Interestingly, ROTEL do not advertise the fact that the construction and components used are the same as the higher power (and more expensive) models, making this amp more of a bargain. The 70 W per channel rating is imho conservative, as it seems to peak higher than that, and provided you use efficient speakers, should be ample for rock, classical and more intimate jazz music.

For all its undoubted (and well-documented) expertise where

budget stereo amplifiers are concerned, Rotel has bitten off a mouthful at this step-up price level. It's chosen to launch its handsome new RA-1520 right into an already fiercely contested sector, where anything other than a bull's-eye, performance-wise, is going to leave it struggling to compete against the champ amps.
