## **The East Bay Dragons MC and the Black Biker Set Simon and Schuster**

“A powerful story of punk-rock inspiration and a great rock bio” (Rolling Stone), now in paperback. When the Ramones recorded their debut album in 1976, it heralded the true birth of punk rock. Unforgettable front man Joey Ramone gave voice to the disaffected youth of the seventies and eighties, and the band influenced the counterculture for decades to come. With honesty, humor, and grace, Joey’s brother, Mickey Leigh, shares a fascinating, intimate look at the turbulent life of one of America’s greatest—and unlikeliest—music icons. While the music lives on for new generations to discover, *I Slept with Joey Ramone* is the enduring portrait of a man who struggled to find his voice and of the brother who loved him.

*Rock 'n' Roll Star* Vintage

In November 1977, Warner Bros. secured the rights to release the album *Never Mind The*

*Bollocks*, Here's the Sex Pistols in America. The following January, the Sex Pistols--already the "scourge" of Britain--were discovered by unsuspecting American audiences in an infamous U.S. tour, accompanied by sensational media coverage and moral panic. Malcolm McLaren, the band's manager, eschewed the established rock 'n' roll markets of New York and Los Angeles in favor of off-the-radar venues in Memphis, San Antonio and Baton Rouge, sowing the seeds for countercultural clashes in the conservative South. Two weeks later the band split up but punk had invaded mainstream American culture. Drawing on input from fans, the author chronicles the Pistols' first and only U.S. tour and separates fact from fallacy in the mythology surrounding those 12 days of mayhem.

---

Simon Reynolds celebrates the futurist spirit of such bands as Joy Division, Gang of Four, Talking Heads, and Devo, which resulted in endless innovations in music, lyrics, performance, and style and continued into the early eighties with the video-savvy synth-pop of groups such as Human League, Depeche Mode, and Soft Cell, whose success coincided with the rise of MTV. Full of insight and anecdotes and populated by charismatic characters, *Rip It Up and Start Again* recreates the idealism, urgency, and excitement of one of the most important and challenging periods in the history of popular music.

### Soul on Bikes Motorbooks International

Take a romp through the long eighteenth-century in this collection of 25 short tales. Marvel at the Queen's Ass, gaze at the celestial heavens through the eyes of the past and be amazed by the equestrian feats of the Norwich Nymph. Journey to the debauched French court at Versailles, travel to Covent Garden and take your seat in a box at the theatre and, afterwards, join the mile-high club in a new-fangled hot air balloon. Meet actresses, whores and high-born ladies, politicians, inventors, royalty and criminals as we travel through the Georgian era in all its glorious and gruesome glory. In roughly chronological order, covering the reign of the four Georges, 1714-1730 and set within the framework of the main events of the era, these tales are accompanied by over 100 stunning color illustrations.

The Fateful U.S. Tour, January 1978 Omnibus Press

“Honest and moving . . . Her painful tale is engrossing.” —Washington Post Book World For most of us, it was just another horrible headline. But for Deborah Spungen, the mother of Nancy, who was stabbed to death at the Chelsea Hotel, it was both a relief and a tragedy. Here is the incredible story of an infant who never stopped screaming, a toddler who attacked people, a

teenager addicted to drugs, violence, and easy sex, a daughter completely out of control—who almost destroyed her parents' marriage and the happiness of the rest of her family.

### Tales from the Long Eighteenth Century Serpents Tail

John Lydon has secured prime position as one of the most recognizable icons in the annals of music history. As Johnny Rotten, he was the lead singer of the Sex Pistols - the world's most notorious band, who shot to fame in the mid-1970s with singles such as 'Anarchy in the UK' and 'God Save the Queen'. So revolutionary was his influence, he was even discussed in the Houses of Parliament, under the Traitors and Treasons Act, which still carries the death penalty. Via his music and invective he spearheaded a generation of young people across the world who were clamouring for change - and found it in the style and attitude of this most unlikely figurehead. With his next band, Public Image Ltd (PiL) Lydon expressed an equally urgent impulse in his make-up - the constant need to reinvent himself, to keep moving. From their beginnings in 1978 he set the groundbreaking template for a band that continues to challenge and thrive in the 2010s. He also found time for making innovative new dance records with the likes of Afrika Baambaata and Leftfield. Following the release of a solo record in 1997, John took a sabbatical from his music career into other media, most memorably his own Rotten TV show for VH1 and as the most outrageous contestant ever on *I'm a Celebrity*. . . . *Get Me Out of Here!* He then fronted the *Megabugsseries* and one-off nature documentaries and even turned his hand to a series of much loved TV advertisements for Country Life butter. Lydon has remained a compelling and

---

dynamic figure - both as a musician, and, thanks to his outspoken, controversial, yet always heartfelt and honest statements, as a cultural commentator. The book a fresh and mature look back on a life full of incident from his beginnings as a sickly child of immigrant Irish parents who grew up in post-war London, to his present status as a vibrant, alternative national hero.

### A Mother's Story of Her Daughter's Murder Crown

The author relates her odyssey through the world of gynecological medicine in an attempt to diagnose a mysterious disorder, and addresses larger questions that arise when sexual pleasure is replaced by pain.

Please Kill Me Grove Press

RottenNo Irish, No Blacks, No DogsMacmillan

Tales from a Sex Pistol Random House

NEW YORK TIMES BESTSELLER \* From

the author of Empire of Pain--a stunning,

intricate narrative about a notorious killing in Northern Ireland and its devastating

repercussions "Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this

meticulously reported book--as finely paced as a novel--Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both

sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga." --New York Times Book

Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and

paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the

dress--with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past--Say Nothing conjures a world of passion, betrayal, vengeance, and anguish. Look for Patrick Radden Keefe's latest bestseller, Empire of Pain Lonely Boy Simon and Schuster

A group biography of '90s punk rock told through the prism of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and more Two decades after the Sex Pistols and the Ramones birthed punk music into the world, their artistic heirs burst onto the scene and changed the genre forever. While the punk originators remained underground favorites and were slow burns commercially, their heirs shattered commercial expectations for the genre. In 1994, Green Day and The Offspring each released their third albums, and the results were astounding. Green Day's Dookie went on to sell more than 15 million copies and The Offspring's Smash remains the all-time bestselling album released on an independent label. The times had changed, and so had the music. While many books, articles, and documentaries focus on the rise of punk in the '70s, few spend any substantial time on its resurgence in the '90s. Smash! is the first to do so, detailing the

---

circumstances surrounding the shift in '90s music culture away from grunge and legitimizing what many first-generation punks regard as post-punk, new wave, and generally anything but true punk music. With astounding access to all the key players of the time, including members of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and many others, renowned music writer Ian Winwood at last gives this significant, substantive, and compelling story its due. Punk rock bands were never truly successful or indeed truly famous, and that was that -- until it wasn't. Smash! is the story of how the underdogs finally won and forever altered the landscape of mainstream music. Rotten. No Irish, No Blacks, No Dogs: a autobiografía autorizada del cantante de los Sex Pistols y PiL Da Capo Press

Some dogs have a bark bigger than their bite. But Sweetie, The Great Dane, can't afford to bark -- or bite. After three little nips and three masters, the next stop is the pound. So when the burglar comes calling, he waves his tail. When coyotes come prowling, he tries to make peace -- as they howl in scorn. They promise they'll return -- to eat his food, his friends, Red the Irish Setter, Poky the Beagle, and Sweetie for dessert! If Sweetie can't protect them they'll all perish! How can he outfox twelve hungry coyotes?

### No Irish, No Blacks, No Dogs : the Authorised Autobiography : Johnny Rotten of the Sex Pistols Reynolds & Hearn

Glen Matlock was a founding member of the Sex Pistols and co-wrote most of their iconic songs. His story of the Pistols' rise to global infamy is an honest, insightful account of a group of intelligent malcontents, determined to change the music business and to attack hypocrisy and stale conventions in society at large. Glen brilliantly captures the flavour of seventies Britain and reveals the complexities and personality clashes that made the Pistols so explosive at that time. Also includes true tales of the Pistols reunion tours of 1996 and 2002. Never mind the other bollocks-filled books about the Sex Pistols, here's the

truth.

### Sid Vicious Penguin

Without the Sex Pistols there would be no punk. And without Steve Jones there would be no Sex Pistols. It was Steve who, with his schoolmate Paul Cook, formed the band that eventually went on to become the Sex Pistols and who was its original leader. As the world celebrates the 40th anniversary of punk -- the influence and cultural significance of which is felt in music, fashion, and the visual arts to this day--Steve tells his story for the very first time. Steve Jones's modern Dickensian tale began in the street of Hammersmith and Shepherd's Bush, West London, where as a lonely, neglected boy living off his wits and petty thievery he was given purpose by the glam art rock of David Bowie and Roxy Music. He became one of the first generation of ragamuffin punks taken under the wings of Malcolm McLaren and Vivienne Westwood. In Lonely Boy, Steve describes the sadness of never having known his real dad, the abuse he suffered at the hands of his stepfather, and how his interest in music and fashion saved him from a potential life of crime spent in remand centers and prisons. He takes readers on his journey from the Kings Road of the early '70s through the years of the Sex Pistols, punk rock, and the recording of "Anarchy in the UK" and Never Mind the Bollocks. He recounts his infamous confrontation on Bill Grundy's Today program -- the interview that ushered in the "Filth and the Fury" headlines that catapulted punk into the national consciousness. And he delves into the details of his self-imposed exile in New York and Los Angeles, where he battled alcohol, heroin, and sex addiction but eventually emerged to gain fresh acclaim as an actor and radio host. Lonely Boy is the story of an unlikely guitar hero who, with the Sex Pistols, transformed twentieth-century culture and kick-started a social revolution.

I Swear I Was There - Sex Pistols, Manchester and the Gig that Changed the World Simon and Schuster  
'Something Rotten' is a look at 14 major banking scandals in Ireland in the last 30 years. Ireland has developed and tolerated a culture of lax practice and weak regulation in its financial services sector. It took the

---

sensational revelations at various tribunals to uncover some of them.

The Sex Pistols Invade America Rizzoli Publications

The sharp, lyrical, and no-holds-barred autobiography of the iconoclastic writer and musician Richard Hell, charting the childhood, coming of age, and misadventures of an artist in an indelible era of rock and roll... From an early age, Richard Hell dreamed of running away. His father died when he was seven, and at seventeen he left his mother and sister behind and headed for New York City, place of limitless possibilities. He arrived penniless with the idea of becoming a poet; ten years later he was a pivotal voice of the age of punk, starting such seminal bands as Television, the Heartbreakers, and Richard Hell and the Voidoids—whose song "Blank Generation" remains the defining anthem of the era. Hell was significantly responsible for creating CBGB as punk ground zero; his Voidoids toured notoriously with the Clash, and Malcolm McLaren would credit Hell as inspiration for the Sex Pistols. There were kinetic nights in New York's club demi-monde, descent into drug addiction, and an ever-present yearning for redemption through poetry, music, and art. "We lived in the suburbs in America in the fifties," Hell writes. "My roots are shallow. I'm a little jealous of people with strong ethnic and cultural roots. Lucky Martin Scorsese or Art Spiegelman or Dave Chappelle. I came from Hopalong Cassidy and Bugs Bunny and first grade at ordinary Maxwell Elementary." How this legendary downtown artist went from a prosaic childhood in the idyllic Kentucky foothills to igniting a movement that would take over New York's and London's restless youth cultures—and spawn the careers of not only Hell himself, but a cohort of friends such as Tom Verlaine, Patti Smith, the Ramones, and Debbie Harry—is just part of the fascinating story Hell tells. With stunning powers of observation, he delves into the details of both

the world that shaped him and the world he shaped. An acutely rendered, unforgettable coming-of-age story, *I Dreamed I Was a Very Clean Tramp* evokes with feeling, clarity, and piercing intelligence that classic journey: the life of one who comes from the hinterlands into the city in search of art and passion.

[A Complete History of UK Punk from 1976 to 1980](#) Crown Archetype

Taking us back to late '70s and early '80s Hollywood—pre-crack, pre-AIDS, pre-Reagan—*We Got the Neutron Bomb* re-creates word for word the rage, intensity, and anarchic glory of the Los Angeles punk scene, straight from the mouths of the scenesters, zinesters, groupies, filmmakers, and musicians who were there. "California was wide-open sex—no condoms, no birth control, no morality, no guilt." —Kim Fowley "The Runaways were rebels, all of us were. And a lot of people looked up to us. It helped a lot of kids who had very mediocre, uneventful, unhappy lives. It gave them something to hold on to." —Cherie Currie "The objective was to create

---

something for our own personal satisfaction, because everything in our youthful and limited opinion sucked, and we knew better. ” —John Doe “ The Masque was like Heaven and Hell all rolled into one. It was a bomb shelter, a basement. It was so amazing, such a dive ... but it was our dive. ” —Hellin Killer “ At least fifty punks were living at the Canterbury. You ’ d walk into the courtyard and there ’ d be a dozen different punk songs all playing at the same time. It was an incredible environment. ” —Belinda Carlisle

Assembled from exhaustive interviews, *We Got the Neutron Bomb* tells the authentically gritty stories of bands like the Runaways, the Germs, X, the Screamers, Black Flag, and the Circle Jerks—their rise, their fall, and their undeniable influence on the rock ’ n ’ roll of today. *How a Mobster's Son and the FBI Brought Down Chicago's Murderous Crime Family* Ballantine Books

The provocative rock star describes his love affair with golf, reflecting on how he discovered the game, how it helped him overcome a self-destructive downward spiral into alcoholism, and how he evolved from hacker to scratch golfer to serious Pro Am competitor. Reprint. 30,000 first printing.

John Lydon: Stories of Johnny Simon and Schuster In 1976 music changed forever with the arrival of a self-empowering alternative to the bloated, sterile rock music of the day. Bands promoted their own gigs, designed their own artwork and organised their own pressing and distribution. Punk had landed. Alex Ogg conducted over 200 interviews with the participants - an endeavour that has resulted in a chronicle of the icons of the movement and a celebration of some of the lost bands of the era - not to mention the cash-ins and artistic failures. Includes detailed accounts of the career paths of the major players.

Postpunk 1978-1984 Anchor

A definitive celebration packed with previously unseen material of the original punk band—the group that defined a movement, energized a generation, and brought punk music and the safety-pin aesthetic to the mainstream. The Sex

Pistols have defined the look, sound, and feel of the punk movement since they formed in London in 1975. Together for less than three years—a short run that included just four singles and one studio album before they broke up in 1978—their impact on the musical and cultural landscape of the last forty years is nothing short of remarkable. The Sex Pistols—Johnny Rotten, Steve Jones, Paul Cook, and Glen Matlock (later to be replaced by Sid Vicious)—were brought together by the cultural impresario Malcolm McLaren. Between the cultivated attitude of the players themselves, the aggressive management of McLaren, and the tremendous success of their era-defining album *Never Mind the Bollocks Here ’ s the Sex Pistols*, the band embodied the punk spirit and colored the worlds of music, fashion, youth culture, and design forever. Published to coincide with the fortieth anniversary of the band ’ s formation, Johan Kugelberg and Jon Savage draw on an unprecedented wealth of material—from McLaren ’ s handwritten letters to never-before-seen photographs of the band, Jamie Reid ’ s iconic album artwork, and a range of ephemera from concert tickets to fanzines—to produce the most comprehensive visual history of the band ever produced and a bible of popular culture for years to come.
