Victory Undone Harvard University Press
From covert actions against insurgent groups and daring sabotage missions to precision strikes against fortified positions and reconnaissance deep behind enemy lines, the special forces units deployed by many nations are the spearhead of modern combat operations. Classified, the latest companion volume for Force on Force, allows wargamers to recreate any and all of them. With detailed background information, extensive orders of battle for the world's preeminent special forces units, and a range of scenarios, Classified gives Force on Force players a detailed and realistic experience of modern special operations missions across the globe.

Trigger Men Simon and Schuster
Hailed as "toweringly important" (Baltimore Sun), "a work of scrupulous and significant reportage" (E. L. Doctorow), and "an unforgettable historical drama" (Chicago Sun-Times), Big Trouble brings to life the astonishing case that ultimately engaged President Theodore Roosevelt, Supreme Court justice Oliver Wendell Holmes, and the politics and passions of an entire nation at century's

turn. After Idaho's former governor is blown up by a bomb at his garden gate at Christmastime 1905, America's most celebrated detective, Pinkerton James McParland, takes over the investigation. His daringly executed plan to kidnap the radical union leader "Big Bill" Haywood from Colorado to stand trial in Idaho sets the stage for a memorable courtroom confrontation between the flamboyant prosecutor, progressive senator William Borah, and the young defender of the dispossessed, Clarence Darrow. Big Trouble captures the tumultuous first decade of the twentieth century, when capital and labor, particularly in the raw, acquisitive West, were pitted against each other in something close to class war. Lukas paints a vivid portrait of a time and place in which actress Ethel Barrymore, baseball phenom Walter Johnson, and editor William Allen White jostled with railroad magnate E. H. Harriman, socialist Eugene V. Debs, gunslinger Charlie Siringo, and Operative 21, the intrepid Pinkerton agent who infiltrated Darrow's defense team. This is a grand narrative of the United States as it charged, full of hope and trepidation, into the twentieth century. *Hogs in the Shadows* Random House Books for Young Readers
This in-depth study of U.S. involvement in the modern Middle East carefully weighs the interplay of domestic, cultural, religious, diplomatic, international, and military events in

one of the world's most troubled regions. The monumental, five-volume *The Encyclopedia of Middle East Wars: The United States in the Persian Gulf, Afghanistan, and Iraq Conflicts* is a must-have resource for anyone seeking to comprehend U.S. actions in this volatile region. Under the expert editorship of Spencer C. Tucker, the encyclopedia traces 20th- and 21st-century U.S. involvement in the Middle East and south-central Asia, concentrating on the last three decades. Beginning with the 1980–1988 Iran-Iraq War, it covers the 1979–1989 Soviet occupation of Afghanistan, the 1991 Persian Gulf War, allied punitive actions against Iraq during the 1990s, the Afghanistan War, the Iraq War, and the Global War on Terror. Many smaller military actions against Iran, Iraq, Libya, Afghanistan, and other regimes that have been involved in international terrorism are also included. Diplomacy, religion as it pertains to Middle East conflict, and social/cultural developments are other key subjects of analysis, as is the interplay of politics with military policy in the United States and other nations involved in the region.

Bad Boy Hachette UK

The author, flight director in NASA's *Mission Control*, tells of the challenges in space flight from the very early years to the current time and of "his own bold suggestions about what we ought to be doing in space now."--Jacket.

Fighting Elites Penguin

With more than 1,100 cross-referenced entries covering every aspect of conflict in the Middle East, this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world. This authoritative and comprehensive encyclopedia covers all the key wars, insurgencies, and battles that have

occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty-first century. It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present. In addition to the hundreds of entries on major conflicts, military engagements, and diplomatic developments, the book also features entries on key military, political, and religious leaders. Essays on the major empires and nations of the region are included, as are overview essays on the major periods under consideration. The book additionally covers such non-military subjects as diplomacy, national and international politics, religion and sectarian conflict, cultural phenomena, genocide, international peacekeeping missions, social movements, and the rise to prominence of international terrorism. The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco-Persian Wars, the Crusades, and the Arab-Israeli Wars.

Special Operations Forces in Iraq
Random House

Frank Antenori chronicles the experiences he had while serving with the Green Berets Special Forces A-team in Iraq, focusing on their battle with heavily armed Iraqi forces on April 6, 2003.

Beyond Hell and Back Bloomsbury Publishing USA

Road to Baghdad gives Force on Force players all the information they need to re-fight the 2003 Allied invasion of Iraq. From deadly little firefights between Iraqi Fedayeen and US Special Forces to armored battles against Republican Guard

positions across the Tigris River, Road to Baghdad offers a wealth of varied scenarios and mission objectives that will challenge the tactical abilities of both new and experienced wargamers alike. With a wealth of new information to expand Force on Force, including detailed historical background and orders of battle for US, British and Iraqi forces during the invasion, Road to Baghdad allows players to really get to grips with the experiences of war in Iraq.

Army St. Martin's Press

New York Times bestselling

author Don Man and Lance Burton tell the history of the most respected and feared fighting force ever created—The US Navy SEALs. “For those brave souls—past, present, and future—and those who wish to honor them—their story is in the pages that follow.” From their birth in World War II as combat swimmers clearing the beaches of Normandy to their evolution into fighting men who could operate anywhere in the world by sea, air, or land, the intrepid story of the US Navy SEALs is one of courage, sacrifice, and world-renowned toughness that echoes of other great military units of history—the Spartans, the Roman legions, or the samurai.

Take a look inside to find out what makes the SEALs America's deadliest warriors. This is a narrative history; stories based on either direct experiences or exhaustive research. Mann and Burton take the reader through the inception of the Naval Combat Demolition Teams (NCDU) and Underwater Demolition Teams (UDT) during World War II, their testing and development in Korea and into the Vietnam War, where the SEALs truly laid the groundwork for their legendary status, and on into the

present day. The authors highlight the major steps and operations along the way, discuss the training and what it takes, and explore some of the most important moments in SEAL history. Navy SEALs Simon and Schuster There is a special breed of Marine for whom the prey is the enemy—and every day is hunting season. This Marine is a HOG—a Hunter of Gunmen. These are the gripping, gut-wrenching true stories of those Marines in Iraq whose sole purpose on the battlefield is to eliminate the enemy—one combatant at a time. Every time a HOG puts his eye to the glass, it means death for his target. Here, former Scout/Sniper Team leader Milo S. Afong reveals what it takes to be a Hunter of Gunmen. He describes the intensive training that turns expert infantrymen into one-shot life-takers, how they operate in the field—and under fire—and how HOGs get the job done under any conditions. From sniping from a rooftop in Baghdad, to unknowingly being surrounded in a palm grove in the city of Hit, these stories will transport you right into the heat of the desert war, where one squeeze of the trigger can make all the difference.

Memoirs Bloomsbury Publishing A fascinating insight into US and Coalition Special Forces operating in Iraq, Afghanistan, Somalia and Mali. Within weeks of 9/11, United States Special Operations Forces were dropping into Afghanistan to lead the war against Al Qaeda and the Taliban. For over a decade, special forces have been fighting a hidden war in Iraq, Pakistan, Syria, Somalia, Mali and Afghanistan,

facing off against a range of insurgents from organisations like al Qaeda, al Shabaab, Boko Haram and the Taliban. Leigh Neville draws on recently declassified material and first-hand-accounts from his SOF contacts to lift the veil of secrecy from these operations, giving an unprecedented blow-by-blow description of major Special Forces operations, culminating in SEAL Team 6's Operation Neptune Spear and the killing of Osama bin Laden. Detailing the special equipment, tactics, machinery and training that these Special Operatives received and used this impressive volume shows how the world's elite soldiers fought against overwhelming odds around the world.

HOGs in the Shadows Bloomsbury Publishing

Both a uniquely intimate look at what makes a sniper tick and a harrowing read filled with dramatic war tales, Trigger Men is a book about killing and what it takes to be the ultimate warrior. Hans Halberstadt takes readers deeper inside the elusive world of snipers than ever before, from recruitment and training to the brutality of the killing fields. Mixed into the thrilling narrative, for the first time ever in their own words, American combat snipers talk about what it is like to kill a man and what it takes to become one of the elite. Based on hundreds of hours of exclusive interviews, Halberstadt gets inside the sniper mind and shows how Shadow Team confidence led to success that led to even more aggressive operations. Readers will learn how snipers think and interact as

a team, how missions are planned and executed, how the weapons work, and even what happens when a bullet strikes its target.

U.S. Conflicts in the 21st Century [3 volumes] Mulholland Books

While America held its breath in the days immediately following 9/11, a small but determined group of CIA agents covertly began to change history. This is the riveting first-person account of the treacherous top-secret mission inside Afghanistan to set the stage for the defeat of the Taliban and launch the war on terror. As thrilling as any novel, First In is a uniquely intimate look at a mission that began the U.S. retaliation against terrorism – and reclaimed the country of Afghanistan for its people.

Between the World and Me St. Martin's Press

You don ' t need to be a trained soldier to fully appreciate this edition of the U.S. Army Improvised Munitions Handbook (TM 31-210). Originally created for soldiers in guerilla warfare situations, this handbook demonstrates the techniques for constructing weapons that are highly effective in the most harrowing of circumstances. Straightforward and incredibly user-friendly, it provides insightful information and step-by-step instructions on how to assemble weapons and explosives from common and readily available materials. Over 600 illustrations complement elaborate explanations of how to improvise any number of munitions from easily accessible resources. Whether you ' re a highly trained soldier or simply a

civilian looking to be prepared, the U.S. Army Improvised Munitions Handbook is an invaluable addition to your library. Roughneck Macmillan + ORM

Military doctors serving in Afghanistan usually spend their entire tour in the relatively safe confines of the main base. FOB Doc is the story of one Canadian doctor who spent nearly his entire tour in combat. Captain Ray Wiss was stationed at Forward Operating Bases — FOBs — in Khandahar province, the birthplace of the Taliban and the most intense zone combat in Afghanistan. He shares the 'terror and boredom' of the front-line soldier's life in this candid personal diary. One day, he might be participating in combat operations, treating severe and bloody injuries and coping with the deaths of fellow soldiers, both Afghans and NATO allies; another day, he might be writing about the challenges of going to the latrine in sub-zero weather. FOB Doc is heartbreaking and hilarious, often on the same page.

U.S. Army Improvised Munitions Handbook Bloomsbury Publishing

From Army Rangers to Green Berets to the U.S. Navy SEAL team that killed Osama bin Laden, this book explains what makes Special Forces "special," covering the rich and varied history of elite formations in American military history and describing their recruitment, intense training, and equipment in depth. Most civilians have only a vague idea of what the U.S. Special Forces are all about—who they are, how they differ from our "normal" military forces, what they've accomplished

throughout our history, and how they operate today. Fighting Elites: A History of U.S. Special Forces examines the rich and varied history of U.S. Special Forces, identifies their contributions to specific conflicts from colonial times forward, and highlights their present operational excellence. In this first-ever reference guide to U.S. Special Forces, military historian John C. Fredriksen provides a carefully balanced presentation, describing all units in their own detailed section that discusses their origins, recruitment, training, tactics, and equipment, and defining military engagements, if known. The text also contains 20 biographical entries of noted personalities associated with special purpose activities.

Military Review D & M Publishers

When she discovers that her boyfriend is cheating on her, Sydney, a 22-year-old college student, must decide what to do next, especially when she becomes captivated by her mysterious neighbor Ridge.

Whittington St. Martin's Paperbacks

In 2007-08, Dr. Ray Wiss, a former infantry officer, served with the Canadian Forces at forward operating bases in Khandahar's Panjwayi valley, the area experiencing the most intense combat in Afghanistan. He spent more time in the combat area than any other Canadian physician, and his successful first book, FOB Doc, was the diary of his time "outside the wire" during that tour of duty. Captain Wiss' experience in Afghanistan convinced him that this conflict was a rare example of a moral war. When asked to return for an even longer tour of duty in the combat zone,

he readily agreed. Once again, he kept a diary, writing with passion about the efforts, sacrifices and achievements of those Canadians who served with such distinction. Illustrated with over 100 colour photographs, *A Line in the Sand* tells us about virtually every kind of soldier fighting in Afghanistan: the bomb technician, the engineer, the combat medic, the "grunt" as well as about the Afghans, from whom we are seemingly so different yet with whom we share so much. It is an impassioned insider's view of the war in Afghanistan and a convincing testament to why it matters.

[Big Trouble](#) Nadores Pub & Research "[A] book about modern-day military snipers and the missions they face daily"--Foreword

FOB Doc Douglas & McIntyre Hells Angels and fallen televangelist Ted Haggard. Cross-country truckers and suburban mothers.

Trailer parks, gay sex clubs, college campuses, and military battlefields. In this fascinating book, Frank Owen traces the spread of methamphetamine—meth—from its origins as a cold and asthma remedy to the stimulant wiring every corner of American culture. Meth is the latest "epidemic" to attract the attention of law enforcement and the media, but like cocaine and heroin its roots are medicinal. It was first synthesized in the late nineteenth century and applied in treatment of a wide range of ailments; by the 1940s meth had become a wonder drug, used to treat depression, hyperactivity, obesity, epilepsy, and addictions to

other drugs and alcohol. Allied, Nazi, and Japanese soldiers used it throughout World War II, and the returning waves of veterans drove demand for meth into the burgeoning postwar suburbs, where it became the "mother's helper" for a bored and lonely generation. But meth truly exploded in the 1960s and '70s, when biker gang cooks using burners, beakers, and plastic tubes brought their expertise from California to the Ozarks, the Southwest, and other remote rural areas where the drug could be manufactured in kitchen labs. Since then, meth has been the target of billions of dollars in federal, state, and local anti-drug wars. Murders, violent assaults, thefts, fires, premature births, and AIDS—risers in all of these have been blamed on the drug that crosses classes and subcultures like no other. Acclaimed journalist Frank Owen follows the users, cooks, dealers, and law enforcers to uncover a dramatic story being played out in cities, small towns, and farm communities across America. *No Speed Limit* is a panoramic, high-octane investigation by a journalist who knows firsthand the powerful highs and frightening lows of meth.

[The Encyclopedia of Middle East Wars \[5 volumes\]](#) Penguin

This three-volume reference work provides an up-to-date presentation and analysis of the U.S. wars of the 21st century, addressing their backgrounds, causes, courses, and consequences. It serves as an indispensable resource for students seeking to understand the role of

the United States in the world today. Addressing the U.S. conflicts in Iraq, Afghanistan, and the Global War on Terror from the year 2001 to the present, this comprehensive, three-volume encyclopedia covers the significant individuals, key events, and important places involved in these recent military events. Beginning with the rise of Al Qaeda in the 1990s and the attacks on September 11, 2001, and covering events through ISIS's dramatic surge in Iraq and Syria, the hundreds of detailed entries also examine historical trends; nations and ethnicities involved in the conflicts; influential figures and organizations; economic, political, diplomatic, and cultural influences; wars, campaigns, and battles; and important weapons systems. The set's A – Z organization makes it an easy-to-use ready reference for high school and college students. Perspective essays on several controversial topics—such as the use of torture and the effects of the Patriot Act—serve to inspire readers to apply critical thinking. A detailed chronology is provided to help students place all the important events that have occurred in the Afghanistan War, Iraq War, and War on Terror. Each of the chronologically arranged primary documents is introduced with a brief overview to provide important background information and context.
