Courageous, romantic, intelligent: Catherine Parr became the sixth wife of Henry VIII and her story, as Carolly Erickson recreates it, is riveting drama
Alice Scarecrow Press
Fascinating and authoritative of Britain's royal families from Henry VIII to Elizabeth I to Queen Victoria, by leading popular historian Alison Weir 'George III is alleged to have married secretly, on 17th April, 1759, a Quakeress called Hannah Lightfoot. If George III did make such a marriage...then his subsequent marriage to Queen Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful

heirs of George III being his children by Hannah Lightfoot...' Britain's Royal Families provides in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Drawing on countless authorities, both ancient and modern, Alison Weir explores the crown and royal family tree in unprecedented depth and provides a comprehensive guide to the heritage of today's royal family – with fascinating insight and often scandalous secrets. 'Staggeringly useful... combines solid information with tantalising appetisers.' Mail on Sunday

Bring Up the Bodies
St. Martin's Press
Depicting with humor and insight the pressure to be outwardly perfect, this novel for ages 10-13 shows how one girl develops compassion for her own and others' imperfections. For 13-year-old Isabelle Lee, whose father has recently died, everything's normal on the outside. Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum,

the prettiest girl in class, and the dynamics of the lunchroom, where tables are turf in a all-eyes-open awareness of everybody's relative social position. But everything is not normal, really. Since the death of her father, Isabelle's family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this,

but the underlying tension is expressed in overeating and then bingeing. As the novel opens, Isabelle's little sister, April, has told their mother about Isabelle's problem. Isabelle is enrolled in group therapy. Who should show up there, too, but Ashley Barnum, the prettiest, most together girl in class.

Women of Influence in Contemporary Music Farrar, Straus and Giroux

This book outlines the origins of Danish Capitalism and prosperity, from

a poor and devastated minor state in the 19th century to a consolidated universal mixed economy welfare state at the end of the 20th century. The book argues that firm-based innovation drove Danish prosperity and redistributive capacity. It is a comprehensive but manageable examination of the institutions and choices that shaped a highly innovative and wealthy nation. The book relies on history and economic theory,

presents commonly accepted narratives and theories, and contributes new explanations. Therefore, the book also traces both antecedents and the current state of 20th-century capitalism in Denmark and particular outcomes and critical institutions such as firm age, the labor market, and pension schemes. The book will be of interest to academics in business history and economic

policy, as well as policymakers and all those interested in mixed economy studies. Britain's Royal Families Macmillan Richard III ruled England for a mere twenty-six months, yet few English monarchs remain as compulsively fascinating, and none has been more persistently vilified. In his absorbing and universally praised account, Charles Ross assesses the king within the context of his violent age and

explores the critical questions of the reign: why and how Richard Plantagenet usurped the throne; the belief that he ordered the murder of "the Princes in the Tower"; the events leading to the battle of Bosworth in 1485; and the death of the Yorkist dynasty with Richard himself. In a new foreword, Professor Richard A. Griffiths identifies the attributes that have made Ross's account the leading

biography in the field, and assesses the impact of the research published since the book first appeared in 1981. "A fascinating study on a perennially fascinating topic... the base against which will be measured any future research."-- Times Higher Education Supplement

Bestselling historian Alison Weir tells the poignant, suspenseful and

sometimes tragic story of Elizabeth, the Yorkist King Edward IV and sister of the Princes in the Tower, a woman whose life was inextricably caught up in the turmoil of the Wars of the Roses and the establishment of the usurping Tudor dynasty. She was the wife of Henry VII and mother of Henry VIII. Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York,

Henry 's mother and Elizabeth 's grandmother, spanned one of England 's most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of

royalty. But after the death of her father; the disappearance and probable murder of her brothers—the Princes in the Tower; and the usurpation of the throne by her calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard’s wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be England’s rightful queen. Weir addresses Elizabeth’s possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth’s subsequent marriage to Henry united the houses of York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry’s firm grasp, but Weir shows that Elizabeth proved to be a model consort—pious and generous—who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long-overdue and much-deserved look at this unforgettable princess whose line descends to today’s British monarch—a woman who overcame tragedy and danger to become one of England’s most beloved consorts. Praise for Elizabeth of York “Weir tells Elizabeth’s story well. . . . She is a meticulous and scholar. . . . Most

important, Weir sincerely admires her subject, doing honor to an almost forgotten queen. ” —The New York Times Book Review “ In [Alison] Weir ’ s skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is a must-read for Tudor fans! ” —Historical Novels Review “ This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color

and authenticity. ” Booklist “ Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman. ” —Huntington News Last Stories Brepols Pub In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England ’ s medieval queens to life. The lives of England ’ s medieval

queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission. Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from the Norman conquest in

1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common mother of all England”; and

Empress Maud, contemporary England’s first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable

sources, Weir skillfully strips away centuries of romantic lore to share a balanced and authentic take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* “Best-selling author

[Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England's medieval queens. . . . Weir's research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work. " —Library Journal (starred review) " Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research. " —Kirkus Reviews Richard III Henry Holt and Company Contains brief biographies that examine the lives and reigns of the forty men and women who have ruled England from 1066 to 2006. [Connecting the Dots in World History, A Teacher's Literacy Based Curriculum](#) Springer Nature Taking advantage of material unavailable until the fall of the Soviet Union, Erickson portrays Alexandra's story as a closely observed, enthrallingly

documented, progressive psychological retreat from reality. The lives of the Romanovs were full of color and drama, but the personal life of Alexandra has remained enigmatic. Under Erickson's masterful scrutiny the full dimensions of the Empresses' singular psychology are revealed: her childhood bereavement, her long struggle to attain her

romantic goal of marriage to Nicholas, the anguish of her pathological shyness, her struggles with her in-laws, her false pregnancy, her increasing eccentricities and loss of self as she became more preoccupied with matters of faith, and her increasing dependence on a series of occult mentors, the most notorious of whom was Rasputin. With meticulous care, long

practiced skill, and generous imagination, Erickson crafts a character who lives and breathes. Death in Salem Simon and Schuster Spring/Summer 2003 [Thomas Becket](#) Simon and Schuster An exceptional event took place in London, England on May 20, 1910 as the funeral procession of King Edward VII wound its way through the streets of the British capital. Amidst bright sunshine, a magnificent panoply unfolded

before mourners and spectators who had spilled into London to witness a historic gathering and to pay their respects to their late King. Crowds estimated at 2.5 million people watched in reverent and awed silence as the funeral cortege passed before them. Of all the impressive sights that they beheld, the gun-carriage carrying the late King's body had made a profound impression. But so, too, did the unprecedented sight of nine reigning monarchs astride on their horses. For here gathered the monarchs of England, Spain,

Portugal, Greece, Belgium, Norway, Germany, Bulgaria, and Denmark to pay homage to King Edward VII. Follow these monarchs' lives whose stories are filled with drama, pathos, tragedy, and heroism. Alexandra Douglas Richardson This riveting book explores the little-known intimate life of Marie Antoinette and her milieu in a world filled with intrigue, infidelity, adultery, and sexually transmitted diseases. Will Bashor reveals the intrigue and debauchery of the Bourbon

kings from Louis XIII to Louis XV, which were closely intertwined with the expansion of Versailles from a simple hunting lodge to a luxurious and intricately ordered palace. It soon became a retreat for scandalous conspiracies and rendezvous—all hidden from the public eye. When Marie Antoinette arrived, she was quickly drawn into a true viper's nest, encouraged by her imprudent entourage. Bashor shows that her often thoughtless, fantasy-driven, and notorious antics were inevitable given her family history

and the alluring influences that surrounded her. Marie Antoinette's frivolous and flamboyant lifestyle prompted a torrent of scathing pamphlets, and Bashor scrutinizes the queen's world to discover what was false, what was possible, and what, although shocking, was most probably true. Readers will be fascinated by this glimpse behind the decorative screens to learn the secret language of the queen's fan and explore the dark passageways and staircases of endless intrigue at Versailles. Winter King Penguin Royal Panoply The Oxford Book of American Short Stories Ballantine Books Winner of the 2012 Man Booker Prize Winner of the 2012 Costa Book of the Year Award The sequel to Hilary Mantel's 2009 Man Booker Prize winner and New York Times bestseller, Wolf Hall delves into the heart of Tudor history with the downfall of Anne Boleyn Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give

him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious

struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? *Bring Up the Bodies* is one of *The New York Times'* 10 Best Books of 2012, one of *Publishers Weekly's* Top 10 Best Books of 2012 and one of *The Washington Post's* 10 Best Books of 2012. *Royal Panoply* Macmillan From the *New York Times*
