today, including: • How Social Security actually increased unemployment • How higher taxes undermined good businesses • How new labor laws threw people out of work • And much more This groundbreaking book pulls back the shroud of awe and the cloak of time enveloping FDR to prove convincingly how flawed his economic policies actually were, despite his good intentions and the astounding intellect of his circle of advisers. In today ' s turbulent domestic and global environment, eerily similar to that of the 1930s, it ' s more important than ever before to uncover and understand the truth of our history, lest we be doomed to repeat it.

NATIONAL BESTSELLER - "A model presidential biography... Now, at last, we have a biography that is right for the man" - Jonathan Yardley, The Washington Post Book World One of today ' s premier biographers has written a modern, comprehensive, indeed ultimate book on the epic life of Franklin Delano Roosevelt. In this superlative volume, Jean Edward Smith combines contemporary scholarship and a broad range of primary source material to provide an engrossing narrative of one of America ' s greatest presidents. This is a portrait painted in broad strokes and fine details. We see how Roosevelt ' s restless energy, fierce intellect, personal magnetism, and ability to project effortless grace permitted him to master countless challenges throughout his life. Smith recounts FDR ' s battles with polio and physical disability, and how these experiences helped forge the resolve that FDR used to surmount the economic turmoil of the Great Depression and the wartime threat of totalitarianism. Here also is FDR ' s private life depicted with unprecedented candor and nuance, with close attention paid to the four women who molded his personality and helped to inform his worldview: His mother, Sara Delano Roosevelt, formidable yet ever supportive and tender; his wife, Eleanor, whose counsel and

affection were instrumental to FDR ' s public and individual achievements; Lucy Mercer, the great romantic love of FDR ' s life; and Missy LeHand, FDR ' s longtime secretary, companion, and confidante, whose adoration of her boss was practically limitless. Smith also tackles head-on and in-depth the numerous failures and miscues of Roosevelt ' s public career, including his disastrous attempt to reconstruct the Judiciary; the shameful internment of Japanese-Americans; and Roosevelt ' s occasionally self-defeating Executive overreach. Additionally, Smith offers a sensitive and balanced assessment of Roosevelt ' s response to the Holocaust, noting its breakthroughs and shortcomings. Summing up Roosevelt ' s legacy, Jean Smith declares that FDR, more than any other individual, changed the relationship between the American people and their government. It was Roosevelt who revolutionized the art of campaigning and used the burgeoning mass media to garner public support and allay fears. But more important, Smith gives us the clearest picture yet of how this quintessential Knickerbocker aristocrat, a man who never had to depend on a paycheck, became the common man ' s president. The result is a powerful account that adds fresh perspectives and draws profound conclusions about a man whose story is widely known but far less well understood. Written for the general reader and scholars alike, FDR is a stunning biography in every way worthy of its subject.

[The Daily Show \(The Book\)](#) Courier Corporation

The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson ' s election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson ' s presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama — the family, the women, and the inner circle of advisers — that shaped Jackson ' s private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will — or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House — from Lincoln to Theodore Roosevelt to FDR to Truman — have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe — no matter what it took.

"The urgent question of our time is whether we can make change our friend and not our enemy....To renew America, we must be bold...must revitalize our democracy....Together with our friends and allies, we will work to shape change, lest it engulf us." With those inaugural words, William Jefferson Clinton began his first term as President of the United States. Now, a Pulitzer Prize-winning historian and a former White House aide provide the first penetrating, thoughtful evaluation of President Clinton's leadership. Before he was voted into office, Bill Clinton told the authors in an interview that he wanted to be a transforming leader, a president who would fashion real and lasting change in peoples' lives, in the tradition of Franklin Delano Roosevelt. But how has this president, who has sought to lead from the center with his vice president, Al Gore, and the First Lady, Hillary Rodham Clinton, measured up against his own stated goals and the aspirations and performances of other presidents since World War II? From the health care debacle and the 1994 midterm elections that swept the Republicans to a majority in both houses of Congress to the effect of scandal and impeachment on his ability to govern, Dead Center examines the leadership style of Bill Clinton and offers a forceful challenge to the strategy of centrism. There is no more respected presidential historian than James MacGregor Burns, author of several acclaimed books on leadership and the Pulitzer Prize-winning study of Franklin D. Roosevelt. Georgia J. Sorenson adds her own insights as a political scientist and presidential scholar. Their combined efforts have resulted in an incisive, informative, authoritative work and an absorbing read.

[Leadership](#) Roosevelt: The Lion and the Fox (1882 – 1940)

A Pulitzer Prize – winning historian ' s dramatic biography of Franklin Delano Roosevelt, US president during the Depression and WWII. Franklin Delano Roosevelt was the longest serving president in US history, reshaping the country during the crises of the Great Depression and World War II. James MacGregor Burns ' s magisterial two-volume biography tells the complete life story of the fascinating political figure who instituted the New Deal. Roosevelt: The Lion and the Fox (1882 – 1940): Before his ascension to the presidency, FDR laid the groundwork for his unprecedented run with decades of canny political maneuvering and steady consolidation of power. Hailed by the New York Times as “ a sensitive, shrewd, and challenging book ” and by Newsweek as “ a case study unmatched in American political writings, ” The Lion and the Fox details Roosevelt ' s youth and education, his rise to national prominence, all the way through his first two terms as president. Roosevelt: The Soldier of Freedom (1940 – 1945): The Pulitzer Prize and National Book Award – winning history of FDR ' s final years examines the president ' s skillful wartime leadership as well as his vision for postwar peace. Acclaimed by William Shirer as “ the definitive book on Roosevelt in the war years, ” and by bestselling author Barbara Tuchman as “ engrossing, informative, endlessly readable, ” The Soldier of Freedom is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges.

[Tarzan and the Lion Man](#) Houghton Mifflin Harcourt

A riveting new account of Theodore Roosevelt ' s impassioned crusade for military preparedness as America fitfully stumbles into World War I, spectacularly punctuated by his unique tongue-lashings of the vacillating Woodrow Wilson, his rousing advocacy of a masculine, pro-Allied “ Americanism, ” a death-defying compulsion for personal front-line combat, a gingerly rapprochement with GOP power brokers—and, yes, perhaps, even another presidential campaign. Roosevelt is a towering Greek god of war. But Greek gods begat Greek tragedies. His own entreaties to don the uniform are rebuffed, and he remains stateside. But his four sons fight “ over there ” with heartbreaking consequences: two are wounded; his youngest and most loved child dies in aerial combat. Yet, though grieving and weary, TR may yet surmount everything with one monumentally odds-defying last triumph. Poised at the very brink of a final return to the White House, death stills his indomitable spirit. In his lively, witty, blow-by-blow style, David Pietrusza captures, through the lens of the Bull Moose, the 1916 presidential campaign, America ' s entry into the Great War in 1917, Woodrow Wilson ' s presidency, and the last years of one of American history ' s greatest men, who said on his death bed at the age of sixty, “ I promised myself that I would work up to the hilt until I was sixty, and I have done it. I have kept my promise.... ” Pietrusza not only transports readers with his dramatic portraits of TR, his hated rival Wilson, and politics in wild flux but also poignantly chronicles the horrific price a family pays in war.

[Roosevelt Lion and the Fox 1882](#) Penguin

Since the original publication of this classic book in 1979, Roosevelt's foreign policy has come under attack on three main points: Was Roosevelt responsible for the confrontation with Japan that led to the attack at Pearl Harbor? Did Roosevelt "give away" Eastern Europe to Stalin and the U.S.S.R. at Yalta? And, most significantly, did Roosevelt abandon Europe's Jews to the Holocaust, making no direct effort to aid them? In a new Afterword to his definitive history, Dallek vigorously and brilliantly defends Roosevelt's policy. He emphasizes how Roosevelt operated as a master politician in maintaining a national consensus for his foreign policy throughout his presidency and how he brilliantly achieved his policy and military goals.

The Pulitzer Prize – winning author ' s stunning trilogy of American history, spanning the birth of the Constitution to the final days of the Cold War. In these three volumes, Pulitzer Prize – and National Book Award – winner James MacGregor Burns chronicles with depth and narrative panache the most significant cultural, economic, and political events of American history. In The Vineyard of Liberty, he combines the color and texture of early American life with meticulous scholarship. Focusing on the tensions leading up to the Civil War, Burns brilliantly shows how Americans became divided over the meaning of Liberty. In The Workshop of Democracy, Burns explores more than a half-century of dramatic growth and transformation of the American landscape, through the addition of dozens of new states, the shattering tragedy of the First World War, the explosion of industry, and, in the end, the emergence of the United States as a new global power. And in The Crosswinds of Freedom, Burns offers an articulate and incisive examination of the US during its rise to become the world ' s sole superpower—through the Great Depression, the Second World War, the Cold War, and the rapid pace of technological change that gave rise to the “ American Century. ”

A great safari had come to Africa to make a movie. It had struggled through the jungle in great ten-ton trucks, equipped with all the advantages of civilization. But now it was halted, almost destroyed by the poisoned arrows of the savage Bansuto tribe. There was no way to return. And ahead lay the strange valley of diamonds, where hairy gorillas lived in their town of London on the Thames, ruled by King Henry the Eighth. Behind them came Tarzan of the Apes with the Golden

Lion, seeking the man who might have been his twin brother in looks - though hardly in courage! The Lion and the Fox Simon and Schuster

In this revolutionary book, a renowned computer scientist explains the importance of teaching children the basics of computing and how it can prepare them to succeed in the ever-evolving tech world. Computers have completely changed the way we teach children. We have Mindstorms to thank for that. In this book, pioneering computer scientist Seymour Papert uses the invention of LOGO, the first child-friendly programming language, to make the case for the value of teaching children with computers. Papert argues that children are more than capable of mastering computers, and that teaching computational processes like de-bugging in the classroom can change the way we learn everything else. He also shows that schools saturated with technology can actually improve socialization and interaction among students and between students and teachers. Technology changes every day, but the basic ways that computers can help us learn remain. For thousands of teachers and parents who have sought creative ways to help children learn with computers, Mindstorms is their bible.
