The Rosetta Stone of Science is a useful and practical guide to presenting scientific research in the English language. It is written specifically for scientists who would like to improve the effectiveness with which they use the English language and improve their communicative skills in order to become published and develop more confidence in presenting their work at international conferences. Part 1 of the book covers the style preferred by today's leading journals, discusses how to prepare models for writing research papers, and provides advice for writing abstracts, proposals, and editing. Examples of cover letters are also given. Part 2 discusses the various arts and techniques used by successful presenters at scientific conferences. The content of the book is presented in a light, simple and informative manner making The Rosetta Stone of Science an entertaining and instructive read. This book will prove invaluable to all scientists, research fellows, post-docs, and graduate students whose first language is not English.

Writing and Presenting in English Penguin

"English is so illogical!" It is generally believed that English is a language of exceptions. For many, learning to spell and read is frustrating. For some, it

is impossible... especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide Uncovering the Logic of English challenges the notion that English is illogical by systematically explaining English spelling and answering questions like "Why is there a silent final E in have, large, and house?" and "Why is discussion spelled with -sion rather than -tion?" With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as $1+1=2$. [English for Everyone: Level 1: Beginner, Practice Book](#) Heinemann Educational Books

Modern Brazilian Portuguese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The book is divided into two sections: Part A provides exercises based on essential grammatical structures Part B practises everyday functions (e.g making social contact, asking questions and expressing needs) A comprehensive answer key at the back of the book enables you to check on your progress. Modern Brazilian Grammar Workbook is ideal for all learners who have a basic knowledge of Brazilian Portuguese, including undergraduates taking Brazilian Portuguese as a major or minor part of their studies, as well as intermediate and advanced students in schools and adult education. It can be used independently or in conjunction with Modern Brazilian Portuguese Grammar: A Practical Guide.

English Grammar for Students of Spanish Routledge

Suitable for students learning with or without a teacher, Intermediate German, together with its sister volume, Basic German, forms a structured course of the essentials of German grammar.

[A Long Walk to Water](#) Assimil France

Winner of the Kobayashi Hideo Award, The Fall of Language in the Age of English lays bare the struggle to retain the brilliance of one's

own language in this period of English-language dominance. Born in Tokyo but raised and educated in the United States, Minae Mizumura acknowledges the value of a universal language in the pursuit of knowledge yet also embraces the different ways of understanding offered by multiple tongues. She warns against losing this precious diversity. Universal languages have always played a pivotal role in advancing human societies, Mizumura shows, but in the globalized world of the Internet, English is fast becoming the sole common language of humanity. The process is unstoppable, and striving for total language equality is delusional—and yet, particular kinds of knowledge can be gained only through writings in specific languages. Mizumura calls these writings "texts" and their ultimate form "literature." Only through literature and, more fundamentally, through the diverse languages that give birth to a variety of literatures, can we nurture and enrich humanity. Incorporating her own experiences as a writer and a lover of language and embedding a parallel history of Japanese, Mizumura offers an intimate look at the phenomena of individual and national expression.

[Berlitz Japanese-English, English-Japanese Dictionary](#) Houghton Mifflin Harcourt

English need not be intimidating The first time that a student is exposed to advanced vocabulary elements in any language is always special. It is crucial to get things right at this important point of a learner's language journey. Do it right, and the student will be able to get ahead in the most convenient possible way. Get it wrong, and it will take a long time to repair the damage. This book will help ESL and TEFL teachers get it right. It is primarily targeted at advanced learners of English as a Second Language, and features words that are challenging. There are many apps and games that help us learn languages in a fun and exciting way. From the gamification inherent in apps like Duolingo and Rosetta Stone, to more traditional approaches in brick and mortar language classes, language learning has always seen a variety of pedagogical approaches. This book offers an interesting - and successful - new take on the age-old problem of building up one's vocabulary in a new language quickly and at minimal cost. Learning English has many aspects: it is important to learn basic grammar and sentence structure. It is also very important to have a large bank of words to draw from, so that you can understand all the important parts of a conversation, and also so that you can read a book or watch a movie and follow most of what's going on without needing to use a dictionary or rely too heavily on the subtitles. Within this book, you will learn hundreds of new English words through the medium of multiple fun and engaging word game formats. The book can be read in two ways: it can either be approached as a serious puzzle book by people who are 3-12

months into a English course, and are looking to take their vocabulary size to the next level, in a way that is more interesting and entertaining than the tried and tested method of going through a dictionary and memorizing word after word. It can also be used by people who are just starting off on their English journey. I have provided the meanings, in English, of every English word featured in this book; this will help any reader go through the answers and learn the words, before going back to the questions after a while, and trying to guess those words in a different order. All the very best!

Language and Learning Rockridge Press

PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. Practice makes perfect with this exciting guide to learning English. Rosetta Stone Columbia University Press

Designed for non-native speakers, these bilingual, up-to-date dictionaries include many new words that have entered the language in recent years. Boasting 50,000-60,000 entries, Berlitz Reference dictionaries are perfect

for students, translators, tourists, and businesspeople. Custom front matter in each volume enables readers to learn the intricacies of the language: for example, the Spanish/English Dictionary includes the basics of standard Spanish pronunciation, and the Japanese/English Dictionary features a table of Japanese symbols.

English as a Second Language Crown

Follow along as one sneeze turns a town upside down! Just one "KA-CHOO" causes a whole chain of hilarity, from a splashing turtle to a wet hen, to a flying policeman, a sinking boat, and just about everyone crashing a circus parade! Readers young and old will be entertained by this silly story. So turn the page and find out what could possibly happen next! Originally created by Dr. Seuss himself, Beginner Books are fun, funny, and easy to read. These unjacketed hardcover early readers encourage children to read all on their own, using simple words and illustrations. Smaller than the classic large format Seuss picture books like *The Lorax* and *Oh, The Places You ' ll Go!*, these portable packages are perfect for practicing readers ages 3-7, and lucky parents too!

The Delights of Learning Turkish Cambridge University Press

This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

Basic Grammar in Use Elsevier Science Limited
