Rover V8 Engine Rebuild

Hi all, With Christmas coming up, I was thinking of treating myself to some engine upgrades, but wanted to find out how much of a nightmare it's going to be first. First off, a friend has given me some ported and flowed cylinder heads which were going to go into a Land Rover. Having rebuilt the V6 engine in my boat this summer, I'm pretty sure that would be a straightforward job.

For many reasons. First, the venerable 'Rover V8' is in whatever form a cast off 1950's Buick Engine. It really is not that complex, even in hugely tuned formats, and MS1 is vastly superior to what many think. MS2 is more expensive, far more complicated and to be honest debatable as to if you will gain much if anything vs MS1.
